

FULMINARE PU-P05

FULMINARE Air Purifier PU-P05 Instruction Manual

Model: PU-P05

1. IMPORTANT SAFETY INSTRUCTIONS

- Read all instructions before using the appliance.
- Always unplug the air purifier before moving it, opening the bottom base cover, or changing the filter.
- Ensure the plastic packaging of the filter is removed before operating the air purifier.
- Do not block air inlets or outlets.
- Keep fingers, hair, and clothing away from moving parts.
- Do not use near water or in wet environments.
- Use only the provided charging adapter.
- Do not operate if the cord or plug is damaged.

2. PRODUCT OVERVIEW

The FULMINARE PU-P05 Air Purifier is designed to provide a cleaner and more pleasant environment in spaces up to 215 ft² / 20 m². It features an H13 True HEPA filter for efficient particle filtration, quiet operation, and a convenient night light.

Key Features:

- **Efficient Particle Filtration:** Utilizes an H13 True HEPA filter to capture 99.97% of 0.3-micron particles, including dust, pollen, pet dander, and smoke.
- **High Circulation Rate:** Dual-channel technology and 360° air outlet refresh air 5 times per hour in rooms up to 215 ft².
- **Low Decibel Operation:** Operates at a near-silent noise level of approximately 24dB in sleep mode, ideal for bedrooms.
- **Independent Night Light:** Features a soft, soothing night light, suitable for babies and young children.
- **Flexible Timer:** Includes 2, 4, 8, 10, and 12-hour timer settings to suit your needs.

- **Compact and Portable:** Small and lightweight design allows for easy placement and movement.

Product Components:

3. SETUP

1. **Unpack the Air Purifier:** Carefully remove the air purifier and all accessories from the packaging.
2. **Locate the Charging Adapter:** The charging adapter is located inside the bottom base cover of the unit. Open the bottom cover to retrieve it.
3. **Remove Filter Packaging:** Before first use, twist the bottom cover counter-clockwise to unlock and remove it. Take out the filter and remove its plastic packaging. Reinsert the filter and secure the bottom cover by twisting clockwise until locked.
4. **Place the Air Purifier:** Position the air purifier on a flat, stable surface. Ensure there is adequate space around the unit for optimal airflow.
5. **Connect to Power:** Plug the charging adapter into the power port on the back of the air purifier, then plug the adapter into a standard electrical outlet.

4. OPERATING INSTRUCTIONS

The control panel is located on the top of the air purifier. It features touch-sensitive buttons for easy operation.

1. **Power On/Off:** Press the **Power Button** (🔌) to turn the air purifier on or off.
2. **Adjust Fan Speed:** Press the **Fan Speed Button** (🌀) to cycle through Low (L), Medium (M), and High (H) fan speeds. The corresponding indicator light will illuminate.
3. **Set Timer:** Press the **Timer Button** (🕒) to select a desired operating time: 2, 4, 8, 10, or 12 hours. The unit will automatically turn off after the set time.
4. **Activate Night Light:** Press the **Night Light Button** (🌙) to turn the night light on or off independently of the air purification function.

5. MAINTENANCE

- 1. Filter Replacement:** The filter should be replaced approximately every 3 months, depending on usage and air quality. To replace, twist the bottom cover counter-clockwise to unlock, remove the old filter, insert a new FULMINARE PU-P05 replacement filter, and secure the cover by twisting clockwise.
- 2. Cleaning the Exterior:** Wipe the exterior of the air purifier with a soft, dry cloth. Do not use abrasive cleaners or immerse the unit in water.

6. TROUBLESHOOTING

- **Unit not turning on:** Ensure the power adapter is securely plugged into both the air purifier and a working electrical outlet. Check if the filter's plastic packaging has been removed.
- **Reduced airflow or purification:** The filter may be clogged or need replacement. Check the filter and replace if necessary. Ensure air inlets and outlets are not obstructed.
- **Unusual noise:** Check for any foreign objects inside the unit or if the filter is incorrectly installed.
- For further assistance, please refer to the manufacturer's official support channels.

7. SPECIFICATIONS
