PLUS PLUS 240 Piece Glow in The Dark Mix Interlocking Building Blocks Instruction Manual

1. PRODUCT OVERVIEW

The PLUS PLUS 240 Piece Glow in The Dark Mix set provides a unique building experience with its single-shape interlocking blocks. These pieces allow for the creation of both flat mosaic designs and intricate 3D structures. This set features special glow-in-the-dark pieces, adding an exciting dimension to your creations.

2. GETTING STARTED

2.1 Unpacking

Carefully remove the clear plastic tube from its packaging. The tube is designed for reusability and convenient storage of your PLUS PLUS blocks.

2.2 Contents

Your PLUS PLUS 240 Piece Glow in The Dark Mix set includes:

- 240 interlocking pieces in Glow, Neon Blue, Neon Yellow, Neon Orange, and Black colors.
- A reusable travel-friendly storage tube.
- An instruction flyer with building ideas.

3. ASSEMBLY AND CREATIVE PLAY

3.1 Basic Connection

Each PLUS PLUS piece has a unique double-plus shape. To connect two pieces, align the 'plus' ends and gently push them together until they interlock. The connection should be secure but allow for rotation and flexibility in your designs.

3.2 Building Techniques

- **Flat Mosaics:** Connect pieces side-by-side to create two-dimensional designs and patterns.
- **3D Structures:** Connect pieces at various angles to build three-dimensional objects, figures, and architectural forms. Experiment with stacking and interlocking to achieve desired shapes.
- **Flexibility:** The unique design allows for some flexibility, enabling curved or articulated structures.

Grow fine motor and problem-solving skills, spatial reasoning, and more

3.3 Glow in the Dark Feature

The glow-in-the-dark pieces in this set absorb light and then emit a soft glow in the dark. To activate the glow, expose the pieces to a bright light source (natural sunlight or artificial light) for a few minutes. The longer the exposure, the brighter and longer the glow will last.

4. MAINTENANCE

4.1 Cleaning

To clean your PLUS PLUS blocks, wipe them with a damp cloth and mild soap if necessary. Rinse thoroughly with water and allow them to air dry completely before storing. Avoid using harsh chemicals or abrasive cleaners.

4.2 Storage

Store the blocks in their original reusable tube or another suitable container to keep them organized and prevent loss. Keep them away from direct sunlight for prolonged periods to maintain color integrity, especially for the glow-in-the-dark pieces.

5. TROUBLESHOOTING

5.1 Pieces Not Connecting Properly

Ensure that the 'plus' ends of the pieces are correctly aligned before attempting to connect them. Apply gentle, even pressure. If pieces feel unusually stiff, check for any debris or manufacturing imperfections. All PLUS PLUS pieces are designed to fit together seamlessly.

5.2 Lost Pieces

While this set contains 240 pieces, small parts can sometimes be misplaced. Regularly check play areas and store blocks in their designated container after use to minimize loss. Replacement pieces or additional sets can be purchased from authorized retailers.
