METAL MACHINES 6725-UP

METAL MACHINES Spider Strike Playset - Series 1 Instruction Manual

Model: Spider Strike Playset (6725-UP)

Brand: METAL MACHINES

1. PRODUCT OVERVIEW

The METAL MACHINES Spider Strike Playset - Series 1 is an action-packed toy designed for engaging play. It features a multi-level track with interactive elements, including a large spider figure and various car launching mechanisms. This playset encourages imaginative play and can accommodate multiple cars, including those from other brands that fit the track dimensions.

2. SAFETY INFORMATION

This product contains small pieces and is not suitable for children under 3 years of age due to choking hazards. Adult supervision is recommended during assembly and play. Keep away from heat sources and open flames. Inspect the playset regularly for any damaged parts and discontinue use if damage is found.

3. PACKAGE CONTENTS

The playset includes various track pieces, a main playset structure with a spider figure, and at least one Metal Machines car. Refer to the packaging for a complete list of included items.

4. SETUP INSTRUCTIONS

Assembly is required. Follow the visual guides on the product packaging or the included diagram for proper track connection. Ensure all pieces are securely clicked into place to prevent detachment during play.

1. **Unpack Components:** Carefully remove all pieces from the packaging.
2. **Assemble Base:** Connect the main base sections of the playset.
3. **Attach Track Pieces:** Securely attach the various track segments to the base and to each other, forming the multi-level structure.
4. **Install Spider Mechanism:** Place the large spider figure and its associated track sections as indicated in the diagrams.
5. **Verify Connections:** Double-check all connections to ensure stability and smooth car movement.

5. OPERATING INSTRUCTIONS

The playset is designed for manual operation, requiring no batteries. Cars are launched and moved through the track using gravity and user interaction with various levers and mechanisms.

1. **Place Cars:** Position Metal Machines cars at designated starting points on the track.
2. **Activate Launchers:** Use the manual levers or push mechanisms to launch cars onto the track.
3. **Engage Features:** Interact with the playset's features, such as the spider's mouth or track switches, to guide cars through different paths and create dynamic play scenarios.
4. **Multi-Car Play:** The playset supports multiple cars simultaneously for racing and collision action.

6. MAINTENANCE

- **Cleaning:** Wipe the playset with a damp cloth and mild soap. Do not immerse in water.
- **Storage:** Store the playset in a cool, dry place away from direct sunlight when not in use. For compact storage, the playset can be disassembled by reversing the setup instructions.
- **Inspection:** Periodically check all connections and moving parts for wear and tear.

7. TROUBLESHOOTING

Problem	Solution
Cars do not move smoothly on the track.	Ensure all track pieces are securely connected and aligned. Check for any obstructions on the track surface.
Playset feels unstable.	Verify that all support structures and base connections are firmly in place. Re-assemble if necessary.
Interactive features (e.g., spider's mouth) are not working.	Check for any misaligned or jammed parts. Ensure no small debris is interfering with the mechanism.
