## MAINTENANCE

---

Regular maintenance will help preserve the appearance and functionality of your Ingina Wardrobe.

- **Cleaning Surfaces:** Wipe all surfaces with a soft, damp cloth. Avoid using abrasive cleaners, harsh chemicals, or solvents, as these can damage the melamine finish.
- **Cleaning Mirrors:** Use a standard glass cleaner and a soft, lint-free cloth for the mirror surfaces. Spray cleaner onto the cloth, not directly onto the mirror, to prevent liquid from seeping into edges.
- **Dusting:** Dust regularly with a dry, soft cloth.
- **Hardware Check:** Periodically check all screws and fasteners to ensure they remain tight. Retighten if necessary.
- **LEDs:** Ensure the LED connections are secure. If an LED stops working, check the power source and switch. Do not attempt to replace LEDs yourself unless specified in a separate service manual.

## TROUBLESHOOTING

---

If you encounter any issues with your Ingina Wardrobe, refer to the following common problems and solutions:

- **Problem:** Doors do not close or align properly.  
**Solution:** Check the door hinges and tracks for any obstructions. Adjust the hinges as per the assembly guide to ensure proper alignment. Ensure the wardrobe is on a level surface.
- **Problem:** Drawers are difficult to open or close.  
**Solution:** Inspect the drawer slides for any debris or obstructions. Ensure the drawer is correctly seated on its runners. A small amount of silicone lubricant can be applied to the slides if they are stiff.
- **Problem:** LED lights are not working.  
**Solution:** Verify that the power cable is securely plugged into a working mains outlet. Check the LED switch to ensure it is in the 'ON' position. If the issue persists, consult customer support.
- **Problem:** Wardrobe feels unstable or wobbly.  
**Solution:** Re-check all assembly screws and tighten any loose connections. Ensure the wardrobe is placed on a completely flat and level floor. If anti-tip hardware was provided, ensure it is correctly installed and secured to a wall stud.
