Vente-unique VELONA

Vente-unique VELONA Bed Bridge with Storage and LEDs Instruction Manual

1. PRODUCT OVERVIEW

The Vente-unique VELONA Bed Bridge is a comprehensive bedroom furniture solution designed to maximize space and functionality. It features integrated storage compartments, including shelves and a wardrobe, along with LED lighting for enhanced ambiance. The unit is constructed from particle board with a melamine finish, offering a natural and black aesthetic.

Key features include:

- Integrated storage: 4 niches, multiple shelves, and a wardrobe section.
- Two sliding bedside tables for convenience.
- Multicolor LED lighting with remote control, powered via USB.
- Designed to accommodate various bed sizes: 140x190 cm, 140x200 cm, and 160x200 cm.

2. SAFETY WARNINGS

Please read and follow all safety instructions carefully to prevent injury or damage to the product.

- **Wall Mounting:** This product is designed to be fixed to a wall. Ensure the wall structure is capable of supporting the total weight of the bed bridge (approximately 126 kg) and any items stored within it. Use appropriate wall anchors for your wall type.
- **Correct Installation:** Install the product correctly according to the assembly instructions to ensure stability and prevent accidents. Improper assembly can lead to collapse or injury.
- **Weight Distribution:** Distribute weight evenly across shelves and in the wardrobe. Do not overload any single section. The maximum recommended load for individual shelves is 1 kg.
- **Children Safety:** Keep small parts and assembly hardware out of reach of children. Do not allow children to climb on the unit.
- **Electrical Safety:** Ensure the USB power source for the LEDs is compatible and used safely. Avoid exposing electrical components to moisture.

3. SETUP AND ASSEMBLY

The VELONA Bed Bridge requires self-assembly. It is recommended to have at least two people for assembly due to the size and weight of the components. Please ensure you have sufficient space and the necessary tools before beginning.

3.1. Unpacking and Inventory

- Carefully unpack all components and hardware.
- Verify all parts against the included parts list in your assembly manual. Contact customer support immediately if any parts are missing or damaged.

3.2. Assembly Steps

Follow the detailed step-by-step diagrams provided in the separate assembly manual. General steps include:

1. Assemble the main frame components.
2. Install the wardrobe section and shelves. Note that the unit includes one wardrobe section and two sliding shelves at the bedside areas.
3. Attach the unit to the wall using appropriate fasteners (not always included, depending on wall type). This unit does not have a back panel for the wall, so direct wall mounting is crucial for stability.
4. Install the LED lighting strips and connect the USB power cable.

4. OPERATING INSTRUCTIONS

4.1. LED Lighting

The VELONA Bed Bridge is equipped with multicolor LED lighting. To operate:

- Connect the USB cable from the LED strip to a compatible USB power adapter (not included) or a USB port.
- Use the provided remote control to turn the LEDs on/off, change colors, and adjust brightness.

4.2. Sliding Bedside Tables

The unit features two sliding shelves located at the bedside niches. These can be pulled out to serve as temporary bedside tables and pushed back in when not needed to save space.

4.3. Storage Compartments

Utilize the various shelves, niches, and the wardrobe section for organizing your belongings. Ensure items are placed securely and do not obstruct the sliding mechanisms or cabinet doors.

5. MAINTENANCE

To ensure the longevity and appearance of your VELONA Bed Bridge, follow these maintenance guidelines:

- **Cleaning:** Wipe surfaces with a damp cloth. Avoid using abrasive cleaners, harsh chemicals, or excessive moisture, as these can damage the melamine finish.
- **Dusting:** Regularly dust all surfaces with a soft, dry cloth.
- **Hardware Check:** Periodically check all screws and fasteners to ensure they are tight. Retighten if necessary to maintain structural integrity.
- **LED Care:** Do not attempt to disassemble the LED strips. If the LEDs malfunction, refer to the troubleshooting section or contact support.

6. TROUBLESHOOTING

If you encounter any issues with your VELONA Bed Bridge, refer to the following common problems and solutions:

- **LEDs Not Working:**
 - Ensure the USB cable is securely connected to a working power source.
 - Check the remote control battery.
 - Verify that the LED strip is properly connected to its controller.
- **Sliding Bedside Tables Are Stiff or Stuck:**
 - Check for any obstructions in the sliding mechanism.
 - Ensure the tracks are clean and free of debris.
 - Verify that the assembly of the sliding mechanism is correct and screws are not overtightened or loose.
- **Unit Feels Unstable:**
 - Recheck all wall mounting points and ensure they are securely fastened to a sturdy wall.
 - Tighten all assembly screws throughout the unit.
 - Ensure the floor is level.

For issues not covered here, please contact customer support.

7. SPECIFICATIONS
