

Vente-unique CAMELIA

Vente-unique CAMELIA Extendable Dining Table User Manual

Model: CAMELIA

1. INTRODUCTION

Thank you for choosing the Vente-unique CAMELIA Extendable Dining Table. This manual provides essential information for the safe assembly, operation, and maintenance of your new dining table. Please read these instructions carefully before beginning assembly and retain them for future reference.

The CAMELIA dining table features a white tempered glass tabletop (10 mm thick) supported by a matte white metal structure and a polished stainless steel base. It is designed for elegance and practicality, with a 360° rotating tabletop that extends up to 190 cm to comfortably accommodate 6 to 8 people.

2. SAFETY INSTRUCTIONS

- **Assembly:** Always assemble the table on a soft, clean surface to prevent scratches. Two adults are recommended for assembly due to the table's size and weight.
- **Stability:** Ensure all screws and fasteners are securely tightened before use. Periodically check and re-tighten as necessary.
- **Weight Capacity:** Do not exceed the recommended maximum weight of 70 kg on the tabletop. Distribute weight evenly.
- **Children:** Keep children away from the table during assembly. Do not allow children to climb on or play with the table, especially during extension or retraction.
- **Glass Care:** Tempered glass is strong but can break if subjected to sharp impacts or extreme temperature changes. Avoid placing very hot items directly on the glass without protection.
- **Movement:** When moving the table, lift it rather than dragging it to prevent damage to the legs, base, or floor.

3. PACKAGE CONTENTS

Please verify that all components are present before beginning assembly. If any parts are missing or damaged, contact Vente-unique customer support.

- Tempered Glass Tabletop (1 pc)
- Metal Base Frame (1 pc)
- Stainless Steel Legs (4 pcs)
- Extension Mechanism (pre-assembled with tabletop)
- Hardware Pack (screws, washers, Allen key)
- Assembly Instructions (this manual)

4. SETUP AND ASSEMBLY

Follow these steps carefully for proper assembly. It is recommended to have two people for this process.

1. **Unpack Components:** Carefully remove all parts from the packaging. Place them on a soft, clean, and flat surface (e.g., a rug or blanket) to prevent scratches.
2. **Attach Legs to Base:** Securely attach the four stainless steel legs to the metal base frame using the provided screws and Allen key. Ensure they are firmly tightened.
3. **Attach Tabletop to Base:** With the help of another person, carefully place the tempered glass tabletop onto the assembled base frame. Align the pre-drilled holes on the tabletop's underside with the mounting points on the base. Secure the tabletop using the remaining screws and hardware. Do not overtighten.
4. **Final Check:** Once assembled, gently lift and place the table in its desired location. Ensure all connections are stable and secure before use.

5. OPERATING INSTRUCTIONS (TABLE EXTENSION)

The CAMELIA dining table features an intuitive butterfly extension system for easy adjustment of its length.

1. **Prepare for Extension:** Ensure there is sufficient space around the table for extension. Clear any items from the tabletop.
2. **Activate Mechanism:** Gently push one side of the tabletop horizontally. This action will activate the central opening mechanism, causing the two main tabletop sections to separate.
3. **Unfold Extension:** Once the main tabletop sections are separated, locate the butterfly extension leaf stored underneath. Carefully unfold this leaf and position it into the gap created.
4. **Close Tabletop:** Gently push the main tabletop sections back together until they meet the unfolded extension leaf and lock into place. Ensure the surface is flush and stable.

To retract the table, reverse these steps: separate the main tabletop sections, fold and store the butterfly extension leaf underneath, then push the main tabletop sections back together.

Image 3: The CAMELIA dining table extended, demonstrating its capacity to seat more people comfortably.

6. MAINTENANCE

Proper care will ensure the longevity and appearance of your CAMELIA dining table.

- **Glass Tabletop:** Clean the tempered glass surface with a soft, damp cloth and a mild glass cleaner. Avoid abrasive cleaners, scouring pads, or harsh chemicals that can scratch or damage the glass. Wipe dry immediately to prevent water spots.
- **Metal Frame and Legs:** Wipe the metal and stainless steel components with a soft, damp cloth. For stubborn marks, a mild soap solution can be used, followed by wiping dry. Avoid abrasive materials or strong detergents.
- **Spills:** Clean spills immediately to prevent staining, especially on the metal parts.
- **Heat Protection:** Always use placemats or coasters under hot dishes and beverages to protect the glass surface from thermal shock and potential damage.
- **Regular Checks:** Periodically inspect all screws and fasteners to ensure they remain tight. Re-tighten if necessary to maintain stability.

7. TROUBLESHOOTING

If you encounter any issues with your CAMELIA dining table, refer to the following common problems and solutions:

- **Table Wobbles:**
Solution: Check that all screws connecting the legs to the base and the tabletop to the base are securely tightened. Ensure the table is placed on a level surface.
- **Extension Mechanism is Stiff/Not Smooth:**
Solution: Ensure the tabletop is clear of all objects. Check for any obstructions in the extension tracks. The mechanism may require light lubrication with a silicone-based spray (avoid oil-based lubricants on glass).
- **Scratches on Glass:**
Solution: Minor scratches on tempered glass are difficult to remove. Prevent future scratches by using placemats, avoiding dragging objects across the surface, and using soft cloths for cleaning.
- **Discoloration on Metal:**
Solution: Clean with a damp cloth and mild soap. For stainless steel, use a specialized stainless steel cleaner if necessary, following product instructions. Avoid harsh chemicals.

If the problem persists, please contact Vente-unique customer support for further assistance.

8. SPECIFICATIONS

Brand	Vente-unique
Model	CAMELIA
Color	White
Tabletop Material	Tempered Glass (10 mm thick)
Base/Leg Material	Matte White Metal Structure, Polished Stainless Steel Base
Dimensions (Collapsed)	105D x 130W x 75H cm
Dimensions (Extended)	105D x 190W x 75H cm
