YABER Pro V9

YABER Pro V9 Projector User Manual

Model: Pro V9 | Brand: YABER

Keywords: Auto Focus, 4K Support, WiFi 6, Bluetooth 5.2, 1080P, Outdoor Movie Projector, Home Theater

PRODUCT OVERVIEW

The YABER Pro V9 Projector is a high-performance home theater device designed for versatile use. It features advanced auto-focus and 6D auto-keystone correction for effortless setup, native 1080P resolution with 4K support, and 600 ANSI lumens brightness for a vivid viewing experience. Equipped with the latest WiFi 6 and Bluetooth 5.2 technologies, it ensures stable and smooth connectivity for all your media needs. Its fully-sealed optical engine enhances durability by preventing dust intrusion.

SETUP

1. Physical Placement and Installation

The projector can be placed horizontally on a flat surface or mounted to the ceiling using a compatible bracket. Ensure adequate ventilation around the unit.

Intelligent **Auto Screen Adaption**

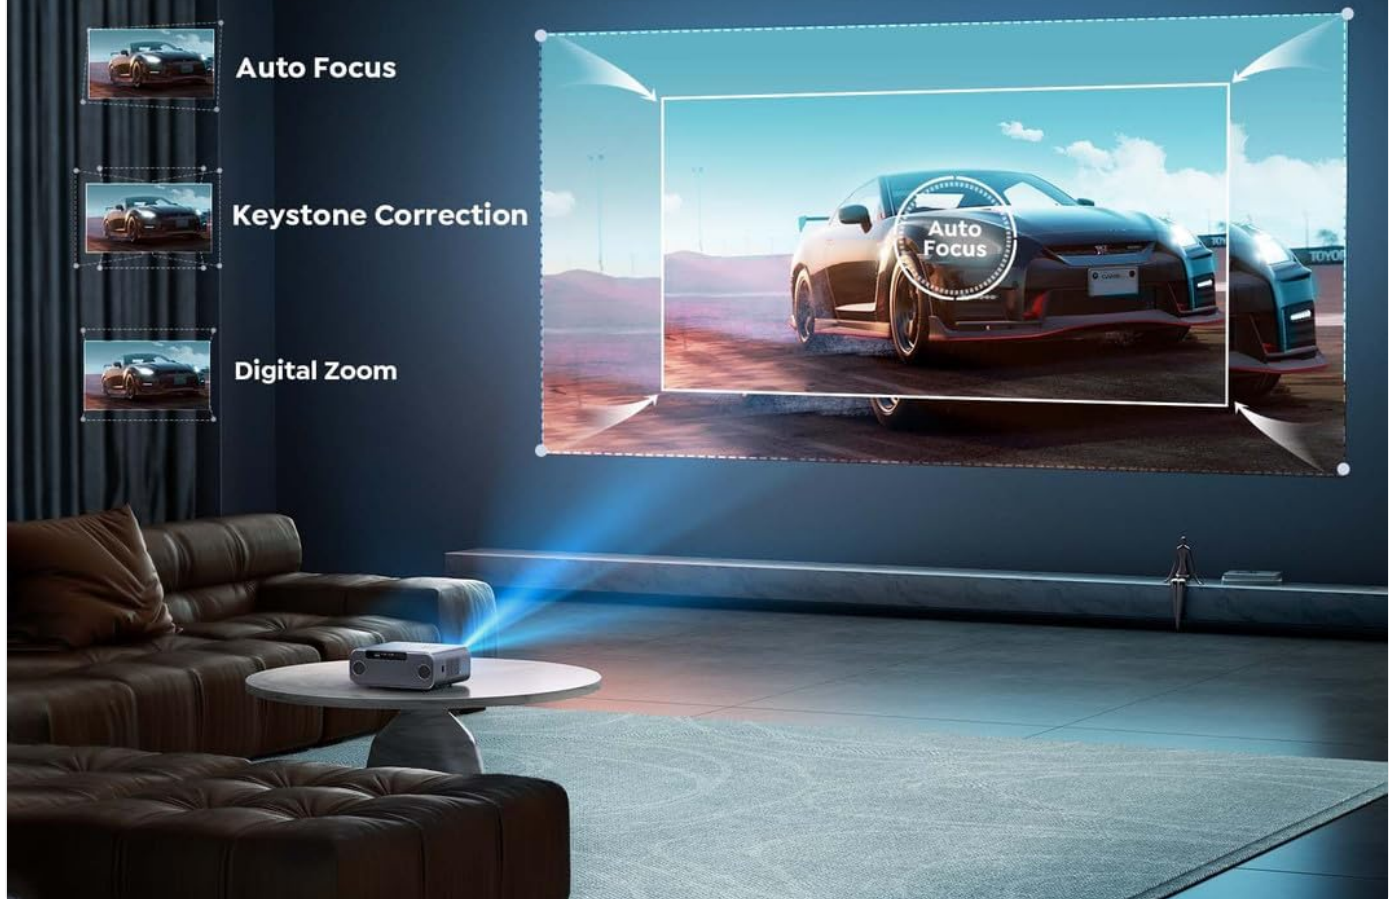

Image: YABER Pro V9 Projector projecting an image onto a wall, demonstrating its auto-focus, keystone correction, and digital zoom capabilities for intelligent screen adaptation.

The recommended projection distance is approximately 10.9 feet (3.3 meters) for optimal viewing. Adjust the distance to achieve your desired screen size.

2. Initial Power On and Focus Setting

After connecting the power cord, press the power button. The projector features smart auto-focus and 6D auto-keystone correction. It will automatically adjust the image for clarity and alignment within 5 seconds of powering on. For manual adjustment, navigate to the 'Focus Setting' or 'Keystone Setting' in the General Settings menu using the remote control.

3. Connectivity

The projector offers multiple connectivity options:

- **WiFi 6:** Compatible with 2.4GHz and 5GHz networks for stable and smoother wireless transmission. Navigate to 'WiFi Setting' in the General Settings to connect to your network.
- **Bluetooth 5.2:** Connect external Bluetooth devices such as headphones and speakers for enhanced audio. Select 'Bluetooth Setting' in the General Settings to pair devices.
- **HDMI/USB/AV Ports:** Connect various devices like phones, PCs, TV sticks, and gaming consoles using the available ports. The projector has 2 USB and 2 HDMI ports.

OPERATING

1. General Usage and Screen Mirroring

The projector supports screen mirroring for iOS and Android devices. For optimal performance, ensure your mobile device is within 1 meter of the projector. Note that copyrighted content from services like Hulu, Netflix, and Disney+ cannot be mirrored due to HDCP restrictions. A dedicated streaming device (e.g., Amazon Fire Stick, Roku) is recommended for such content.

2. Picture and Audio Settings

Adjust picture settings (brightness, contrast, color) via the remote control or on-device buttons. The projector features 12W built-in Hi-Fi Speakers for an immersive audio experience. You can also connect external audio systems via Bluetooth 5.2 or the 3.5mm headphone jack.

headphones.

MAINTENANCE

The V9 projector is designed with a fully-sealed optical concept to reduce dust intrusion, minimizing black spots and image loss, and extending its lifespan. For cleaning, refer to the user manual for specific instructions on removing the projector's bottom label and opening the dusting mouth cover. Use the provided cleaning kit for optimal care.

TROUBLESHOOTING

- **Casting Streaming Video Issues:** Copyrighted content from services like Hulu, Netflix, and Disney+ cannot be mirrored or screencast due to HDCP restrictions. Use a dedicated streaming device (e.g., Amazon Fire Stick, Roku) for seamless content viewing.
- **General Issues:** Many common issues like sound problems, Bluetooth, or WiFi connectivity can be easily resolved. Refer to the troubleshooting guide (PDF) provided with your product or contact YABER customer support.

SPECIFICATIONS
