

VIVIJASON 79x79x63 Inch Outdoor Dog Kennel

VIVIJASON Outdoor Large Dog Kennel Instruction Manual

MODEL: 79x79x63 INCH OUTDOOR DOG KENNEL

1. Introduction

Thank you for choosing the VIVIJASON Outdoor Large Dog Kennel. This manual provides essential information for the safe assembly, proper use, and maintenance of your new pet enclosure. Please read all instructions carefully before beginning assembly and retain this manual for future reference.

1.1 Safety Information

- Always wear work gloves during assembly to prevent injury from sharp edges.
- Assembly is recommended for two people to ensure safety and efficiency.
- Ensure all components are securely fastened before allowing pets inside.
- Do not allow children to play unsupervised near or inside the kennel.
- Place the kennel on a level, stable surface.

1.2 Package Contents

Verify that all parts listed below are present before starting assembly. If any parts are missing or damaged, please contact customer support.

- Galvanized Steel Frame Pipes
- Chain Link Mesh Rolls
- UV & Waterproof Oxford Fabric Cover
- Door Panel with Latch
- Steel Zip Ties
- Ground Anchors
- Clamps and Connectors
- Ball Bungee Cords (for cover)
- Rubber End Caps

2. Setup and Assembly

Follow these steps carefully to assemble your VIVIJASON Outdoor Large Dog Kennel.

2.1 Frame Assembly

1. Unpack all components and lay them out on a clear, flat surface.
2. Connect the horizontal and vertical galvanized steel pipes to form the base and side frames. Ensure all connections are secure.
3. Attach the corner and T-connectors as indicated in the diagram to build the main structure.
4. Install the door frame into the designated opening, ensuring it swings freely.

Image: Overview of the assembled kennel, showing the spring button cup, cover rope, clamps, ground stake, and steel mesh.

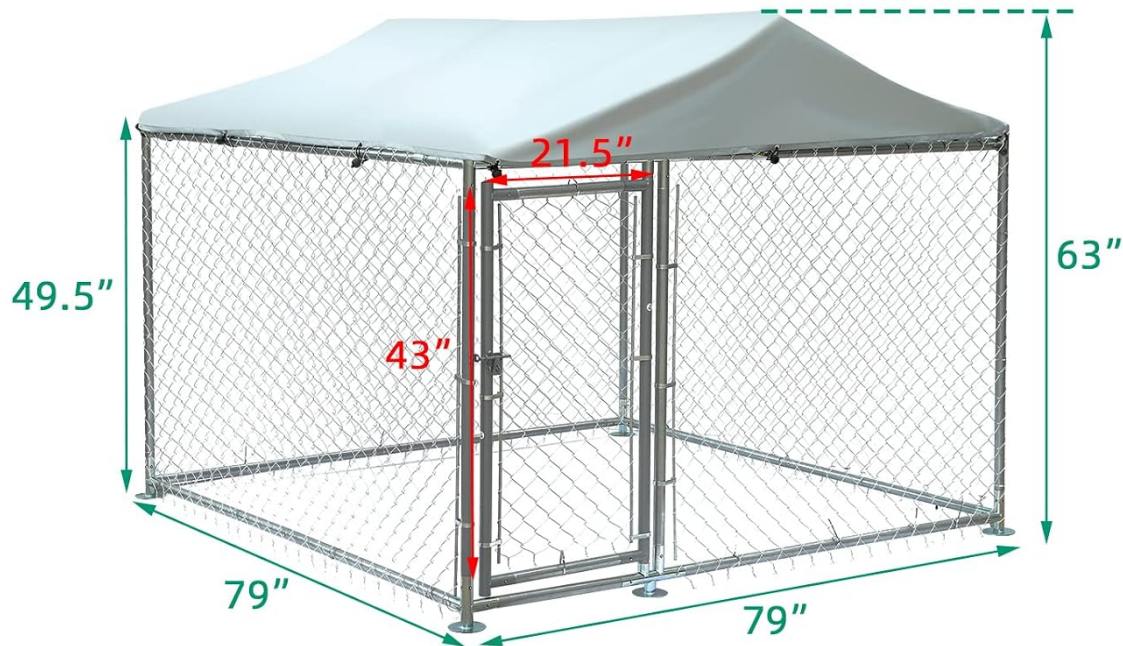

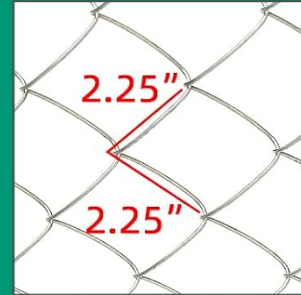

2.2 Mesh Installation

1. Unroll the chain link mesh around the assembled frame.
2. Secure the mesh to the frame using the provided steel zip ties. Start from the top and work your way down, ensuring the mesh is taut and evenly distributed.

3. Pay special attention to securing the mesh around the door opening to prevent gaps.
4. Install the black rubber end caps on any exposed wire ends or pipe edges to prevent injury.

Dog coop length: 79"
Dog coop width: 79"
Dog coop height: 63"

Includes steel zip ties for long-lasting fixing of the metal wire mesh, which is resistant to corrosion.

2.3 Roof and Cover Attachment

1. Assemble the roof frame pipes, creating the sloped structure.
2. Drape the UV & waterproof Oxford fabric cover over the roof frame.
3. Secure the cover to the frame using the provided ball bungee cords, ensuring it is taut and fully covers the top to prevent water pooling and pet escape.

Upgraded Fully Enclosed Roof

Image: The kennel featuring its upgraded, fully enclosed roof, designed to be UV resistant and waterproof, protecting pets from sun and rain.

2.4 Ground Anchoring

1. Once the kennel is fully assembled and positioned, drive the ground anchors into the soil through the designated loops at the base of the frame.
2. Ensure anchors are firmly secured to enhance stability and prevent movement.

3. Operating Instructions

This section details how to safely use your VIVIJASON Outdoor Large Dog Kennel.

3.1 Door Operation

- The kennel features a slide-latch lock for easy access. To open, slide the latch upwards and pull the door open.
- To close, push the door shut and slide the latch downwards until it clicks into place.
- An additional security lock can be added to prevent smart pets from opening the door.

EASY ACCESS

Secure Lock

Stable Substrate

3.2 Pet Placement and Supervision

- This kennel provides a spacious and secure environment for various pets, including dogs, cats, chickens, and rabbits.
- Always ensure your pet has access to fresh water and adequate shade, especially during hot weather.
- While the kennel offers protection, regular supervision of your pet is recommended.

OUTDOOR DOG KENNEL

A Comfortable Home for Your Pets

Image: A child and a dog enjoying the outdoor space near the VIVIJASON kennel, illustrating its use as a comfortable home for pets.

4. Maintenance

Regular maintenance will extend the life of your VIVIJASON Outdoor Large Dog Kennel.

- **Cleaning the Frame and Mesh:** Periodically clean the galvanized steel frame and chain link mesh with mild soap and water. Rinse thoroughly and allow to air dry. Avoid harsh chemicals that could damage the finish.
- **Cleaning the Cover:** The UV & waterproof cover can be wiped clean with a damp cloth. For deeper cleaning, remove the cover and hand wash with mild soap, then air dry completely before reattaching. Ensure the cover is taut to prevent water accumulation.
- **Inspection:** Regularly inspect all connections, zip ties, and ground anchors for tightness and wear. Replace any damaged components immediately. Check the mesh for any breaks or sharp edges.
- **Seasonal Care:** In areas with heavy snow, remove snow accumulation from the roof to prevent structural damage. During strong winds, ensure the ground anchors are securely fastened.

5. Troubleshooting

This section addresses common issues you might encounter with your kennel.

- **Kennel feels unstable:** Ensure all frame pipes are fully connected and secured with clamps. Verify that the ground anchors are driven deep into the soil and are holding firmly. If on a hard surface, consider adding weights to the base.
- **Water pooling on the roof cover:** Adjust the tension of the ball bungee cords to ensure the cover is stretched tightly and evenly over the roof frame, allowing water to run off. Check that the roof frame is correctly assembled with the intended slope.
- **Mesh appears loose or damaged:** Re-tighten or replace any loose or broken steel zip ties. If the mesh itself is damaged, contact customer support for replacement options.
- **Door not closing properly:** Check for any obstructions in the door frame or latch mechanism. Ensure the door hinges are not bent and the frame is square.
- **Missing parts during assembly:** Double-check the package contents against the list in Section 1.2. If parts are genuinely missing, contact VIVIJASON customer support immediately.

6. Specifications

Feature	Detail
Brand	VIVIJASON
Model	Outdoor Large Dog Kennel
