

LIMETA EB10

LIMETA EB10 Magnetic 2-Port Wireless Portable Power Bank User Manual

Model: EB10

INTRODUCTION

Thank you for choosing the LIMETA EB10 Magnetic 2-Port Wireless Portable Power Bank. This device is designed to provide convenient and efficient wireless charging for your smartphone and smartwatch, along with wired charging capabilities via its USB Type-C port. Please read this manual carefully to ensure proper use and optimal performance of your power bank.

1. SETUP AND INITIAL USE

1.1 Package Contents

- 1 x LIMETA EB10 Magnetic Wireless Portable Power Bank
- 1 x USB Type-C Charging Cable
- User Manual

1.2 Initial Charging of the Power Bank

Before first use, fully charge your EB10 power bank. Connect the provided USB Type-C cable to the power bank's Type-C port and plug the other end into a compatible USB power adapter (not included). The LED indicators on the power bank will show the charging status. A full charge is indicated when all LEDs are steadily lit.

1.3 Power Bank Features Overview

Magnetic wireless fast charger

fast charging

APP Linkage

Lightweight travel

Mobile phone holder

Image 1.2: An illustration highlighting the key features of the LIMETA EB10 power bank, including fast charging capability, APP Linkage for smart control, lightweight design for travel, and its function as a mobile phone holder during charging.

2. OPERATING INSTRUCTIONS

2.1 Charging a Smartphone (Magnetic Wireless)

1. Ensure your smartphone is compatible with magnetic wireless charging.
2. Align the back of your smartphone with the magnetic charging surface of the EB10 power bank. The magnets will securely attach the phone to the power bank.
3. Charging will begin automatically. The power bank's indicator lights will show activity.

2.2 Charging a Smartwatch (Wireless)

1. Place your smartwatch on the dedicated wireless charging pad located on the EB10 power bank.
2. Ensure the smartwatch is properly centered on the pad for optimal charging.
3. Charging will commence automatically.

2.3 USB Type-C Wired Charging

The EB10 features a USB Type-C port that supports Power Delivery (PD) fast charging (15W/18W). This

port can be used to charge other devices that support USB-C input.

1. Connect your device to the USB Type-C port on the EB10 power bank using a compatible USB-C to USB-C cable.
2. Charging will start automatically.

2.4 APP Linkage and OTA Upgrade

The EB10 power bank supports an accompanying application for enhanced control and monitoring. This app allows for OTA (Over-The-Air) firmware upgrades and displays charging parameters, battery capacity, input/output current, and battery protection functions. It also includes a 'Finder' function to locate your power bank by sound.

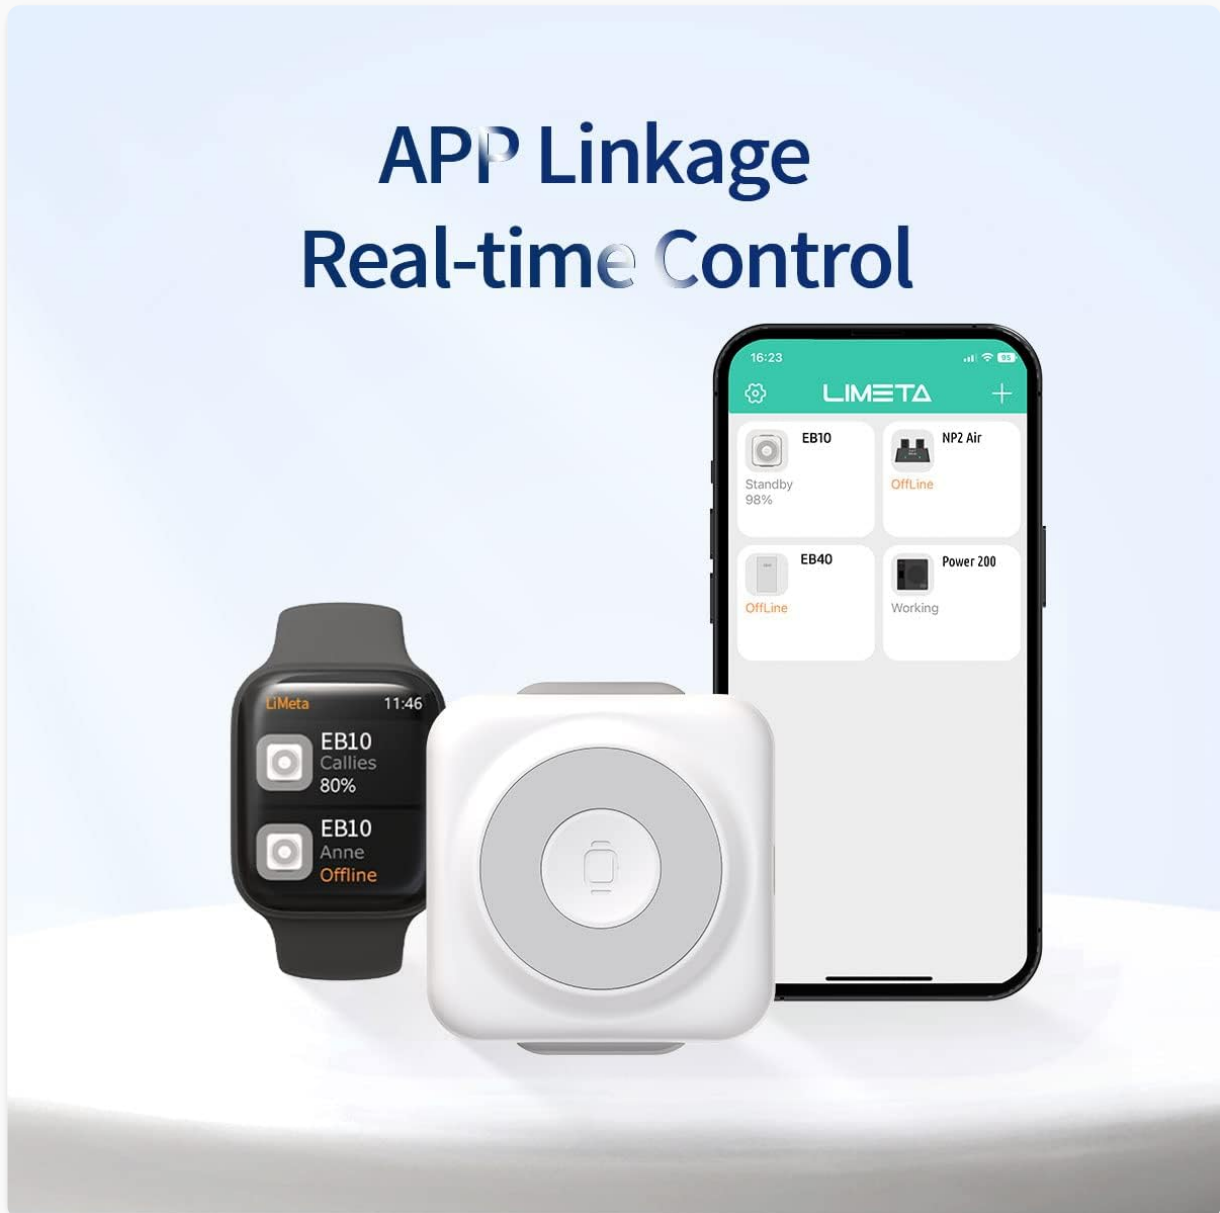

Image 2.1: The LIMETA EB10 power bank's companion app interface, showing real-time control and monitoring features for the device, including battery status and connection information for multiple LIMETA products.

2.5 Battery Level Indicator

The EB10 is equipped with a touch switch. A simple touch will activate the LED indicators, showing the current battery level of the power bank. This feature is designed for ease of use, including for visually impaired users.

2.6 Charging Capacity Examples

60%

iPhone 13 Pro

5 times

iWatch7/Air pods

Image 2.2: An illustration demonstrating the charging capabilities of the EB10 power bank, indicating it can charge an iPhone 13 Pro to 60% and an iWatch 7 or AirPods approximately 5 times.

2.7 Using While Charging

The compact design allows for continued use of your smartphone while it is magnetically attached and charging wirelessly.

Play while You Charge Team Up And Play

Image 2.3: A person holding a smartphone with the LIMETA EB10 power bank magnetically attached to its back, illustrating that the phone can be used comfortably even while it is being charged wirelessly by the power bank.

Always Fully Charged Take It As You Go

Image 2.4: The LIMETA EB10 power bank with a smartwatch placed on its integrated charging pad, indicating that the smartwatch can be kept fully charged on the go.

3. MAINTENANCE AND CARE

- **Cleaning:** Use a soft, dry cloth to clean the surface of the power bank. Do not use harsh chemicals or abrasive materials.
- **Storage:** Store the power bank in a cool, dry place away from direct sunlight, extreme temperatures, and humidity.
- **Battery Care:** To prolong battery life, fully charge the power bank at least once every three months if not in regular use. Avoid completely draining the battery frequently.
- **Avoid Impact:** Do not drop or subject the power bank to strong impacts, as this may damage internal components.

4. TROUBLESHOOTING

4.1 Power Bank Not Charging

- Ensure the USB Type-C cable is securely connected to both the power bank and the power adapter.
- Verify that the power adapter is functioning correctly and plugged into a live power outlet.

- Try using a different USB Type-C cable and power adapter.

4.2 Devices Not Charging Wirelessly

- Ensure the power bank has sufficient charge.
- Check if your device (smartphone/smartwatch) is properly aligned on the charging surface. Magnetic alignment is crucial for smartphones.
- Remove any thick cases from your smartphone that might interfere with wireless charging.
- Confirm your device supports wireless charging.

4.3 Slow Charging

- Ensure you are using a fast-charging compatible power adapter for the power bank itself.
- For wired charging, ensure your cable and device support PD fast charging.
- Environmental factors or device temperature can affect charging speed.

4.4 App Connectivity Issues

- Ensure Bluetooth is enabled on your smartphone and the power bank is within range.
- Restart the app and/or your smartphone.
- Check for app updates in your device's app store.

5. SPECIFICATIONS

Feature	Detail
Model	EB10
Brand	LIMETA
Battery Capacity	3000 mAh
Input Voltage	9 Volts
Amperage	3 A
Connector Type	USB Type-C
Total USB Ports	2 (1x USB-C for input/output, 1x wireless output for phone, 1x wireless output for watch)
