AtGames HA8818

AtGames Legends Pinball Micro Arcade Machine Instruction Manual

Model: HA8818 | Brand: AtGames

INTRODUCTION

The AtGames Legends Pinball Micro is a compact home digital pinball platform designed to deliver an immersive arcade experience. It features authentic flippers and nudges, along with a vibrant 15.6-inch HD LCD playfield and an 8-inch LCD backglass. The machine comes with 50 built-in licensed pinball tables, including titles from Zaccaria, TAITO's Space Invaders, Bubble Bobble, and Arkanoid. With 16GB of system storage, it supports stunning 1080p HD visuals and 60fps pinball gameplay. Connectivity options include Wi-Fi and Ethernet, allowing access to ArcadeNet, BYOG (Bring Your Own Game), free updates, multiplayer modes, global leaderboards, and downloadable content. The unit also features stereo speakers, haptic feedback, and a nudge sensor for enhanced realism.

SETUP

Follow these steps to set up your Legends Pinball Micro:

1. **Attach Side Art Panels:** Carefully align and attach the provided Space Invaders and Bubble Bobble themed side art panels to the main unit using the included screws.
2. **Connect Backglass Unit:** Securely connect the backglass unit to the main playfield body. Ensure all internal cables are properly connected as per the visual guides in the included manual.
3. **Power Connection:** Connect the power adapter to the unit and then to a power outlet.
4. **Initial Power On:** Press the power switch located on the back of the unit to turn on your Legends Pinball Micro.
5. **Network Setup:** Navigate to the settings menu to connect your device to your home Wi-Fi network or via an Ethernet cable for online features and updates.

OPERATING INSTRUCTIONS

Familiarize yourself with the controls and navigation:

- **Power On/Off:** Use the power switch on the back of the unit.
- **Menu Navigation:** Use the D-pad (directional pad) on the control panel to browse through game menus and selections.
- **Game Selection:** Select your desired pinball table from the list of 50 built-in games.
- **Game Play:** Use the flipper buttons on the sides of the cabinet to control the in-game flippers. The plunger button launches the ball. Utilize the nudge sensor for realistic table nudging.
- **Game Modes:** Explore various game modes available, including unique experiences like
