# oneisall Stainless Steel Cat Water Fountain User Manual

Model: PWF-001

## 1. PRODUCT OVERVIEW

The oneisall Stainless Steel Cat Water Fountain is designed to provide a continuous supply of fresh, filtered water for your pets. Its 2-liter capacity ensures adequate hydration for 5-7 days, making it convenient for pet owners. The fountain features a durable 304 stainless steel construction, an ultra-quiet pump, and an attractive faucet spout design to encourage increased water intake.

## 2. PACKAGE CONTENTS

Please check the package to ensure all components are present:

- 1 x Stainless Steel Water Fountain Unit
- 1 x Ultra-Quiet Water Pump
- 3 x Replacement Activated Carbon Filters
- 3 x Pre-filter Sponges
- 1 x Power Adapter
- 1 x User Manual

### 3. SETUP INSTRUCTIONS

1. **Unpack Components:** Carefully remove all parts from the packaging.
2. **Rinse Components:** Rinse the stainless steel bowl, lid, and pump thoroughly with water before first use.
3. **Assemble Pump:** Attach the small hose from the pump to the outlet on the fountain lid. Ensure it is securely fitted.
4. **Place Filter:** Insert one activated carbon filter into the filter tray. Place a pre-filter sponge around the

pump.

5. **Fill with Water:** Fill the stainless steel bowl with clean water up to the MAX line indicated on the water level window. Do not overfill.
6. **Place Lid:** Carefully place the lid onto the bowl, ensuring the pump hose aligns with the opening.
7. **Connect Power:** Connect the power adapter to the pump cable and plug it into a standard electrical outlet.

## 4. OPERATING INSTRUCTIONS

Once assembled and plugged in, the fountain will begin to circulate water. The ultra-quiet pump operates at less than 30dB, ensuring a peaceful environment for your pet and household.

- **Water Level Monitoring:** The visible water level window allows you to easily monitor the remaining water. Refill when the water level approaches the MIN line.
- **Faucet Spout Design:** The unique faucet spout design mimics natural water flow, which is highly attractive to cats and encourages them to drink more, promoting better hydration and kidney health.

## 5. MAINTENANCE

Regular cleaning and filter replacement are crucial for maintaining water quality and the longevity of your fountain.

- **Daily Water Change:** Change the water with fresh water daily.
- **Weekly Cleaning:** Clean the entire fountain unit, including the pump, at least once a week. The stainless steel components are dishwasher safe for easy cleaning.

- **Filter Replacement:** We recommend replacing the activated carbon filter and pre-filter sponge every 1-2 weeks to ensure optimal filtration and water freshness.

## 6. TROUBLESHOOTING

Problem	Possible Cause	Solution
---------	----------------	----------

Problem	Possible Cause	Solution
Fountain not dispensing water	Low water level, clogged pump, power issue	Refill water, clean pump, check power connection
Fountain is noisy	Low water level, dirty pump, debris in pump	Refill water, clean pump thoroughly, remove debris
Water appears dirty or cloudy	Filter needs replacement, fountain needs cleaning	Replace filter, clean fountain and pump
Cat not drinking from fountain	Unfamiliarity, preference for still water	Encourage with treats, ensure water is fresh, allow time for adjustment
