arVin B0BN42TTMD

arVin Wireless Gaming Controller Instruction Manual

MODEL: B0BN42TTMD

1. Introduction

This manual provides detailed instructions for the setup, operation, and maintenance of your arVin Wireless Gaming Controller. Please read this manual thoroughly before using the product to ensure optimal performance and longevity.

2. Product Overview

The arVin Wireless Gaming Controller is designed for mobile gaming on both iOS and Android devices. It features a magnetic separation design for portability and a comfortable grip during gameplay. The controller connects wirelessly via Bluetooth 4.2, offering low latency for an enhanced gaming experience.

PLAY DIRECTLY ON IPHONE & ANDROID PHONE

This Gamepad for iPhone, Samsung Galaxy, TCL, One Plus, Motorola, Huawei and more android phone. Compatible with iPad, Tablet. No key mapping needed, no emulator needed.

* Controller size does not support iPad/Tablet

* NOT for Apple TV, iPod, Fire TV

3. Package Contents

Verify that all items are present in the package:

- 1x arVin Wireless Gaming Controller (Left and Right Handles)
- 1x USB Type-C Charging Cable
- 1x User Manual (This document)

4. Setup and Connection

4.1 iOS Device Connection

1. Ensure your iOS device is running iOS 13.4 or later.
2. On the left-hand controller, press and hold the **Down** directional key and the **Power Button** simultaneously for 2 seconds. The blue light on the controller will flash, indicating it is in pairing mode.
3. On your iOS device, go to **Settings > Bluetooth** and turn Bluetooth on.
4. In the list of available devices, tap on **"Xbox Wireless Controller"** to pair.
5. Once the left-hand controller is paired, press and hold the **Power Button** on the right-hand controller for 2 seconds. The blue light will flash and it will automatically pair with the left-hand controller.
6. The controller is now ready for use with compatible iOS games.

4.2 Android Device Connection

1. On the left-hand controller, press and hold the **Left** directional key and the **Home Button** simultaneously for 2 seconds. The blue light on the controller will flash, indicating it is in pairing mode.
2. On your Android device, go to **Settings > Bluetooth** and turn Bluetooth on.
3. In the list of available devices, tap on '**MOCUTE-HIDF13-061-L**' to pair.
4. Once the left-hand controller is paired, press and hold the **Power Button** on the right-hand controller for 2 seconds. The blue light will flash and it will automatically pair with the left-hand controller.
5. The controller is now ready for use with compatible Android games. For some Android games like Call of Duty Mobile, APEX Legends Mobile, or Honkai Impact 3, you may need to turn off the controller and then press the **Down** directional key + **Power Button** on the left-hand controller to connect in "Xbox Wireless Controller" mode.

5. Operating Instructions

5.1 Game Compatibility

The arVin Wireless Gaming Controller supports most controller-compatible games available on the App Store (iOS) and Google Play Store (Android). Popular supported titles include Call of Duty Mobile (COD), Genshin Impact, Diablo Immortal, Combat Modern 5, Asphalt 8: Airborne & Asphalt 9 Legends.

- **Note for iOS:** Not compatible with PUBG.
- **Note for Android:** Not compatible with Genshin Impact & PUBG.

5.2 Charging the Controller

Each controller handle has a built-in 400mAh rechargeable battery. A full charge provides over 15 hours of playtime. Use the included USB Type-C charging cable to charge the controllers. Note that each handle charges separately. If you wish to charge both handles simultaneously, an additional Type-C charging cable will be required (not included).

iOS & Android Boot Mode

Bluetooth Name: **Xbox Wireless Controller**

5.3 Six-Finger Operation

The controller's design facilitates a six-finger operation style, allowing for simultaneous aiming, shooting, moving, and switching angles in games. This can enhance control and responsiveness during intense gameplay.

SIX FINGERS OPERATION

Aiming, Shootion, Moving and Switching Angles at the Same Time

6. Maintenance

- Keep the controller dry. Avoid exposure to moisture or liquids.
- Clean the controller with a soft, dry cloth. Do not use abrasive cleaners or solvents.
- Store the controller in a cool, dry place, away from direct sunlight and extreme temperatures.
- Utilize the magnetic storage feature to keep the two halves securely together when not in use, protecting the internal components and reducing the risk of damage.

7. Troubleshooting

Problem	Possible Cause	Solution
---------	----------------	----------

Problem	Possible Cause	Solution
Controller does not connect via Bluetooth.	Incorrect pairing mode, Bluetooth off on device, low battery.	<p>Ensure correct pairing mode is activated for your device (iOS or Android).</p> <p>Verify Bluetooth is enabled on your smartphone.</p> <p>Charge the controller fully.</p> <p>Forget the device in your phone's Bluetooth settings and attempt to re-pair.</p>
Input lag or unresponsive controls.	Interference, distance from device, low battery.	<p>Ensure no other Bluetooth devices are causing interference.</p> <p>Keep the controller close to your smartphone.</p> <p>Charge the controller fully.</p>
Controller not working with a specific game.	Game not compatible with controllers, incorrect connection mode.	<p>Check the game's settings or description for controller support.</p> <p>For Android, try connecting in "Xbox Wireless Controller" mode if the default mode doesn't work for the game.</p> <p>Refer to the game's specific controller setup instructions if available.</p>
Right-hand controller does not pair with left-hand controller.	Left-hand controller not paired, right-hand controller not powered on correctly.	<p>Ensure the left-hand controller is successfully paired to your device first.</p> <p>Press and hold the Power Button on the right-hand controller for 2 seconds until the blue light flashes.</p>
