FeeTUO FER030A

FeeTUO Soft Roll-Up Tonneau Cover Instruction Manual

Model: FER030A

1. Introduction

This instruction manual provides detailed guidance for the installation, operation, and maintenance of your FeeTUO Soft Roll-Up Tonneau Cover. Please read this manual thoroughly before beginning installation or use to ensure proper function and longevity of your product. Retain this manual for future reference.

2. Product Overview and Features

The FeeTUO Soft Roll-Up Tonneau Cover is designed to protect your truck bed cargo while enhancing vehicle aesthetics and potentially improving fuel efficiency. Key features include:

- **Durable Construction:** Constructed with pre-treated 16 gauge aluminum side rails and reinforced horizontal crossbars, providing outstanding stability, structural strength, corrosion resistance, and long-lasting durability.
- **Premium Cover Material:** The surface is topped with heavy-duty marine-grade dual-coated vinyl that is waterproof, anti-tear, and resistant to UV rays. It is designed to withstand heavy snow, rain, and extreme weather conditions without warping or fading. The spray-coating PVDF self-cleaning varnish offers enhanced self-cleaning properties against pollutants and water.
- **Cargo Protection:** Offers all-around protection for tools, equipment, luggage, sporting goods, camping supplies, fishing gear, or daily shopping items. It keeps cargo safe from rain, snow, dust, and harmful sunlight.
- **Secure Latching System:** Engineered with a secure latching system at the tailgate for maximum safety. A quick-release strap allows for easy unlatching.

- **Adjustable Tension Control:** Ensures a snug, wrinkle-free fit in all seasons.
- **Full Bed Access:** The roll-up design provides complete access to the truck bed when needed, facilitating the transport of oversized cargo.

3. Compatibility

This FeeTUO Soft Roll-Up Tonneau Cover (Model FER030A) is specifically designed for:

- **Vehicle Models:** 2007 to 2025 Chevy Silverado 1500 and GMC Sierra 1500.
- **Bed Size:** Fleetside 5.8ft (69.3 inch) truck beds.

Important Compatibility Notes:

- **Not Compatible With:** CarbonPro Bed, Factory Utility Track System, or Roll Bar configurations.
- **Measure Your Bed:** Always measure the inside length of your truck bed to ensure correct fitment before installation. Cab size does not affect compatibility as long as the vehicle model and bed size are correct.

4. What's in the Box

Your FeeTUO Soft Roll-Up Tonneau Cover package includes:

- One (1) Soft Roll-Up Tonneau Cover assembly.
- Installation hardware (clamps, rails, etc.).
- Instruction manual.
- One (1) 118-inch waterproof strip.
- One (1) LED light.

5. Setup and Installation

Installation of the FeeTUO Soft Roll-Up Tonneau Cover is designed to be straightforward, requiring no drilling or complex tools. The process can typically be completed within 20 to 30 minutes.

5.1 Pre-Installation Steps

1. Unpack all components and verify against the 'What's in the Box' list.
2. Ensure your truck bed is clean and free of debris.
3. Confirm truck bed compatibility (refer to Section 3).

5.2 Installation Procedure

Follow the detailed instructions provided with your product. General steps include:

1. Position the front rail assembly at the bulkhead of the truck bed.
2. Attach the side rails to the front rail and align them along the truck bed rails.
3. Secure the rails using the provided clamps. Ensure clamps are tightened securely for a stable fit.
4. Roll out the tonneau cover over the bed and engage the latching system at the tailgate.
5. Adjust the tension control to achieve a snug, wrinkle-free fit.
6. Apply the waterproof strip as desired for enhanced sealing.
7. Install the LED light in a convenient location within the truck bed for improved visibility.

6. Operating Instructions

The FeeTUO Soft Roll-Up Tonneau Cover is designed for easy operation, allowing quick access to your truck bed.

6.1 Opening the Cover

1. Lower your truck's tailgate.
2. Locate the quick-release strap or latching mechanism at the tailgate end of the cover.
3. Pull the strap or disengage the latches to release the cover from the side rails.
4. Carefully roll the cover towards the cab of the truck.
5. Secure the rolled-up cover using the integrated straps or buckles near the cab to prevent it from

unrolling during transit.

6.2 Closing the Cover

1. Release the securing straps near the cab.
2. Gently unroll the cover towards the tailgate, ensuring it remains centered on the truck bed.
3. Press down firmly along the side rails to engage the cover with the hook-and-loop fasteners or secure the latches.
4. Ensure the tailgate latching system is fully engaged for maximum security.
5. Verify the cover is taut and wrinkle-free. Adjust tension if necessary.

7. Maintenance

Regular maintenance will ensure the longevity and optimal performance of your FeeTUO Soft Roll-Up Tonneau Cover.

- **Cleaning the Cover:** Wash the vinyl cover regularly with mild soap and water. Avoid harsh chemicals or abrasive cleaners, which can damage the material and its UV protective coating. Rinse thoroughly

and allow to air dry.

- **Cleaning the Rails:** Keep the aluminum rails clean from dirt and debris to ensure smooth operation of the roll-up mechanism.
- **Inspect Fasteners:** Periodically check all clamps, latches, and tension controls to ensure they are secure and functioning correctly. Tighten any loose fasteners.
- **Weather Protection:** The cover is designed to be waterproof and UV resistant. However, for extreme weather conditions, ensure the cover is properly secured and tensioned to minimize water ingress.

8. Troubleshooting

This section addresses common issues you might encounter with your tonneau cover.

8.1 Water Leaks

- **Check Seal:** Ensure the waterproof strip is correctly installed along the bulkhead and side rails.
- **Tension:** Verify the cover is properly tensioned and free of wrinkles, which can create gaps.
- **Drainage:** Ensure the truck bed's drain holes are clear.

8.2 Difficulty Rolling/Unrolling

- **Obstructions:** Check for any debris or objects obstructing the rails or the cover material.
- **Alignment:** Ensure the cover and rails are properly aligned and not binding.
- **Lubrication:** A silicone-based lubricant can be applied to the hook-and-loop fasteners or rail channels if friction is an issue.

8.3 Cover Not Latching Securely

- **Alignment:** Ensure the cover is centered and fully extended to allow the latches to engage properly.
- **Tension:** Adjust the tension control to ensure the cover is taut enough for the latches to connect.
- **Obstructions:** Clear any debris from the latching mechanism.

If you encounter issues not covered here, please contact FeeTUO customer support for assistance.

9. Specifications

Feature	Specification
Brand	FeeTUO
Model	FER030A
Style	Soft Roll-Up
Compatible Bed Size	5.8FT / 69.3 inches
Material	Aluminum, Fiberglass (Vinyl Cover)
