## Urbanista Phoenix

# Urbanista Phoenix Earbuds User Manual

Model: Phoenix | Brand: Urbanista

## INTRODUCTION

Welcome to the user manual for your Urbanista Phoenix Solar Powered Hybrid Active Noise Cancelling Wireless Earbuds. These innovative earbuds offer an unparalleled audio experience with the convenience of self-charging technology. Designed for freedom and superior sound, Phoenix ensures you stay connected and immersed in your audio, wherever life takes you.

Key features include:

- **Endless Charge:** Powerfoyle solar cell technology in the charging case for continuous charging from any light source.
- **Hybrid Active Noise Cancellation:** Block out ambient noise for crystal clear audio.
- **Transparency Mode:** Stay aware of your surroundings without removing your earbuds.
- **Bluetooth Multipoint:** Seamlessly switch between two connected devices.
- **In-Ear Detection:** Automatic play/pause when earbuds are inserted or removed.
- **IPX4 Water Resistance:** Designed to withstand splashes and sweat.

## WHAT'S IN THE BOX

Your Urbanista Phoenix package includes the following items:

- Urbanista Phoenix True Wireless Earbuds (Left and Right)
- Urbanista Phoenix Charging Case with Powerfoyle Solar Panel
- USB-C Charging Cable
- Silicone Ear Tips (Small, Medium, Large)
- User Manual (this document)

## PRODUCT OVERVIEW

### Self-Charging Case with Powerfoyle™ Technology

The Phoenix charging case features integrated Powerfoyle™ solar cell technology, allowing it to continuously recharge when exposed to any light source, whether natural or artificial. This innovative feature provides an almost endless playtime, ensuring your earbuds are always ready when you are.

### Hybrid Active Noise Cancellation (ANC) & Transparency Mode

Immerse yourself in your music or calls with Hybrid Active Noise Cancellation, which effectively filters out distracting background noise. For moments when you need to be aware of your surroundings, activate Transparency Mode to allow ambient sounds to pass through, keeping you connected to your environment without removing your earbuds.

### **Bluetooth Multipoint Connectivity & Intuitive Controls**

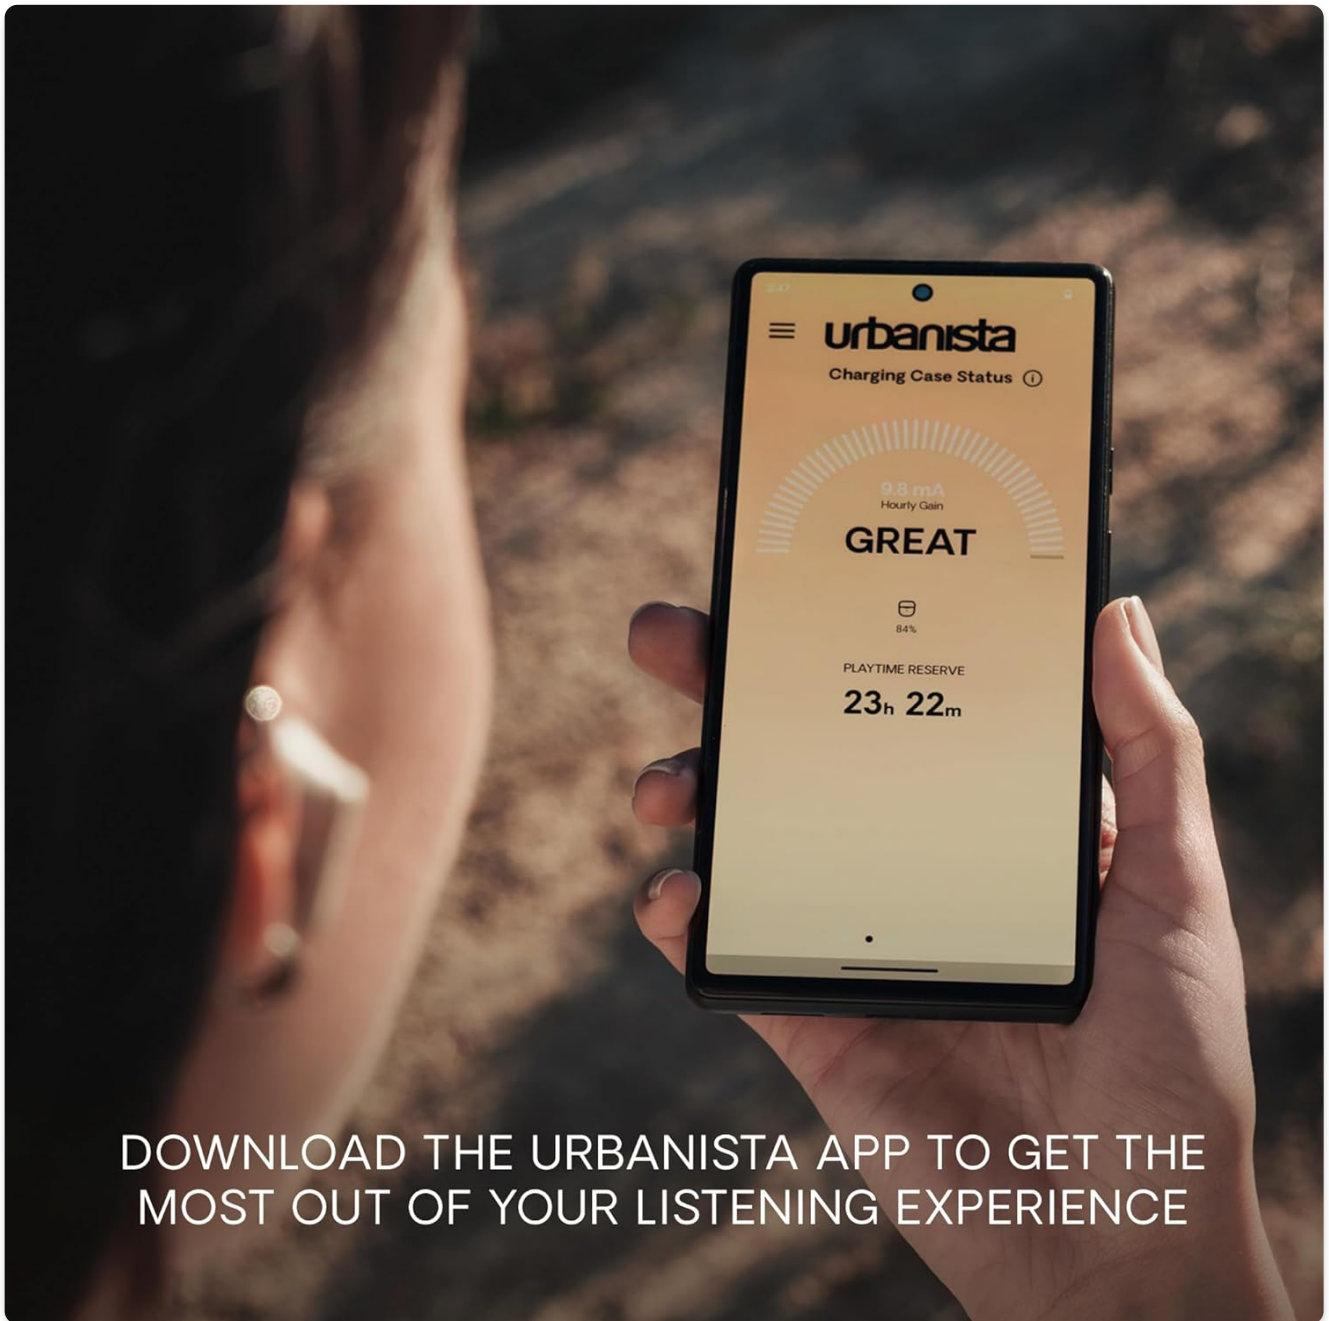

Phoenix earbuds support Bluetooth 5.2 with multipoint connectivity, allowing you to connect to two devices simultaneously and seamlessly switch between them. The earbuds feature intuitive touch controls for managing playback, calls, and activating voice assistants (Siri and Google Voice Assistant). In-ear detection automatically pauses audio when an earbud is removed and resumes when re-inserted.

### **Urbanista App Integration**

Enhance your experience with the Urbanista App, available for both iPhone and Android devices. The app provides total control over your earbuds' features, including monitoring charging status, adjusting sound settings, and customizing touch controls.

## SETUP

### Initial Charging

Before first use, it is recommended to fully charge your Urbanista Phoenix earbuds and charging case. You can charge the

case via the included USB-C cable or by placing it in direct or indirect light to utilize the Powerfoyle solar charging feature.

- **USB-C Charging:** Connect the USB-C cable to the charging port on the case and to a power source. The LED indicator on the case will show charging status.
- **Solar Charging:** Place the charging case with the Powerfoyle panel facing a light source (sunlight or indoor light). The case will continuously charge, extending battery life.

## Pairing with Your Device

1. Ensure the earbuds are in the charging case and the case lid is open.
2. On your device (smartphone, tablet, computer), go to Bluetooth settings.
3. Select "Urbanista Phoenix" from the list of available devices.
4. Once connected, you will hear an audio prompt, and the LED indicator on the case will confirm successful pairing.

For multipoint connection, pair the earbuds with the first device, then disconnect. Pair with the second device. Reconnect to the first device, and the earbuds should now be connected to both.

## OPERATING INSTRUCTIONS

### Touch Controls

The Urbanista Phoenix earbuds feature intuitive touch controls on each earbud. The specific functions can often be customized via the Urbanista App.

Action	Function (Default)
Single Tap	Play/Pause, Answer Call
Double Tap (Right Earbud)	Next Track
Double Tap (Left Earbud)	Previous Track
Triple Tap	Activate Voice Assistant (Siri/Google Assistant)
Long Press (2 seconds)	Toggle ANC/Transparency Mode
Long Press (5 seconds)	Power On/Off

### Active Noise Cancellation (ANC) and Transparency Mode

You can switch between ANC, Transparency Mode, and Default (off) using the touch controls or through the Urbanista App. ANC reduces external noise, Transparency Mode allows you to hear your surroundings, and Default mode has no active sound processing.

## MAINTENANCE AND CARE

- **Cleaning:** Regularly clean your earbuds and charging case with a soft, dry, lint-free cloth. Avoid using harsh chemicals or abrasive materials.
- **Water Resistance:** The earbuds are IPX4 water-resistant, meaning they are protected against splashing water from

any direction. They are not waterproof and should not be submerged in water. Ensure they are dry before placing them back in the charging case.

- **Storage:** When not in use, store the earbuds in their charging case to protect them and ensure they remain charged. Store in a cool, dry place away from extreme temperatures.
- **Solar Charging:** For optimal solar charging, ensure the Powerfoyle panel on the case is exposed to light. Avoid covering it for extended periods.

## TROUBLESHOOTING

### Earbuds Not Pairing/Connecting

- Ensure both earbuds are charged.
- Turn off Bluetooth on your device and turn it back on.
- Forget "Urbanista Phoenix" from your device's Bluetooth list and attempt to re-pair.
- Place both earbuds in the charging case, close the lid for 10 seconds, then open to reset.

### No Sound or Low Volume

- Check the volume levels on both your device and the earbuds.
- Ensure earbuds are properly seated in your ears.
- Clean any debris from the earbud mesh.

### Charging Issues

- **USB-C:** Try a different USB-C cable and power adapter. Ensure the cable is fully inserted.
- **Solar:** Ensure the Powerfoyle panel is clean and exposed to sufficient light. Charging speed varies with light intensity.
- Ensure the earbuds are correctly placed in the charging case.

## SPECIFICATIONS
