Setup Instructions

Follow these steps to assemble your OLAKIDS Wooden Train Table:

1. **Unpack Components:** Carefully remove all parts from the packaging. Verify that all components listed in the "Product Components" section are present and undamaged.
2. **Attach Legs:** Securely attach the four wooden legs to the underside of the main table unit. Ensure they are firmly fastened to provide stability.
3. **Insert Storage Drawer:** Slide the storage drawer into its designated slot beneath the table. The drawer features lockable wheels for easy movement and stability.
4. **Arrange Play Surface:** The table features a pre-designed play surface. The removable wooden playing surface can also be placed on the floor for more building space if desired.
5. **Set Up Playset:** Begin building your desired railway system and city layout using the 100 different colorful toy pieces. Encourage creativity in arranging tracks, buildings, vehicles, and figures.

Operating Instructions

The OLAKIDS Wooden Train Table is designed for imaginative play. Here’s how to maximize the experience:

- **Creative Play:** Utilize the 100 diverse pieces to construct various railway systems, cities, and landscapes. Children can arrange tracks, position buildings, and move trains and cars to create their own stories and scenarios.
- **Interactive Fun:** Encourage children to play with friends or family, fostering social skills and shared happiness. The open design allows multiple children to play simultaneously.
- **Removable Surface:** The wooden playing surface can be removed from the table and placed on the floor, offering additional space for larger layouts or different play configurations.
- **Storage Management:** When playtime concludes, use the large pull-out storage drawer to neatly store all the toy pieces. This helps maintain an organized play area and teaches children good habits. The lockable wheels on the drawer allow for easy access and secure positioning.

Maintenance

To ensure the longevity and cleanliness of your OLAKIDS Wooden Train Table and playset, follow these maintenance guidelines:

- **Cleaning:** Wipe down the wooden table and pieces with a soft, damp cloth. Avoid using harsh chemicals or abrasive cleaners, as these can damage the wood finish and paint.
- **Drying:** After cleaning, immediately dry all components with a clean, dry cloth to prevent moisture damage.
- **Storage:** Store the table and all accessories in a dry environment, away from direct sunlight and extreme temperatures, to prevent warping or fading. Utilize the integrated storage drawer to keep all 100 pieces organized and protected from dust.
- **Inspection:** Periodically inspect all parts for any signs of wear, damage, or loose components. Tighten any loose screws or connections as needed.

Troubleshooting

If you encounter any issues with your OLAKIDS Wooden Train Table, consider the following common solutions:

- **Table Instability:**
  - Ensure all four legs are securely attached and tightened.
  - Verify the table is placed on a flat, even surface.
- **Drawer Not Moving Smoothly:**
  - Check if the lockable wheels are disengaged.
  - Ensure no debris is obstructing the wheels or drawer runners.
  - Verify the drawer is not overloaded.
- **Missing or Damaged Pieces:**
  - Carefully re-check the packaging and play area for any misplaced items.
  - If pieces are genuinely missing or damaged upon arrival, please contact Olakids customer support for assistance.
