3. WHAT'S IN THE BOX

Upon opening the package, please verify that all components are present and undamaged:

- LED Reflector

## 4. INSTALLATION AND SETUP

4.1 Safety Precautions

- Ensure power is turned off at the circuit breaker before installation.
- Consult a qualified electrician if you are unsure about the installation process.
- Do not install in wet locations.

4.2 Installation Steps

1. **Prepare the Mounting Surface:** Ensure the ceiling surface is clean, dry, and capable of supporting the light fixture.
2. **Connect Wiring:** Carefully connect the light fixture's wires to your household electrical wires according to local electrical codes. Typically, this involves connecting live, neutral, and ground wires.
3. **Mount the Fixture:** Secure the ceiling light fixture to the mounting bracket on the ceiling using the provided screws.
4. **Restore Power:** Once the fixture is securely mounted and wired, restore power at the circuit breaker.

4.3 Initial App Setup (Cozylife APP)

1. **Download the App:** Download the "Cozylife" APP from your smartphone's app store (Apple App Store or Google Play Store).
2. **Register/Login:** Open the app and register a new account or log in if you already have one.
3. **Add Device:** Follow the in-app instructions to add your new Smart LED Ceiling Light. Ensure your phone is connected to a 2.4GHz Wi-Fi network, as the light only supports 2.4G WiFi.
4. **Pairing Mode:** The light may need to be put into pairing mode. Refer to the app's instructions for specific steps, which often involve cycling the power switch a few times.
5. **Connect to Wi-Fi:** Once detected, connect the light to your home's 2.4GHz Wi-Fi network through the app.

Examples of the AIYATO Smart LED Ceiling Light installed in different home environments such as a kitchen, bedroom, hallway, and bathroom, demonstrating its versatile application.

5. OPERATING INSTRUCTIONS

5.1 App Control

The Cozylife APP provides comprehensive control over your Smart LED Ceiling Light:

- **Power On/Off:** Toggle the light on or off.
- **Brightness Adjustment:** Adjust brightness from 1% to 100%.

Visual representation of the AIYATO Smart LED Ceiling Light's adjustable brightness from 0% to 100% and color temperature from 2700K (warm white) to 6500K (cool white).

- **Color Selection (RGBCW):** Choose from 16 million colors and adjust white light temperature (2000K-6500K).

The AIYATO Smart LED Ceiling Light displaying a wide range of RGB colors and white light options, highlighting its color-changing capabilities.

- **Timer & Schedule:** Set custom schedules for the light to turn on/off or change modes automatically. This includes wake-up and sleep modes for gradual dimming/brightening.
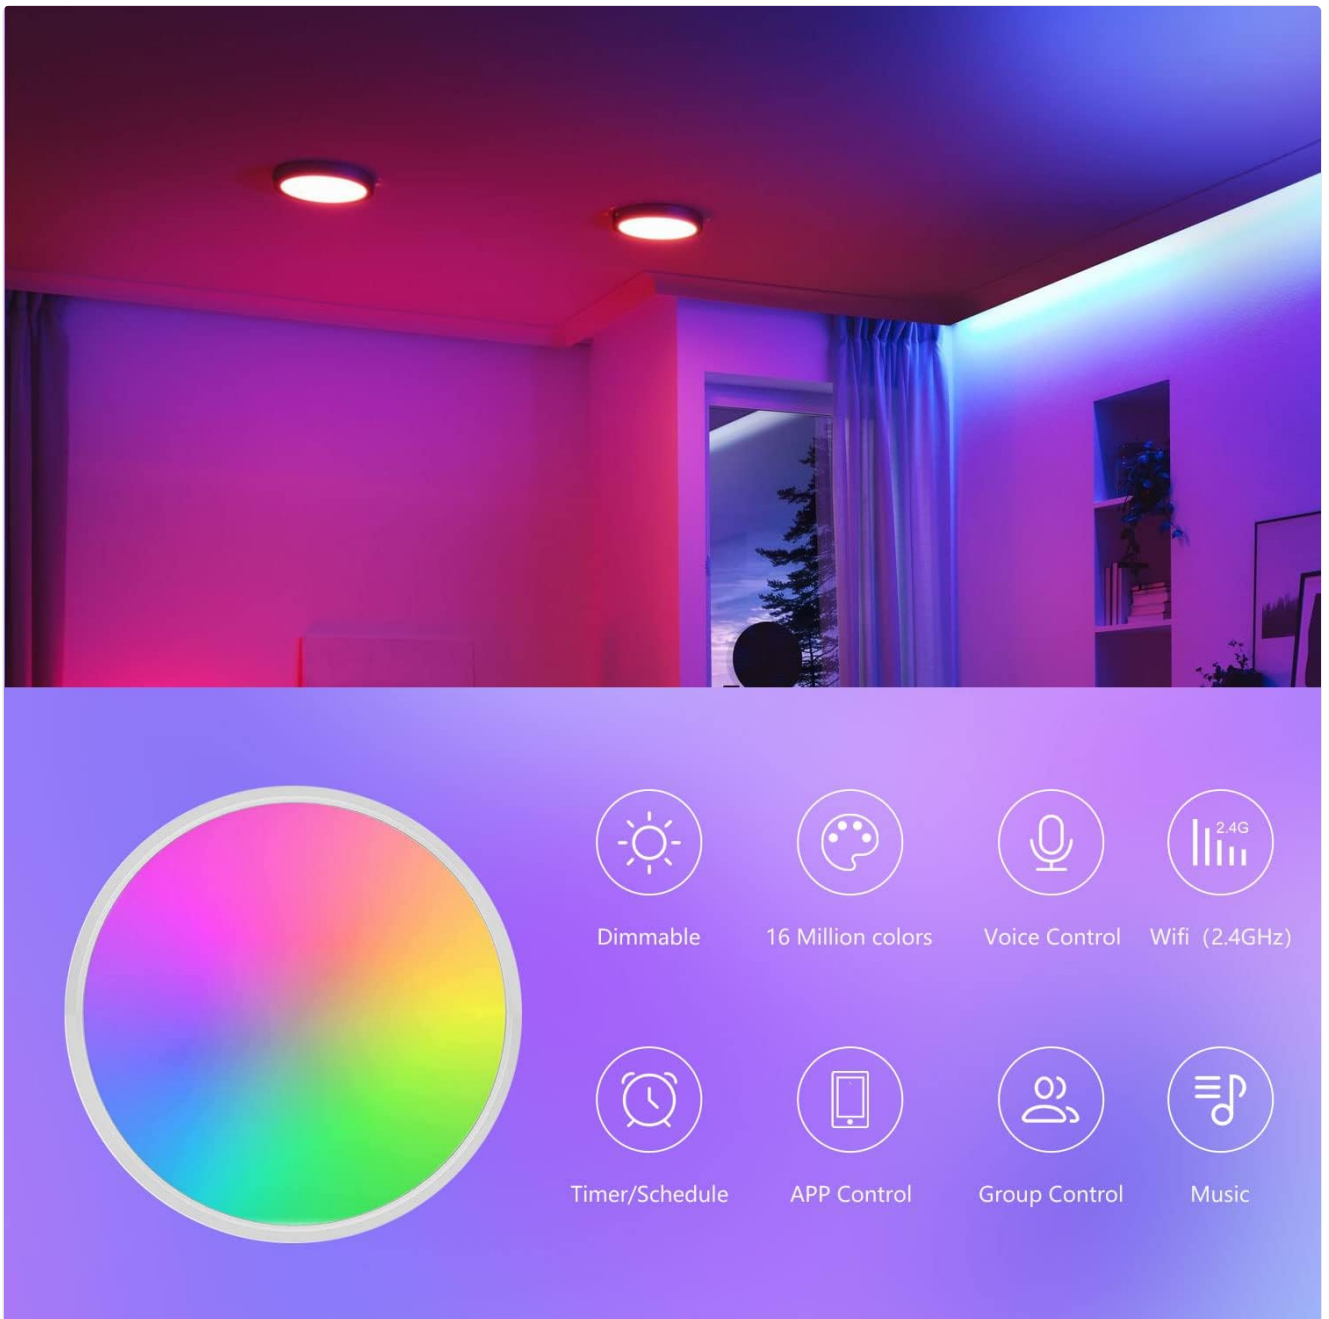

Illustration of the timer and schedule functions, allowing users to set specific times for the light to turn on or off, such as 8:00 AM off and 6:30 PM on.
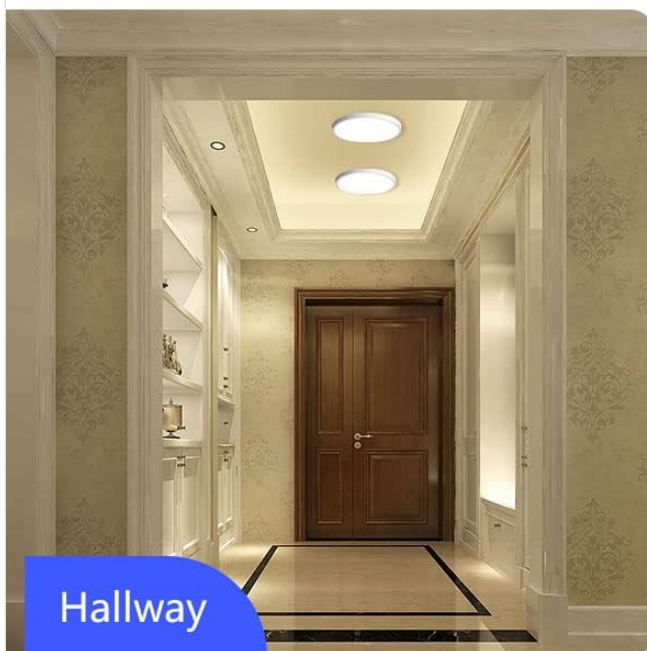

- **Group Control:** Create groups of lights to control multiple fixtures simultaneously.
- **Music Sync:** The light can change colors and patterns in sync with music or ambient sounds detected by your phone's microphone.

5.2 Voice Control

The AIYATO Smart LED Ceiling Light is compatible with popular voice assistants:

- **Apple HomeKit / Siri:** "Hey Siri, turn on the living room light."
- **Amazon Alexa:** "Alexa, turn light to blue."
- **Google Assistant:** "Google, dim light to 50%."

Demonstration of voice control capabilities with Google Assistant, Amazon Alexa, and Apple HomeKit, showing commands like 'Siri, turn on the light', 'Alexa, turn light to blue', and 'Google, dim light to 50%'.

6. MAINTENANCE

- **Cleaning:** Disconnect power before cleaning. Use a soft, dry cloth to wipe the surface of the light. Do not use abrasive cleaners or solvents.
- **Firmware Updates:** Periodically check the Cozylife APP for firmware updates to ensure optimal performance and access to new features.
- **Troubleshooting Connectivity:** If the light loses connection, ensure your Wi-Fi network is stable and still 2.4GHz. Power cycling the light and your router may resolve minor issues.

7. TROUBLESHOOTING

Problem	Possible Cause	Solution

Problem	Possible Cause	Solution
Light does not turn on.	No power; loose wiring; faulty fixture.	Check circuit breaker. Verify wiring connections. Contact support if issue persists.
Cannot connect to Wi-Fi.	Incorrect Wi-Fi band (not 2.4GHz); wrong password; light not in pairing mode; router too far.	Ensure 2.4GHz Wi-Fi. Re-enter password. Cycle power to enter pairing mode. Move router closer or use Wi-Fi extender.
Voice control not working.	Incorrect voice command; assistant not linked to Cozylife app; internet connectivity issue.	Use correct commands. Verify linking in respective assistant app (Home, Alexa, Google Home). Check internet connection.
Light frequently goes offline.	Weak Wi-Fi signal; network congestion; router issues.	Improve Wi-Fi signal strength. Reduce network congestion. Restart router.
Colors/brightness not as expected.	App settings incorrect; light calibration issue.	Adjust settings in Cozylife app. Perform a factory reset if necessary (refer to app for instructions).
Music sync not responsive.	Microphone permission denied; low volume; app issue.	Ensure Cozylife app has microphone permission. Increase music volume. Restart app.

8. SPECIFICATIONS

Brand: AIYATO

Light Type: LED

Special Feature: Dimmable, HomeKit Control, Timer, Color Changing, Group Control

Wattage: 24 watts

Bulb Shape Size: R30

Incandescent Equivalent Wattage: 140 Watts

Specific Uses For Product: Decoration

Light Color: [ALL]

Voltage: 120 Volts

Unit Count: 1.0 Count

Color Temperature: 6500 Kelvin

Number of Items: 1

Brightness: Adjustable (1% - 100%)

Shape: Reflector(R)" or "Globe(G)
