UDPATIO 13'x13' Pop up Gazebo Canopy Tent

UDPATIO 13'x13' Pop up Gazebo Canopy Tent Instruction Manual

Model: 13'x13' Pop up Gazebo Canopy Tent

INTRODUCTION

This manual provides detailed instructions for the assembly, operation, and maintenance of your UDPATIO 13'x13' Pop up Gazebo Canopy Tent. Please read all instructions carefully before beginning assembly and retain this manual for future reference.

SAFETY INFORMATION

- Ensure proper assembly of all components before use to prevent structural instability.
- Avoid using the gazebo during adverse weather conditions such as lightning storms, heavy rain, strong winds, or snowing days. Disassemble and store the gazebo in such conditions to prevent damage or injury.
- Handle all parts with care during assembly and disassembly due to the weight of certain components. It is recommended that at least two people assemble this gazebo.
- Keep children and pets away from the assembly area.
- Do not hang heavy objects from the gazebo frame.
- Ensure the gazebo is securely anchored to the ground using all provided stakes and sandbags.

PACKAGE CONTENTS

Before beginning assembly, verify that all parts listed below are present and undamaged. If any parts are missing or damaged, please contact customer support.

Image: A visual representation of all components included in the gazebo package, labeled for easy identification.

- 1 x Canopy Frame (Main structure)
- 1 x Carry Bag (For transport and storage)
- 8 x U-Shape Ground Stakes (For securing the canopy bracket)
- 4 x T-Shape Ground Stakes (For additional ground anchoring)
- 4 x Netting Walls (With double-side zippers for insect protection)
- 4 x Canopy Ropes (For stability)
- 1 x Canopy Top (Main roof fabric, 210D silver coated oxford with UPF 50+ UV protection)
- 4 x Sandbags (For added stability against wind)
- 1 x Canopy Top-Small (Upper vent cover)
- Hardware (Screws, bolts, etc., as per detailed assembly steps)

SETUP INSTRUCTIONS

Follow these steps carefully for proper assembly. It is recommended to have at least two people for assembly.

Step-by-Step Assembly

HEAVY DUTY POP-UP GAZEBO

Image: A visual guide illustrating the four main steps for setting up the gazebo.

1. Step 1: Assemble Posts and Beams

- Unfold the main frame structure.
- Connect the horizontal beams to the vertical posts using the provided hardware. Ensure all connections are secure. Refer to the assembly video for detailed connection points.
- Attach the curved support bars to the upper corners of the frame.

2. Step 2: Assemble Top Frame

- Assemble the smaller top frame structure by connecting the central hub to the radiating support bars.
- Carefully lift and attach this assembled top frame to the main gazebo frame.

3. Step 3: Assemble Softtop

- Place the small canopy top (vent cover) over the top frame, ensuring it is centered and

secured.

- Place the large canopy top over the entire frame. Pull it to each corner end fully, ensuring a snug fit. Secure the canopy to the frame using any integrated ties or fasteners.

4. Step 4: Attach Curtains and Netting

- Attach the mosquito netting walls to the gazebo frame using the Velcro straps and snaps. Ensure the zippers are aligned for easy opening and closing.
- Secure the gazebo to the ground using the 8 U-shape ground stakes for the canopy bracket and 4 T-shape ground stakes for the main legs.
- Fill the 4 sandbags with sand and place them around the base of the gazebo legs for additional stability.
- Utilize the 4 canopy ropes by tying them to the frame and staking them into the ground to enhance stability, especially in windy conditions.

PACKAGE LIST

OPERATING INSTRUCTIONS

The UDPATIO Pop up Gazebo is designed for temporary outdoor use, providing shade and protection from insects. It is suitable for various outdoor activities such as gatherings, camping, or as a patio extension.

- **Weather Precautions:** This gazebo is not designed for permanent installation or use in severe

weather. Always close and secure the gazebo in lightning storms, heavy rain, strong winds, or snowing days to prevent damage to the product and potential injury.

- **Mosquito Netting:** Utilize the double-side-zipper mesh sidewalls to protect against flying insects while maintaining airflow.
- **Sun Protection:** The 210D silver coated oxford canopy provides UPF 50+ UV sun protection.

MAINTENANCE

- **Cleaning:** Clean the canopy fabric and netting with mild soap and water. Do not use harsh chemicals or abrasive cleaners. Allow all fabric components to dry completely before storage to prevent mildew.
- **Frame Care:** Inspect the steel frame periodically for any signs of rust or damage. Clean any dirt or debris from the frame.
- **Storage:** When not in use or during adverse weather, disassemble the gazebo and store all components in the provided carrying bag in a dry, protected area.

TROUBLESHOOTING

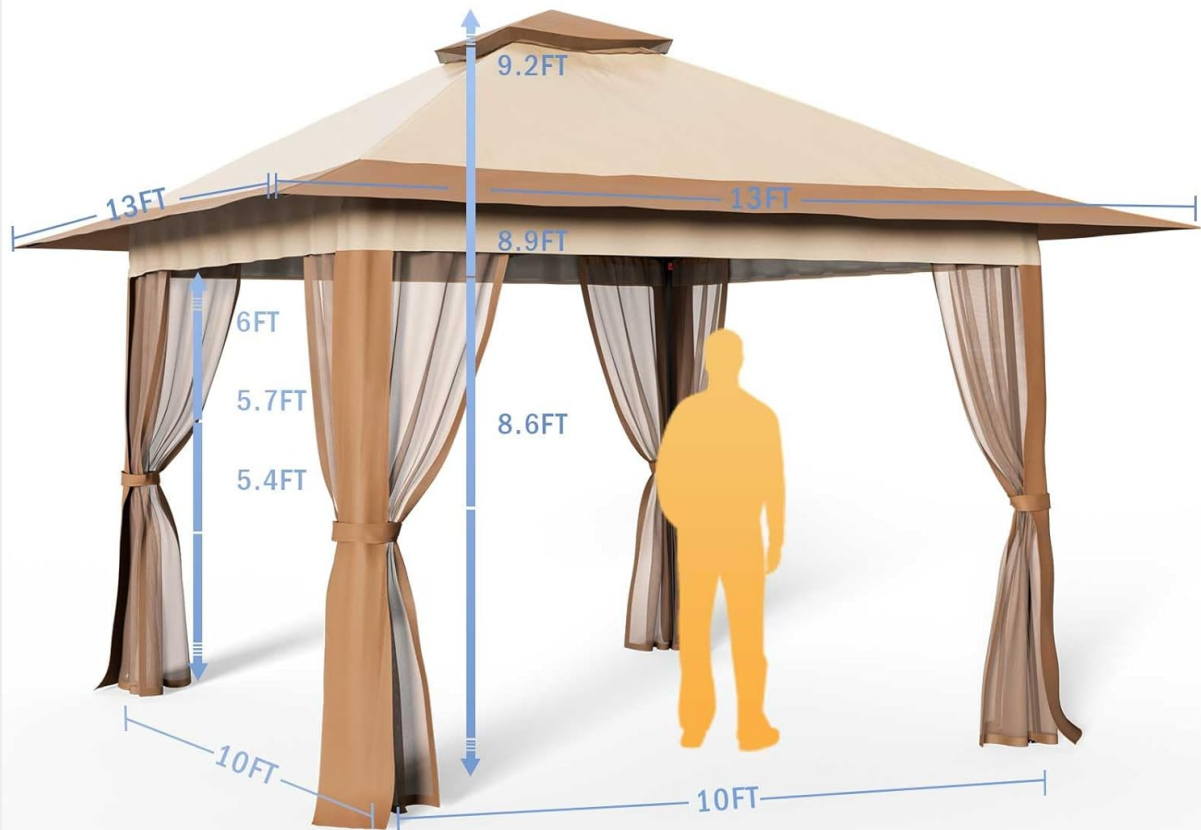

- **Gazebo Instability:** Ensure all stakes and sandbags are properly utilized and the frame connections are tightened. In windy conditions, additional anchoring may be necessary.
- **Difficulty with Assembly:** Refer to the step-by-step instructions and the assembly video. Ensure all parts are correctly oriented as shown in the diagrams. Having an additional person assist can greatly simplify the process.
- **Water Accumulation on Canopy:** Ensure the canopy is stretched tautly across the frame to allow for proper water runoff. The vented top design helps with airflow and reduces pressure.

SPECIFICATIONS

Brand	UDPATIO
Model	13'x13' Pop up Gazebo Canopy Tent
Material	Alloy Steel Frame, 210D Silver Coated Oxford Fabric
Top Coverage Dimensions	13'L x 13'W (approximately 169 sq ft)
