# **Quip Rechargeable Smart Sonic Toothbrush User Manual**

Brand: Quip | Model: 920-00193

## **INTRODUCTION**

---

The Quip Smart Sonic Toothbrush is designed to simplify your oral care routine with advanced features for a healthier smile. It combines timed sonic vibrations with smart tracking capabilities via the Quip app, ensuring effective and guided brushing.

## SETUP

### 1. Initial Charge

Before first use, fully charge your Quip toothbrush. One full 8-hour charge can last up to 3 months with typical use (2 minutes, twice daily).

Your browser does not support the video tag.

Video: Official Quip guide on how to charge your rechargeable toothbrush. It demonstrates connecting the magnetic charging cable to the brush handle and plugging it into a power adapter. The video also shows the white LED light indicating charging status.

To charge, snap the magnetic end of the USB charging cable onto the bottom of the brush handle. Plug the USB cable into a power adapter (not included). A white LED light indicates the brush is charging. The light will turn off after a full charge (approximately 8 hours).

## Magnetic cable, up to a 3-month charge

## 2. Attaching the Brush Head

Ensure the brush head is securely attached to the handle before use. The brush head is designed for easy replacement.

## OPERATING INSTRUCTIONS

### 1. Brushing Technique

Wet the brush head and apply toothpaste. Place the toothbrush in your mouth, ensuring it doesn't touch any soft tissues. Press the power button to start brushing. The Smart Quip Toothbrush features a 2-minute built-in timer and 30-second pulses to guide you through a complete and even clean across all quadrants of your mouth.

Video: An official Quip video demonstrating the features of the Adult Smart Sonic Rechargeable Toothbrush, including its 2-minute timer, 30-second pulses, and gentle sonic vibrations for effective cleaning.

Rinse your mouth and the toothbrush after brushing.

# Soft bristles, tongue scraper, safe for sensitive gums

Image: A close-up of the Quip toothbrush head, highlighting its soft bristles and integrated tongue scraper, designed for gentle yet effective cleaning of teeth and gums.

## 2. Smart Features & App Connectivity

Utilize the Quip app to automatically track your daily brushing habits, including duration, strokes, coverage, and intensity. The app provides tips and reminders to help you maintain healthy oral hygiene habits and even allows you to earn rewards.

# Eco-friendly brushing

Long-lasting handle.  
85% reusable, replace  
just the brush head.

## MAINTENANCE

---

### 1. Replacing the Brush Head

Dentists recommend replacing brush heads every 3 months to ensure optimal cleaning performance. Simply keep the metal handle and replace only the brush head for an eco-friendly approach.

# Round out your routine

Add paste, floss,  
gum and more.

Image: A person demonstrating the ease of replacing the brush head on the Quip toothbrush, emphasizing the product's long-lasting handle and replaceable components for sustainability.

## 2. Cleaning the Toothbrush

The Quip toothbrush is fully waterproof. After each use, rinse the brush head and handle thoroughly under running water. Allow it to air dry. Ensure contact points are clean and dry before charging.

## TROUBLESHOOTING

For detailed troubleshooting steps and common issues, please refer to the official troubleshooting guide provided by Quip:
