Key Features:

- **2K Ultra Clarity:** Full 2K resolution for impressive image quality and color accuracy.
- **Wide Viewing Angle:** 100° viewing angle with a versatile 360° rotatable stand/bracket.
- **Advanced Motion Detection:** Detects human motion and crying babies, minimizing false alerts.
- **Night Vision:** Six high-power infrared LEDs provide clear images in low light conditions.
- **Two-Way Communication:** Built-in microphone and speaker for interactive communication.

- **Flexible Storage:** Supports microSD cards up to 128GB (sold separately) and optional cloud storage.
- **Smart Home Compatibility:** Works with Amazon Alexa, Google Assistant, and Siri for voice control.

2. PACKAGE CONTENTS

Please check the package for the following items:

- Nexxt 2K Indoor Camera (2 units for 2PK model)
- Power Adapter
- USB Cable
- Mounting Stand
- User Manual (this document)

3. SETUP GUIDE

Follow these steps to set up your Nexxt 2K Indoor Camera:

1. **Download the Nexxt Home App:** Search for "Nexxt Home" in the Apple App Store (for iOS devices) or Google Play Store (for Android devices) and install the application.
2. **Create an Account:** Open the Nexxt Home app and register for a new account or log in if you already have one.
3. **Power On the Camera:** Connect the camera to a power source using the provided USB cable and power adapter. The camera's indicator light will begin to flash, indicating it is ready for pairing.
4. **Add Device:** In the Nexxt Home app, tap the "+" icon or "Add Device" to begin the pairing process. Select your camera model from the list of available devices.
5. **Scan QR Code:** The app will prompt you to scan a QR code. Position your phone's screen with the QR code in front of the camera lens at a distance of 6-8 inches (15-20 cm) until you hear a confirmation sound from the camera.
6. **Connect to Wi-Fi:** Enter your Wi-Fi network name and password when prompted by the app. Ensure your camera is connected to a 2.4GHz Wi-Fi network.
7. **Placement:** Place the camera on a flat surface or mount it using the included stand. Ensure it has a clear view of the area you wish to monitor. The 360° rotatable stand allows for flexible positioning.

4. OPERATING INSTRUCTIONS

4.1 Live View

Access the live feed of your camera anytime through the Nexxt Home app. This allows you to monitor your space in real-time from anywhere with an internet connection.

4.2 Motion Detection & Alerts

The camera is equipped with advanced motion detection, capable of identifying human shapes and even crying sounds. When motion or sound is detected, the camera will send real-time notifications to your smartphone.

4.5 Storage Options

- **MicroSD Card:** Insert a microSD card (up to 128GB, sold separately) into the camera's slot for local storage of recordings.
- **Cloud Storage:** Optional cloud storage plans are available through the Nexxt Home app for secure, off-site video backup.

4.6 Voice Control Integration

Integrate your Nexxt 2K Indoor Camera with popular voice assistants for convenient control:

- **Amazon Alexa:** Link your Nexxt Home account to Alexa for voice commands.
- **Google Assistant:** Connect your camera to Google Home for hands-free operation.
- **Siri:** Utilize Siri shortcuts for quick access to camera functions.

5. MAINTENANCE

To ensure optimal performance and longevity of your Nexxt 2K Indoor Camera, follow these maintenance guidelines:

- **Cleaning:** Gently wipe the camera lens and body with a soft, dry cloth. Avoid using liquid cleaners or abrasive materials, as they may damage the lens or casing.
- **Placement:** Ensure the camera is placed in a stable location to prevent accidental falls. Avoid placing it in direct sunlight or near heat sources, which can affect performance and lifespan.
- **Software Updates:** Regularly check the Nexxt Home app for firmware updates. Keeping your camera's software up-to-date ensures you have the latest features and security enhancements.
- **Power Supply:** Use only the original power adapter and USB cable provided with the camera. Using unauthorized power sources may cause damage or malfunction.

6. TROUBLESHOOTING

If you encounter issues with your Nexxt 2K Indoor Camera, refer to the following common troubleshooting steps:

Problem	Possible Solution
Camera fails to connect to Wi-Fi	<ul style="list-style-type: none">• Ensure your Wi-Fi network is 2.4GHz.• Check Wi-Fi password for accuracy.• Move the camera closer to the Wi-Fi router.• Restart the camera and your router.
No image or poor image quality	<ul style="list-style-type: none">• Check power connection.• Ensure the lens is clean and free from obstructions.• Verify network stability for live view.
Motion detection alerts are not received	<ul style="list-style-type: none">• Check app notification settings on your phone.• Ensure motion detection is enabled in the Nexxt Home app.• Adjust motion sensitivity settings.
Two-way audio not working	<ul style="list-style-type: none">• Ensure microphone and speaker permissions are granted to the app.• Check volume settings on your phone and within the app.
