Rhinowalk MT2335-T

Rhinowalk Motorcycle Tail Bag MT2335-T Instruction Manual

Comprehensive guide for your Rhinowalk 23L-35L Expandable Waterproof Motorcycle Tail Bag.

PRODUCT OVERVIEW

The Rhinowalk MT2335-T Motorcycle Tail Bag is designed for motorcycle enthusiasts seeking versatile and waterproof storage. This expandable bag offers a capacity of 23L, which can be extended to 35L, comfortably accommodating a full-face helmet when expanded. Constructed from thickened EVA and enforced polyester fabric, it provides durability, shock absorption, and superior waterproofing for all weather conditions.

- **Model:** MT2335-T
- **Brand:** Rhinowalk
- **Capacity:** 23L (expandable to 35L)
- **Material:** Thickened EVA, Enforced Polyester Fabric (PU6000MM waterproof rating)
- **Color:** Carbon Black

SETUP & INSTALLATION

The Rhinowalk MT2335-T tail bag offers universal fitment and can be securely mounted to various motorcycle types, including off-road, sport, touring, and standard motorcycles. Follow these steps for proper installation:

Mounting Instructions (Universal Fit)

1. **Prepare Webbing:** Take out the 4 provided 2.5cm-wide webbings.
2. **Secure Front Webbing:** Fix 2 webbings on both sides of the bike rack or sub-frame, in suitable positions.
3. **Secure Rear Webbing:** Fix the remaining 2 webbings at the tail/rack rear.

4. **Position Bag:** Place the tail bag onto the motorcycle seat or rack, aligning the buckles.
5. **Insert Buckles:** Insert the buckles from the bag into the fixed webbings and release the cam buckle to secure.
6. **Tighten & Store:** Tighten all webbings to ensure the bag is firmly attached. Lock the buckles and collect any excess webbing to prevent flapping.

This video demonstrates the complete installation process of the Rhinowalk Motorcycle Tail Bag, showing how to attach the webbings to the motorcycle and secure the bag for a stable ride. It highlights the ease of attachment and the secure fit.

OPERATING INSTRUCTIONS

Expanding Capacity (23L to 35L)

The tail bag features an expandable design to increase its storage capacity. To expand the bag:

1. **Loosen Top Lid Straps:** Unbuckle and loosen any straps securing the top lid.
2. **Unzip Expansion Zipper:** Locate the expansion zipper running along the middle perimeter of the bag. Unzip it completely.
3. **Adjust Shape:** The bag will naturally expand, allowing for increased volume.
4. **Helmet Storage:** When fully expanded, the bag can easily fit a full-face helmet.

Image: Visual representation of the tail bag expanding from 23L to 35L and fitting a full-face helmet.

This image clearly shows the tail bag in its contracted 23L state and its expanded 35L state, demonstrating how the middle section unzips to increase volume. It also illustrates a full-face helmet being placed inside the expanded bag.

Waterproofing

The Rhinowalk MT2335-T includes a separate inner bag made of enforced polyester fabric with a PU6000MM waterproof rating. The seams are sealed with thermal welds waterproof rubber tape to effectively resist rain and keep your belongings dry.

- Always use the inner waterproof bag for sensitive items during rain or wet conditions.
- Ensure the inner bag is properly sealed before placing it inside the main tail bag.

EXPANDABLE | BIG LOAD

Expandable design on the top. 23L when contracted, easy riding and convenient storage. Up to 35L when fully extended and easily fits a full face helmet with lockable zippers.

This video provides a comprehensive overview of the Rhinowalk 35L expandable tail bag, showcasing its features, expansion capability, and waterproof inner bag. It demonstrates how the bag can be used for travel and its robust construction.

Security Features

- The main compartment features a lockable zipper for added security (lock not included).
- The thickened and stiffened EVA body provides moldable and shock-absorbent protection for your gear.

MAINTENANCE

To ensure the longevity and performance of your Rhinowalk Motorcycle Tail Bag, follow these maintenance guidelines:

- **Cleaning:** Wipe the exterior with a damp cloth and mild soap. Do not use harsh chemicals or abrasive cleaners.
- **Drying:** Allow the bag to air dry completely before storing, especially after exposure to rain or moisture.
- **Storage:** Store the bag in a cool, dry place away from direct sunlight when not in use.
- **Zipper Care:** Periodically clean zippers and apply a silicone-based lubricant to ensure smooth operation.
- **Strap Inspection:** Regularly check all straps and buckles for wear and tear. Replace if necessary to maintain secure attachment.

TROUBLESHOOTING

If you encounter any issues with your Rhinowalk Motorcycle Tail Bag, consider the following:

- **Bag feels loose:** Ensure all 4 webbings are correctly attached and tightened. Check cam buckles for proper engagement.
- **Water leakage:** Verify that the inner waterproof bag is properly sealed and free from damage. Ensure the main bag's zippers are fully closed.
- **Difficulty expanding/contracting:** Check for any obstructions in the expansion zipper. Ensure the zipper is clean and lubricated.
