- **Cable Care:** Avoid bending or twisting the USB-C cable excessively to prevent damage.

TROUBLESHOOTING

If you encounter any issues with your Inspiroy 2 Medium Drawing Tablet, refer to the following common solutions:

- **No Pen Response:**
 - Ensure the tablet is correctly connected to your computer/device.
 - Verify that the driver is installed correctly and is up-to-date.
 - Restart your computer and the tablet.
 - Check if the pen nib is properly inserted or needs replacement.
- **Driver Not Recognizing Tablet:**
 - Uninstall any previous tablet drivers (from other brands or older HUION versions) before installing the Inspiroy 2 driver.
 - Try connecting the tablet to a different USB port.
 - Temporarily disable your antivirus software during driver installation.
- **Inconsistent Pressure Sensitivity:**

- Adjust the pressure sensitivity settings in the HUION driver.
- Ensure your drawing software supports pressure sensitivity and that it is enabled.

- **Programmable Keys Not Working:**

- Check the key assignments in the HUION driver to ensure they are configured correctly.
- Make sure the driver is running in the background.
