## SETUP GUIDE

1. **Charging the Device:** Connect the karaoke machine and both microphones to a power source using the provided USB-C charging cables. The charging indicator lights will show charging status. Ensure devices are fully charged before first use for optimal battery life.
2. **Power On:** Press and hold the power button on the karaoke machine and each microphone until the indicator lights illuminate.
3. **Microphone Pairing:** The wireless microphones should automatically pair with the karaoke machine

upon power-on. If pairing fails, power cycle both the machine and microphones.

#### 4. **Bluetooth Connection:**

- Ensure the karaoke machine is in Bluetooth mode (indicated by 'BT' light).
- Enable Bluetooth on your smartphone, tablet, or other device.
- Search for 'YS-223' in the list of available devices and select it to pair.
- A confirmation sound will indicate successful pairing.

5. **AUX Connection:** Insert one end of the AUX cable into the AUX-in port on the karaoke machine and the other end into the audio output of your external device. The machine will automatically switch to AUX mode.

6. **USB/TF Card Playback:** Insert a USB flash drive or a Micro TF card containing audio files into the respective port. The machine will automatically detect and play the audio.

## OPERATING INSTRUCTIONS

---

### Karaoke Machine Controls:

- **Power Button:** Press and hold to turn on/off. Short press to switch input modes (Bluetooth, USB, TF, AUX).
- **Volume Control:** Long press the '+' or '-' buttons on the top panel to adjust the main speaker volume.
- **Playback Controls:** Use the 'Play/Pause', 'Previous Track', and 'Next Track' buttons for media control.
- **Sound Effects:** Buttons for 'TONE', 'REVERB', 'ECHO', and 'VOCAL CUT' are located on the top panel to modify audio output.
- **LED Lights:** The colorful LED lights automatically change with the music rhythm. There is no manual control for light patterns.

### Microphone Controls:

- **Power Button:** Press and hold to turn on/off.
- **Volume Control:** Use the 'VOL+' and 'VOL-' buttons to adjust microphone volume.
- **Sound Effects (EFF):** Press the 'EFF' button to cycle through the 7 magic voice effects (original, monster, baby, female, male, 2 mixing).

## MAINTENANCE

---

- **Cleaning:** Use a soft, dry cloth to clean the exterior of the karaoke machine and microphones. Do not use liquid cleaners or abrasive materials.
- **Storage:** Store the device in a cool, dry place away from direct sunlight and extreme temperatures.
- **Battery Care:** To prolong battery life, avoid fully discharging the device frequently. Recharge the device regularly, even if not in use for extended periods.
- **Water Exposure:** This device is not waterproof. Avoid exposure to water or high humidity.

## TROUBLESHOOTING

---

- **Microphone Feedback (Sharp, Strange Sounds):** This is common sound feedback. Ensure microphones are not too close (within 11.8 inches) to the speaker to prevent this.
- **No Sound Output:**

- Check if the karaoke machine and microphones are powered on and charged.
  - Verify the volume levels on both the machine and microphones.
  - Ensure the correct input mode (Bluetooth, AUX, USB, TF) is selected.
  - Check the connection to your external device (e.g., Bluetooth paired, AUX cable fully inserted).
- **Bluetooth Connection Issues:**
    - Make sure the karaoke machine is in Bluetooth pairing mode.
    - Disable and re-enable Bluetooth on your external device.
    - Move the devices closer to each other (within 49ft) and ensure no obstructions.
    - Forget the device from your external device's Bluetooth list and try pairing again.
- **Device Not Charging:**
    - Ensure the USB-C cable is securely connected to both the device and the power adapter.
    - Try a different USB-C cable or power adapter.
    - Check the power source (wall outlet, USB port) is functional.
