Magicteam Magicteam Sound Machines

Magicteam Sound Machines White Noise Machine User Manual

Model: Magicteam Sound Machines (B0BP1PLQQQ)

INTRODUCTION

Thank you for choosing the Magicteam Sound Machines White Noise Machine. This device is designed to create a peaceful and soothing environment, aiding in sleep, relaxation, and focus for individuals of all ages, including babies, kids, and adults. It features a wide selection of non-looping natural sounds, precise volume control, and convenient timer settings.

SAFETY INFORMATION

Ensure proper use and handling as per product documentation. Always use the provided AC adapter or a compatible USB power source. Do not expose the device to water or excessive humidity. Keep out of reach of small children if not supervised.

PRODUCT FEATURES

- **20 Non-Looping Sleep Sounds:** Includes white noise, brown noise, pink noise, blue noise, fan, brook, rain, ocean, bird, and bonfire sounds, suitable for various preferences.
- **Precise Volume Control:** Offers 32 levels of volume, allowing for fine-tuning to your ideal comfort level.
- **Timer Settings:** Customizable timer options for 1, 2, 3, 4, 5 hours, or continuous play.
- **Unique & Portable Design:** Compact solid-state design (6.3 x 4 x 2.4 inches) makes it ideal for home, office, or travel.
- **Memory Function:** Automatically restores your previous volume, sound, and time settings upon power-on.
- **Dual Power Options:** Can be powered by either an AC adapter or a USB cable.
- **Certified Safety:** Approved by FCC, CE, and RoHS for peace of mind.

The Magicteam White Noise Machine, showcasing its compact design and wood finish.

An illustration highlighting the 20 non-looping soothing sounds, including rain, brook, bird, fire, wave, and fan.

The timer function allows customization for 60, 120, 180, 240, or 300 minutes of play.

The device can be powered conveniently via either an AC adapter or a USB cable.

Versatile use for working, spa sessions, yoga, or improving sleep quality.

The sound machine offers benefits such as soothing babies, aiding sleep, enhancing attention, and relieving stress.

SETUP

1. **Power Connection:** Plug in the device using the provided AC adapter or connect it via a USB cable to a compatible power source.
2. **Placement:** Place the sound machine on a stable, flat surface away from direct sunlight, heat sources, and moisture.

OPERATING INSTRUCTIONS

1. **Power On/Off:** Press and hold the power button (U/I) for a few seconds to turn the machine on or off.

2. **Sound Selection:** Press the sound selection buttons (**K** or **I**) to cycle through the 20 available sleep sounds.
3. **Volume Adjustment:** Use the volume buttons (+ or -) to adjust the sound level. There are 32 levels of volume to choose from.
4. **Timer Setting:** Short press the power button (**U/I**) to set the sleep timer. The indicator lights will show the selected duration (1, 2, 3, 4, 5 hours). To disable the timer and allow continuous play, cycle through the timer options until no indicator lights are illuminated.
5. **Memory Function:** The machine will automatically remember your last selected sound, volume level, and timer setting when it is turned off and back on.

MAINTENANCE

To ensure the longevity and optimal performance of your Magicteam Sound Machine, follow these simple maintenance guidelines:

- **Cleaning:** Wipe the exterior of the device with a soft, dry cloth. Do not use liquid cleaners or abrasive materials.
- **Storage:** When not in use for extended periods, store the device in a cool, dry place.
- **Avoid Obstructions:** Ensure the speaker grille is free from dust and debris to maintain sound quality.

TROUBLESHOOTING

| Problem | Possible Cause | Solution |
|------------------------------------|--|---|
| No power/Device not turning on | Power cable not connected properly; Faulty power source. | Ensure the AC adapter or USB cable is securely plugged into both the device and a working power outlet/USB port. Try a different outlet or USB port. |
| No sound or low volume | Volume set too low; Muted. | Increase the volume using the '+' button. Ensure the device is not muted (if applicable, though this model does not have a dedicated mute button). |
| Sound stops unexpectedly | Timer function activated. | Check the timer indicator lights. If a timer is set, short press the power button repeatedly until all timer lights are off for continuous play. Be mindful that a short press of the power button activates the timer, while a long press turns the unit on/off. |
| Sound quality is poor or distorted | Speaker obstructed; Device placed on an uneven surface. | Ensure the speaker grille is clear. Place the device on a flat, stable surface. |
| Device does not operate wirelessly | Misconception about battery operation. | This device is designed to be powered by AC or USB and does not contain an internal rechargeable battery for cordless operation. It must be plugged in to function. |
