Gems Valley AMB-268

User Manual: Healing Hematite Chips Beads

Model: AMB-268

1. PRODUCT OVERVIEW

The Gems Valley Healing Hematite Chips Beads are natural, polished, irregular chip stone beads designed for various crafting and jewelry-making projects. Each strand provides approximately 34 inches of beads, ideal for creating unique accessories.

Image 1.1: Multiple strands of polished hematite chip beads, showcasing their irregular shape and metallic sheen.

These beads are made from Hematite, a popular gemstone known for its metallic luster and dark, often silvery-black appearance. They are supplied as a single strand, ready for your creative endeavors.

2. FEATURES

- **Gemstone Type:** Natural Hematite.
- **Bead Size:** Approximately 5-8 mm, offering a varied and organic look.
- **Bead Shape:** Irregular chips, providing unique texture and character to designs.
- **Strand Length:** Approximately 34 inches, suitable for multiple small projects or a single long piece.
- **Color:** Black with a silver shiny finish.
- **Versatility:** Ideal for a wide range of craftwork including bracelets, necklaces, anklets, waist beads, keyrings, earrings, and other decorative items.

3. USAGE INSTRUCTIONS

These hematite chip beads are designed for ease of use in various DIY jewelry and craft projects. Their

irregular shape allows for unique and organic designs.

3.1 Crafting Applications

The beads can be incorporated into numerous projects:

- **Jewelry Making:** String them to create bracelets, necklaces, anklets, or earrings. Combine with other beads or findings for personalized designs.
- **Accessories:** Use for keychains, bag charms, or decorative elements on clothing.
- **Home Decor:** Integrate into suncatchers, wind chimes, or other decorative beading projects for your home, holiday, or party decor.
- **Practical Items:** Create eyeglass chains or mask holder straps.

Image 3.1: Example of a long necklace created using the hematite chip beads, demonstrating their potential in jewelry design.

3.2 Getting Started

To begin, you will need basic jewelry-making supplies such as beading wire or thread, clasps, and crimp beads (if applicable). The irregular shape of these beads may require a slightly larger needle or wire gauge for stringing compared to perfectly round beads.

For visual guidance on the beads, please refer to the video below:

Video 3.2: A short demonstration of the Healing Hematite Chips Beaded Strand, showing the beads up close and their movement.

4. CARE AND MAINTENANCE

To ensure the longevity and appearance of your Hematite beads and creations, follow these care guidelines:

- **Cleaning:** Wipe beads gently with a soft, dry cloth. Avoid using harsh chemicals, abrasive cleaners, or ultrasonic cleaners, as these can damage the stone's finish.
- **Storage:** Store beads in a dry place, away from direct sunlight and extreme temperatures. Keep them in a soft pouch or a jewelry box to prevent scratching and tangling with other items.
- **Avoid Impact:** Hematite can be brittle; avoid dropping or striking the beads against hard surfaces to prevent chipping or breakage.
- **Chemical Exposure:** Minimize contact with perfumes, lotions, hairsprays, and household chemicals, as these can dull the metallic luster over time.

5. TROUBLESHOOTING

While Hematite beads are generally durable, some issues may arise:

- **Dullness:** If beads appear dull, gently polish them with a soft, lint-free cloth. Ensure they are clean and free of residue from skin oils or products.
- **Breakage/Chipping:** Due to their natural, irregular shape, some beads may have minor imperfections or be more prone to chipping if subjected to impact. Handle with care during crafting. If a bead breaks, it can often be replaced from the remaining strand or a new strand.
- **Color Variation:** Natural stones inherently have variations in color and size. Slight differences from product images are normal and not a defect.

6. SPECIFICATIONS

Attribute	Detail
Gemstone Name	Hematite
Stone Size	5-8 mm (Irregular Chips)
Strand Length	Approximately 34 Inches
Color	Black With Silver Shiny
Material	Natural Stone
Model Number	AMB-268
Manufacturer	Infinity Gems

7. IMPORTANT NOTES

- This product is sold as **one strand**. Images showing multiple strands are for illustrative purposes to help visualize the product's appearance and quantity.
- Size, weight, and color are approximate and may vary slightly due to the natural origin of the stone.
