Elchim X-Lite Plus

Elchim X-Lite Plus Hair Dryer Instruction Manual

Model: X-Lite Plus

INTRODUCTION

The Elchim X-Lite Plus is a professional hair dryer designed for efficient and effective hair drying and styling. It features a brushless digital motor for powerful airflow and reduced drying time. This manual provides essential information for the proper use and care of your device.

Benefits: The Italian brushless motor provides high power, reduced drying time, and enhanced longevity. Its lightweight and balanced design ensures comfortable use, while optimized airflow and heat contribute to smooth, frizz-free results.

Suggested Use: This hair dryer is suitable for all hair types. For best results, use on towel-dried hair with a styling brush to achieve smooth, professional-quality results while maintaining hair health and shine.

MAINTENANCE

Regular maintenance ensures optimal performance and extends the life of your hair dryer.

1. **Cleaning the Air Filter:** The rear air filter should be cleaned regularly to prevent dust and hair buildup, which can reduce airflow and cause overheating.

- Ensure the hair dryer is unplugged and cool before cleaning.
- Gently twist or pull off the rear filter cover (refer to product diagram if unsure).
- Remove any accumulated dust or hair using a soft brush or cloth.
- Replace the filter cover securely.
