Brafab QH216

Brafab QH216 Shoe Cabinet User Manual

Model: QH216 | Brand: Brafab

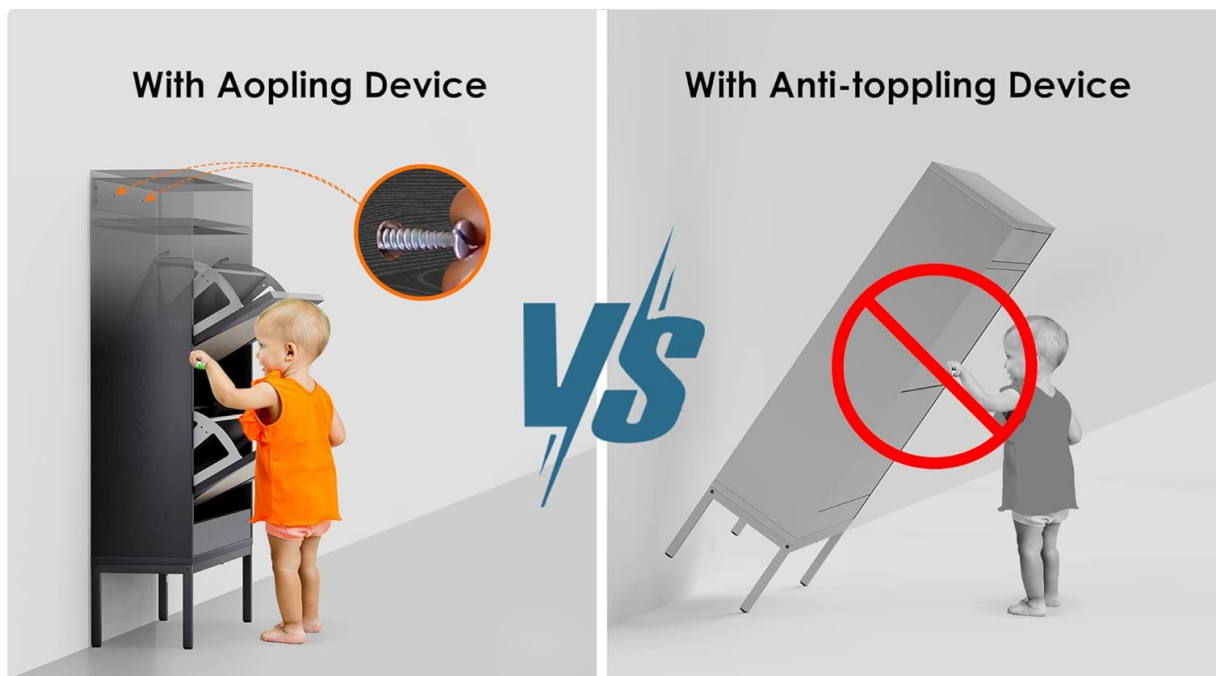

1. INTRODUCTION

This manual provides detailed instructions for the assembly, operation, and maintenance of your Brafab QH216 Shoe Cabinet. Designed with a natural rattan weave and two flip drawers, this cabinet offers an elegant and practical solution for organizing footwear in narrow spaces.

2. SAFETY INFORMATION

Important: Always follow the assembly instructions carefully. Use appropriate safety gear when assembling and mounting the cabinet. Be cautious of pinch points and hazards during use. Clean the cabinet with a damp cloth only.

To prevent tipping, it is highly recommended to secure the shoe cabinet to a wall using the provided anti-toppling device. This is especially important in households with children or pets.

Prevent Tip-over Incidents Ensuring your family's Safety

Figure 2.1: Illustration of the anti-toppling device, highlighting its function in preventing tip-over incidents.

3. PACKAGE CONTENTS

Before beginning assembly, ensure all parts are present and undamaged. Refer to the parts list included in your packaging. Typically, your package will contain:

- Cabinet panels (MDF wood)
- Rattan weave panels
- Hardware (screws, dowels, handles, anti-toppling device)
- Flip drawer mechanisms
- Adjustable shelves
- Assembly instructions manual

4. ASSEMBLY INSTRUCTIONS

Follow the detailed steps in the manual to install the product more easily, using the numbered assembly parts provided. Assembly typically requires 1-2 hours for one person.

4.1. General Assembly Tips

- Lay out all components on a soft, clean surface to prevent scratches.
- Identify each part by its number as indicated in the manual.
- Do not overtighten screws to avoid damaging the wood panels.
- Ensure all connections are secure before moving the cabinet.

4.2. Securing the Cabinet

Utilize the provided anti-toppling device to secure the cabinet to a wall. This prevents accidental tipping and ensures stability.

Ventilation design

The half-wrap design not only ensures breathability of the shoe cabinet, but also enhances stability.

Figure 4.1: Detailed view of the anti-toppling device and its attachment to the wall for enhanced safety.

5. OPERATING INSTRUCTIONS

5.1. Flip Drawers

The cabinet features two flip drawers designed to store 6-12 pairs of shoes. Each drawer contains internal shelves that can be adjusted or removed to accommodate different shoe sizes and types, such as boots or high-top sneakers.

Adjustable height knob
and high enough bottom
space more adaptable to
modern home life.

Adjustable shelves for
more flexible storage.

Figure 5.2: Close-up of the adjustable shelves within the flip drawers, demonstrating flexibility for various footwear.

5.2. Top Storage Drawer

A small top drawer is available for storing smaller items such as keys, wallets, or shoe care accessories. The smooth handle ensures comfortable access.

5.3. Bottom Storage Area

The bottom area of the cabinet provides additional space, ideal for slippers or for allowing a floor sweeper to clean underneath due to its 7.08-inch height.

Cubic storage space

Help you plan every inch of space.

Figure 5.3: Overview of the cabinet, detailing dimensions and illustrating the various storage compartments including the top drawer, flip drawers, and bottom space.

5.4. Ventilation Design

The cabinet incorporates a ventilation design to promote air circulation, helping to keep shoes fresh. The half-wrap design of the back panel can be adjusted to further enhance breathability and stability.

Ventilation design

The half-wrap design not only ensures breathability of the shoe cabinet, but also enhances stability.

6. MAINTENANCE

To maintain the appearance and longevity of your Brafab Shoe Cabinet:

- Clean surfaces with a soft, damp cloth. Avoid harsh chemicals or abrasive cleaners.
- Wipe up spills immediately to prevent staining or damage to the wood and rattan.
- Periodically check all screws and connections to ensure they remain tight.
- Avoid placing hot items directly on the cabinet surface.
- The fiber characteristics of rattan may naturally show slight variations or splicing marks; these are not quality defects.

7. TROUBLESHOOTING

Problem	Possible Cause	Solution
Cabinet feels wobbly	Loose connections or uneven floor.	Tighten all assembly screws. Use the adjustable foot knobs to level the cabinet. Ensure the anti-toppling device is securely installed.

Problem	Possible Cause	Solution
Shoes do not fit in flip drawers	Shoes are too large or bulky.	Remove or adjust the internal shelves within the flip drawers to create more space. Place larger shoes in the bottom open storage area.
Drawer does not slide smoothly	Obstruction or misalignment.	Check for any items blocking the drawer's path. Ensure the drawer is correctly aligned on its runners.

8. SPECIFICATIONS

- **Brand:** Brafab
- **Model Name:** QH216
- **Color:** Black
- **Product Dimensions:** 11.92"D x 23.34"W x 41.14"H
