Braun 9465cc

Braun Series 9 Pro Electric Razor User Manual

Model: 9465cc

Brand: Braun

Introduction

This manual provides comprehensive instructions for the safe and effective use of your Braun Series 9 Pro Electric Razor, Model 9465cc. The Series 9 Pro is designed for efficient wet and dry shaving, featuring a ProLift Beard Trimmer and Sonic Technology for a close and gentle shave on various beard lengths. It includes a 5-in-1 SmartCare Center for intelligent cleaning, lubrication, drying, and charging.

Safety Information

- Avoid exposing the shaver to excessive heat or direct sunlight to prevent potential melting or damage to the product.
- Keep the shaver away from water while it is charging.
- Ensure the shaver is properly cleaned and maintained regularly to prevent bacterial growth and ensure optimal performance.
- Always refer to the full safety guidelines provided in the enclosed user manual for complete information.

Package Contents

Your Braun Series 9 Pro package typically includes the following items:

- Braun Series 9 Pro Electric Razor
- 5-in-1 SmartCare Center

- Clean & Renew Refill Cartridge (quantity may vary, e.g., 4 count)
- Leather Travel Case
- Cleaning Brush
- Charging Cord
- User Manual (this document)

Setup

1. **Unpacking:** Carefully remove all components from the packaging.
2. **Initial Charge:** Before first use, fully charge your shaver. You can do this by placing it in the SmartCare Center or connecting the charging cord directly to the shaver. The battery indicator lights on the shaver will show the charging progress.
3. **SmartCare Center Setup:** If using the SmartCare Center, open the base and insert a Clean & Renew Refill Cartridge. Ensure it clicks into place. Close the base.

Operating Instructions

Shaving

The Braun Series 9 Pro is designed for both wet and dry shaving. For optimal results, ensure your skin is clean.

- **Dry Shave:** For a quick and convenient shave, use the shaver on dry skin.
- **Wet Shave:** For a refreshing experience, you can use the shaver with foam, gel, or even under the shower. The shaver is 100% waterproof.
- **Technique:** Hold the shaver at a right angle (90°) to your skin. Stretch your skin and shave against the direction of beard growth. Apply gentle, even pressure. The flexible ProHead adapts to your facial contours.

ProLift Trimmer

The integrated ProLift trimmer is ideal for capturing and cutting flat-lying hairs, especially useful for 1, 3, or 7-day beards and tricky areas like the upper lip and neck.

- To activate the trimmer, slide the trimmer switch upwards.
- Use the trimmer for precise styling of sideburns or pre-trimming longer hairs before a full shave.

Cleaning and Maintenance

Using the SmartCare Center

The 5-in-1 SmartCare Center provides intelligent cleaning, lubrication, drying, and charging for your shaver, ensuring it feels like new after each cycle.

1. Place the shaver head-down into the SmartCare Center.
2. Press the power button on the SmartCare Center to initiate a cleaning program. The center intelligently selects the appropriate program.
3. The cleaning solution (alcohol-based with lemon-fresh formula) will hygienically clean and lubricate the shaver.
4. After cleaning, the SmartCare Center will dry the shaver. This process typically takes about 45 minutes for a full clean and

dry cycle.

Manual Cleaning

For quick cleaning or when the SmartCare Center is not available:

- Rinse the shaver head under warm running water. You can use liquid soap for a more thorough clean.
- Use the provided cleaning brush to remove any stubborn hair particles from the shaver head.
- Allow the shaver to air dry completely before storing.

Charging and Battery

Your Braun Series 9 Pro can be charged using the SmartCare Center or the included charging cord.

- **SmartCare Center:** Placing the shaver in the SmartCare Center will automatically charge it while it cleans and dries.
- **Direct Charging:** Connect the charging cord directly to the shaver and a power outlet.
- **PowerCase:** The included PowerCase allows you to charge your shaver on the go. Simply place the shaver inside the case and press the power button on the case. A clear screen on the case indicates the battery level.
- **Battery Indicator:** The shaver features a battery level indicator to show the remaining charge.

Model Name	Electric Shaver
Item Model Number	9465cc
Brand	Braun
Manufacturer	Braun
Recommended Uses	Beard
Special Feature	Dry Shave (also supports Wet Shave)
Power Source	Battery Powered

Troubleshooting

If you encounter issues with your Braun Series 9 Pro, consider the following common solutions:

- **Shaver not turning on:** Ensure the shaver is fully charged. Check the charging cable and power outlet.
- **Reduced shaving performance:** The shaver head may be worn out. Replace the shaver head every 18 months for optimal performance. Ensure the shaver head is clean and free of debris.
- **SmartCare Center not cleaning:** Check if the Clean & Renew cartridge is properly inserted and contains enough solution. Ensure the SmartCare Center is plugged in.
- **Skin irritation:** Ensure you are shaving against the grain and applying gentle pressure. Consider using the shaver with foam or gel for increased comfort. Allow your skin to adapt to the new shaver.

For more detailed troubleshooting or persistent issues, please refer to the full user manual or contact Braun customer support.

Warranty and Support

For information regarding the warranty period and terms for your Braun Series 9 Pro Electric Razor, please refer to the warranty card included in your product packaging or visit the official Braun website. For customer support, service, or to purchase replacement parts and accessories, please contact Braun directly through their official channels.

Ask a question about this manual
