GESKE GK000002MG01

GESKE SmartAppGuided™ Sonic Warm & Cool Mask 9-in-1 Instruction Manual

Model: GK000002MG01

Introduction

This manual provides detailed instructions for the safe and effective use of your GESKE SmartAppGuided™ Sonic Warm & Cool Mask 9-in-1. Please read this manual thoroughly before first use and keep it for future reference.

Safety Information

- Avoid the warming function if you have hypersensitivity to hot temperatures, such as with urticaria.
- Always test the device temperature on the inside of your forearm before applying it to your face.
- Do not use the device on sensitive or irritated skin, open wounds, cuts, or rashes.
- Ensure your skin is completely healed before using the device if you have any skin conditions.
- Do not use the device if you have an infection.

Product Overview

The GESKE SmartAppGuided™ Sonic Warm & Cool Mask 9-in-1 is a multifunctional facial device designed to enhance your skincare routine. It combines several technologies to cleanse, rejuvenate, and improve skin absorption of products.

Image: Overview of the GESKE SmartAppGuided Sonic Warm & Cool Mask highlighting its key features: 1. Pore-opening deep warming technology, 2. Anti-aging massage technology, 3. Cooling technology, 4. 8 different LED colors.

Key Technologies:

- **Pore-Opening Deep Warming Technology:** Enhances absorption of active ingredients.
- **Full-Spectrum LED Light Technology:** Features 8 different LED colors to nourish and stimulate skin regeneration.
- **SmartSonic Pulsation Technology:** Gently shakes loose dirt and makeup residue with over 11,000 sonic pulsations per minute.
- **Youthful Glow Massage Technology:** Relaxes facial and neck muscle tension points and boosts skin radiance.
- **High Efficiency Depuffing System:** Reduces puffiness for a rejuvenated look.
- **Cryo Deep Cooling Revitalizing Technology:** Instantly shrinks pores and revitalizes skin.
- **Full Facial Hyper-Infusion Technology:** Helps skin absorb active ingredients at a deeper level.
- **Eye-Nose Area Targeted Design:** Ensures effective treatment for all facial contours.
- **Skin Scan & Personal Routine Guide:** Available via the SmartApp for customized skincare.

Setup

Charging the Device:

The device requires 1 Lithium Ion battery (included). Use the provided magnetic charger to charge the device. Ensure the charger is securely connected. A full charge is recommended before first use.

SmartApp Integration:

For a personalized skincare routine and video-guided sessions, download the GESKE SmartApp. The app can scan your skin and recommend tailored treatments for your device.

Operating Instructions

Power On/Off:

- To turn on: Press and hold the power button (circle icon) for 1-2 seconds. The device will activate with the

previously selected LED color, or red LED light by default.

- To turn off: Press and hold the power button for 1-2 seconds.

Adjusting SmartSonic Pulsations:

- The device offers 12 intensities of SmartSonic Pulsations.
- Use the '+' and '-' buttons to increase or decrease the massage intensity.

Activating Temperature Modes:

- **Cryo Deep Cooling Technology:** Press the snowflake icon to activate the cooling mode.
- **Pore-Opening Deep Warming Technology:** Press the sun icon to activate the warming mode.
- Multiple technologies can be activated simultaneously for comprehensive sessions.

Full-Spectrum LED Light Technology:

- Short press the power button to cycle through the 8 different LED colors.
- Each color offers distinct benefits:
  - **Red Light:** Stimulates collagen production to tighten skin.
  - **Blue Light:** Aids in eliminating acne-causing bacteria.
  - **Green Light:** Helps with dark circles and age spots.
  - **Orange Light:** Promotes skin revitalization for a healthy glow.
  - **Purple Light:** Supports soothing of inflamed skin and boosts radiance.
  - **Cyan Light:** Supports healing and calming the skin.
  - **Yellow Light:** Helps improve overall skin tone.
  - **White Light:** Assists with natural skin renewal.

Image: Detailed explanation of the benefits of each of the 8 full-spectrum LED light colors.

Luminous Mask Booster Usage:

1. Start with a clean, makeup-free face.
2. Gently remove the ring from the top of the device.
3. Place a fabric sheet (e.g., GESKE mask) onto the device and secure it with the ring.
4. Apply your desired skincare product onto the fabric.
5. Turn on the device and select your desired LED color and/or warming mode.
6. Start the session by gently rubbing the device on your face in small circles for 90 seconds, ensuring all areas are covered. The Eye-Nose Area Targeted Design helps reach difficult areas.
7. After the warming phase, activate the cooling mode and repeat the process to help close pores for a toned look.

Image: Step-by-step guide on preparing the device with a mask sheet for treatment.

Full-Spectrum LED Facial Massage:

This section guides you through a rejuvenating massage using the device's LED lights and SmartSonic Pulsations.

1. Ensure your face is clean and free of makeup.
2. Turn on the device and select your preferred LED light color and SmartSonic Pulsation intensity.
3. **Eye Area:** Glide the device in an upward motion from the corner of the eye to the temple. Repeat this motion. Then, place the device on the outer corner of the brow bone and glide in a circular motion to the nose, going under the eye and back to the temple. Repeat this motion four more times.
4. **Forehead:** Place the device on the outer corner of the brow bone and glide in an upward motion, making your way across the forehead. Repeat this motion four more times.
5. **Temples:** Place the device near the temple and lightly massage in circular motions. Repeat on the other side.
6. **Mouth and Chin:** Place the device on the chin. Glide the device around the mouth, down one side to the chin, then reverse this motion back to the chin. Repeat this twice.

7. **Jawline:** Place the device on the chin and glide it along the jawbone to the bottom of the ear. Repeat this twice.
8. **Neck:** Place the device at the bottom center of the neck and move it in an upward motion to the chin, along the jawbone, and then down to the shoulder. Repeat on the other side.

Cleaning and Maintenance

1. Turn off the device by holding the power button for 1-2 seconds.
2. Rinse the device with water to clean.
3. Wipe the device clean with a damp cloth.
4. For thorough cleaning, spray an organic device cleanser all over the device after use.

Image: The device is waterproof (IPX7) and made of skin-friendly silicone, making it easy to clean.

Troubleshooting

- **Device not turning on:** Ensure the device is fully charged. If the issue persists, contact customer support.
- **Charger not connecting securely:** Ensure the magnetic charger is properly aligned. If it feels loose or doesn't charge, check for debris in the charging port or contact support.
- **Unclear instructions:** Refer to the GESKE SmartApp for video-guided sessions and additional usage tips.
- **Skin irritation:** Discontinue use immediately. Consult a dermatologist if irritation persists. Ensure you are not using the warming function if you have heat hypersensitivity.
