WOPITUES HM005A

WOPITUES Floating Shelves (Model HM005A) - User Instruction Manual

Brand: WOPITUES | Model: HM005A

INTRODUCTION

Thank you for choosing the WOPITUES Floating Shelves. This manual provides essential information for the safe and correct installation, operation, and maintenance of your new bathroom wall decor and storage solution. Please read these instructions carefully before assembly and retain for future reference.

SAFETY INFORMATION

Please observe the following safety guidelines to prevent injury or damage to the product and your property:

- This product includes floating shelves made of natural pine wood and metal guardrails.
- Users should be cautious when installing the shelves, ensuring they are securely fastened to the wall to support the weight of stored items.
- Overloading the shelves may cause them to detach from the wall, posing a risk of injury or damage.
- The maximum weight capacity for each shelf is **40 lb (18.14 kg)**. Do not exceed this limit.
- The screw holes in the wood board have a gourd-like design for easy installation and to minimize wall damage.
- It is recommended to leave a small gap (0.1 inch) between the nails and the wall for best installation results.
- Always follow the manufacturer's instructions for installation and use.

PACKAGE CONTENTS

Verify that all components are present before beginning assembly:

- 1 x Wall Bathroom Sign
- 1 x Floating Shelf with Metal Guardrail
- 1 x Floating Shelf with Metal Basket and Guardrail
- Hardware (screws, wall anchors)

SPECIFICATIONS

Feature	Detail
Brand	WOPITUES
Model Name	HM005A
Room Type	Bathroom
Number of Shelves	2 (plus 1 sign)
Product Dimensions	15.7"W x 6"D x 5.5"H (for shelf with basket)
Weight Limit	40 Pounds (per shelf)
Style	Modern / Farmhouse
Finish Type	Wood (Black)
Shelf Thickness	0.6 Inches
Assembly Required	Yes
Installation Type	Wall Mount
Product Care Instructions	Wipe with Dry Cloth

SETUP AND INSTALLATION

Follow these steps for proper installation of your WOPITUES Floating Shelves:

1. **Prepare the Components:** Unpack all items and ensure you have the wood boards, metal brackets (for the guardrail and basket), screws, and wall anchors.
2. **Attach Metal Brackets to Wood Boards:**
 - For the shelf with the basket: Align the metal basket with the pre-drilled holes on the underside of one wood board. Secure it using the provided screws.
 - For the shelf with the guardrail: Attach the metal guardrail to the front edge of the other wood board using the provided screws.
3. **Mark Wall for Drilling:** Hold each assembled shelf against the desired wall location. Use a pencil to mark the positions for the wall mounting screws through the gourd-shaped holes on the metal brackets. Ensure the shelves are level.
4. **Drill Pilot Holes and Insert Anchors:** Drill pilot holes at the marked locations. Insert the appropriate wall anchors (if needed for your wall type) into the pilot holes.
5. **Mount the Shelves:** Align the gourd-shaped holes on the metal brackets with the installed wall

anchors/screws. Slide the shelves down to secure them. *Note: For optimal stability, leave the nails/screws out of the wall by approximately 0.1 inch before sliding the shelf into place.*

- 6. Install the Bathroom Sign:** Position the "Bathroom Wash Your Worries Away" sign between or near the shelves as desired. Use appropriate wall fasteners (not explicitly listed in components, but typically included for signs) to secure it.

Video: An official WOPITUES video demonstrating the assembly and installation process of the floating shelves and bathroom sign. It shows how to attach the metal components to the wooden boards and then mount them on the wall.

OPERATING INSTRUCTIONS

Once installed, your WOPITUES Floating Shelves provide versatile storage and display options:

- **Storage:** Utilize the shelf with the metal basket to store up to three rolls of toilet paper, hand towels, or other small bathroom essentials. The open grid design helps reduce dust accumulation and keeps items dry.
- **Display:** The shelf with the metal guardrail is ideal for displaying decorative items such as small plants, candles, essential oil diffusers, or framed pictures. The guardrail ensures items remain secure.
- **Weight Distribution:** Always distribute weight evenly across the shelves and adhere to the maximum weight capacity of 40 lbs per shelf.

MAINTENANCE

To keep your WOPITUES Floating Shelves in optimal condition:

- **Cleaning:** Wipe the wood and metal surfaces with a dry, soft cloth. Avoid abrasive cleaners or harsh chemicals that may damage the finish.
- **Inspection:** Periodically check the wall mounting screws and anchors to ensure they remain tight and secure. Tighten if necessary.

TROUBLESHOOTING

If you encounter any issues with your shelves, consider the following:

- **Shelf Instability:** Ensure all mounting screws are fully tightened and that the wall anchors are properly seated. Verify that the weight on the shelf does not exceed the 40 lb limit.
- **Items Falling:** Confirm that items are placed securely within the shelf area and that the metal guardrail is correctly installed and functional.

WARRANTY AND SUPPORT

WOPITUES stands behind the quality of its products. For any questions, concerns, or warranty claims, please contact WOPITUES Official customer support through the retailer where the product was purchased. Please refer to the product model number HM005A and ASIN B0BPB177XM when contacting support.
