# LEGO City Apartment Building Instruction Manual

Model: 60365

## PRODUCT OVERVIEW

---

The LEGO City Apartment Building Set (60365) is a premium quality construction set designed for children aged 6 and up. This modular set features collectible room units with extensive interior details, allowing for imaginative play scenarios. The building includes a grocery store, a sitting room, a kitchen, a bedroom, and a bathroom equipped with a toilet and bathtub. Additionally, the set comes with a commuting scooter, a toy bike, and six minifigures, along with a LEGO road plate for connecting to other sets within the LEGO City series.

## PACKAGE CONTENTS

---

Verify that all components are present before beginning assembly:

- Modular room units for the apartment building (grocery store, living room, kitchen, bedroom, bathroom)
- Six LEGO City minifigures
- One commuting scooter
- One toy bike
- One LEGO road plate
- Various accessories including a toy juice bottle, hot dog, mobile phone, dumbbells
- Building bricks for solar panels, pool, and terrace
- Printed building guide

- Access to digital building guides via the LEGO Builder app

## SETUP AND ASSEMBLY

---

Assembly of the LEGO City Apartment Building is designed to be an intuitive and engaging process. Follow the step-by-step instructions provided in the printed building guide or utilize the interactive digital guide available through the LEGO Builder app.

### Using the LEGO Builder App:

- Download the LEGO Builder app from your device's app store.
- Scan the QR code on the product packaging or search for model 60365 within the app.
- The app provides 3D building instructions, allowing you to zoom in, rotate models, and track your progress.
- Virtual playsets can be explored and saved within the app.

### Assembly Tips:

- Organize bricks by color and size before starting to streamline the building process.
- Pay close attention to the orientation of bricks as shown in the instructions.
- Ensure bricks are firmly pressed together to create stable connections.
- The modular design allows for flexible arrangement of rooms. Experiment with different configurations to personalize your building.

## OPERATING AND PLAY INSTRUCTIONS

---

The LEGO City Apartment Building offers extensive opportunities for open-ended, imaginative play. Once assembled, the set becomes a vibrant backdrop for countless stories and adventures.

### Interactive Features:

- **Modular Rooms:** The individual room units (grocery store, living room, kitchen, bedroom, bathroom) can be combined and reconfigured in various ways, allowing for dynamic building layouts and endless storytelling possibilities.
- **Minifigure Play:** Use the six included minifigures to populate the building and act out daily life scenarios, from shopping at the grocery store to relaxing in the apartment.
- **Vehicles:** The commuting scooter and toy bike add elements of movement and transportation to your City scenes.
- **Road Plate Integration:** Connect the included LEGO road plate to other LEGO City road plates to expand your city

landscape and integrate the apartment building into a larger urban environment.

Image: Two LEGO minifigures enjoying the rooftop terrace of the apartment building, complete with a palm tree and lounge area, highlighting the detailed outdoor spaces.

## MAINTENANCE

---

To ensure the longevity and cleanliness of your LEGO City Apartment Building set, follow these simple maintenance guidelines:

- **Cleaning:** LEGO bricks can be cleaned using a mild soap solution and lukewarm water (not exceeding 40°C or 104°F). Use a soft brush or cloth to gently clean the bricks. Rinse thoroughly with clear water and allow them to air dry at room temperature. Do not use hot water, harsh chemicals, or abrasive materials, as these can damage the plastic.
- **Storage:** Store your LEGO set in a clean, dry place away from direct sunlight and extreme temperatures. This helps prevent discoloration and warping of the plastic elements.

- **Handling:** Handle the assembled model with care to avoid accidental disassembly. When moving the set, support it from the base.

## TROUBLESHOOTING

---

If you encounter any issues during assembly or play, consider the following common solutions:

- **Missing Pieces:** If you believe a piece is missing, first double-check the packaging and all building steps. Sometimes small pieces can be overlooked. If a piece is genuinely missing, contact LEGO Customer Service for assistance.
- **Difficulty Connecting Bricks:** Ensure that bricks are aligned correctly and pressed firmly together. Some new bricks may require a bit more pressure to connect initially.
- **Model Instability:** Review the assembly steps to ensure all connections are secure. Incorrectly placed or loosely connected bricks can lead to instability.
- **Digital App Issues:** If the LEGO Builder app is not functioning correctly, ensure your device's operating system is up to date and that the app itself is the latest version. Try restarting the app or your device.

## SPECIFICATIONS

---

Feature	Detail
Model Number	60365
Product Dimensions	37.8 x 35.4 x 9.4 cm
Weight	1.38 kg
Material Type	Plastic
Number of Pieces	688
Recommended Age	6 years and up
Assembly Required	Yes
Language of Instructions	English, French (Printed and Digital)
