CUTEROOM D031 Molan House

CUTEROOM Molan House DIY Miniature Dollhouse Kit Instruction Manual

Model: D031 Molan House | Brand: CUTEROOM

1. INTRODUCTION

Thank you for choosing the CUTEROOM Molan House DIY Miniature Dollhouse Kit. This kit provides a detailed and engaging experience for building your own miniature house, complete with furniture and LED lighting. Designed for individuals aged 14 and above, it encourages patience, creativity, and hands-on skill development. This manual will guide you through the assembly process, operation, maintenance, and troubleshooting of your miniature dollhouse.

Please read all instructions carefully before beginning assembly.

2. PACKAGE CONTENTS

Your CUTEROOM Molan House kit includes all necessary wooden pieces, paper cutouts, fabric, and other small components required to build the miniature dollhouse and its furniture. LED lights are also included. Please note that glue, batteries (AA type recommended), scissors, small knife, screwdriver, precision tweezers, and a ruler are **not included** and must be prepared separately.

Figure 1: Product Information and Contents Overview. This image details the product name, materials (wood, paper, cloth), approximate assembly time (about 2 days), and assembled product size (10*5.4*12.8cm). Note: Product weight is 0.22 Kilograms.

3. SETUP AND ASSEMBLY

Assembly of the Molan House requires patience and attention to detail. Follow the included English manual and detailed pictures step-by-step. It is recommended to organize all components before starting.

3.1 Required Tools (Not Included)

- Glue (silicone liquid glue recommended for general assembly, superglue for faster drying on small parts)
- Scissors
- Small knife or craft knife (for precise cutting of paper patterns and releasing wooden pieces)
- Screwdriver
- Precision tweezers (essential for handling tiny components)
- Ruler
- AA Batteries (2 pcs for LED lights)
- Magnifying glass (optional, but highly recommended for very small parts)
- Cutting mat (to protect surfaces when using a craft knife)
- Toothpicks (useful for applying small amounts of glue or cleaning excess)

3.2 General Assembly Tips

- **Organize Components:** Before starting, carefully unpack and identify all parts. The manual often groups items by room or assembly stage.
- **Follow Instructions:** Adhere strictly to the step-by-step instructions and diagrams provided in the manual. Pay close attention to placement and orientation.
- **Handle Small Parts Carefully:** Many components are very small and delicate. Use tweezers for precise handling and avoid forcing pieces.
- **Glue Application:** Apply glue sparingly. Excess glue can be messy and affect the final appearance. Use toothpicks

for fine application. Allow sufficient drying time for each glued section before proceeding.

- **Cutting Wooden Pieces:** Wooden pieces are often pre-cut but may be held by small tabs. Use a craft knife to carefully cut these tabs to release the pieces cleanly, preventing damage.
- **Paper Elements:** For paper patterns or cutouts, use a craft knife for clean edges. Fold precisely where indicated.

Figure 3: Detailed views of the miniature study and bedroom within the Molan House.

4. OPERATING THE LED LIGHTS

The Molan House kit includes LED lights to illuminate your miniature creation. These lights typically operate on AA batteries (not included). Ensure batteries are inserted correctly into the designated battery box, observing polarity (+/-).

- **Wiring:** Carefully connect the LED light wires according to the manual's diagrams. Ensure all connections are secure.
- **Battery Installation:** Open the battery compartment, insert 2 AA batteries, and close the compartment securely.
- **Power On/Off:** Locate the switch connected to the battery box. Flip the switch to turn the lights on or off.

--PRODUCT INFORMATION--

Product Name: Molan House

Material: Wood, Paper, Cloth, ect

Product Weight: 0.6kg

Assembly Time: About 2 days

Include: DIY house+LED Lights

Product Size: 10*5.4*12.8cm

NOTE: Battery and glue cannot be transported, so not included, please prepare it by yourself!

5. MAINTENANCE

To ensure the longevity and appearance of your miniature dollhouse, follow these maintenance guidelines:

- **Dusting:** Regularly dust the dollhouse and its miniature furniture using a soft brush or compressed air to prevent dust accumulation in small crevices.
- **Cleaning:** For stubborn dirt, gently wipe surfaces with a slightly damp cloth. Avoid excessive moisture, which can damage wooden or paper components.
- **Storage:** Store the dollhouse in a dry environment away from direct sunlight and extreme temperatures to prevent warping or fading of materials.
- **Battery Replacement:** If the LED lights dim or stop working, replace the AA batteries. Remove batteries if the dollhouse will not be used for an extended period to prevent leakage.

6. TROUBLESHOOTING

Problem	Possible Cause	Solution
LED lights do not turn on.	<ul style="list-style-type: none"> Batteries are dead or incorrectly inserted. Loose wire connection. Faulty LED component. 	<ul style="list-style-type: none"> Check and replace batteries, ensuring correct polarity. Inspect all wire connections and re-secure them. Contact customer support if components appear faulty.
Pieces do not fit together.	<ul style="list-style-type: none"> Incorrect orientation. Excess material or rough edges. Warped wooden piece. 	<ul style="list-style-type: none"> Double-check the manual for correct orientation. Gently sand or trim edges with a craft knife if necessary. Ensure proper storage conditions to prevent warping.
Missing or damaged parts.	<ul style="list-style-type: none"> Packaging error. Damage during transit. 	<ul style="list-style-type: none"> Review the parts list in the manual. Contact CUTEROOM customer support for assistance.

7. SPECIFICATIONS

- **Product Name:** Molan House
- **Model Number:** D031
- **Brand:** CUTEROOM
- **Materials:** Wood, Paper, Cloth
- **Assembled Dimensions:** Approximately 10 cm (W) x 5.4 cm (D) x 12.8 cm (H)
- **Package Dimensions:** 9 x 6 x 2 inches (22.86 x 15.24 x 5.08 cm)
- **Product Weight:** 0.22 Kilograms
- **Recommended Age:** 14 years and above
- **Assembly Required:** Yes
- **Included Components:** DIY house kit, LED lights (Glue and batteries not included)
