## PETSITE GT-EB34990UO

# PETSITE Litter Box Enclosure User Manual

Model: GT-EB34990UO

## 1. Introduction

This manual provides instructions for the assembly, operation, maintenance, and troubleshooting of your PETSITE Litter Box Enclosure, Model GT-EB34990UO. This multi-functional furniture piece is designed to discreetly house a cat litter box while offering additional storage and serving as a side table or cabinet.

*Figure 1: PETSITE Litter Box Enclosure (Coffee)*

The PETSITE Litter Box Enclosure features a rustic brown finish with black metal accents, offering a discreet space for a litter box and additional storage compartments.

## 2. Safety Information

- **Anti-Toppling Device:** For safety, always install the included anti-toppling device to secure the enclosure to a wall. This prevents accidental tipping, especially in households with children or active pets.
- **Weight Limits:** Do not exceed the maximum weight capacities. Overloading can compromise stability and cause damage.
  - Tabletop: 110 lbs (50 kg)
  - Cabinet Interior: 44 lbs (20 kg)
  - Each Open Compartment: 22 lbs (10 kg)
  - Scratching Board: 22 lbs (10 kg)
- **Assembly:** Ensure all screws and fasteners are securely tightened during assembly. Periodically check for loose

connections.

- **Small Parts:** Keep all small parts and packaging materials away from children and pets during assembly to prevent choking hazards.
- **Placement:** Place the enclosure on a flat, stable surface. Use the adjustable feet to level the unit if the floor is uneven.

## 3. Package Contents

Before beginning assembly, verify that all components are present and undamaged. If any parts are missing or damaged, contact customer support.

- Wooden Panels (various sizes for top, bottom, sides, shelves, doors)
- Metal Frame Components
- Hardware Pack (screws, dowels, cam locks, hinges, handles, adjustable feet)
- Cat Scratching Board
- Anti-Toppling Device Kit
- User Guide (this document)

## 4. Assembly Instructions

Follow the steps below and refer to the assembly video for a visual guide. It is recommended to assemble the unit on a soft, clean surface to prevent scratches.

### 4.1 Assembly Video Guide

Your browser does not support the video tag.

*Video 1: PETSITE Litter Box Enclosure Assembly Steps*

This video provides a detailed, step-by-step visual guide for assembling the PETSITE Litter Box Enclosure. Please pause and replay sections as needed.

### 4.2 Step-by-Step Assembly

1. **Prepare Components:** Unpack all parts and lay them out. Identify each panel and hardware piece according to the included diagram.
2. **Assemble Frame:** Attach the metal frame components to the designated wooden panels using the provided screws.
3. **Construct Cabinet Body:** Connect the side panels, bottom panel, and internal dividers. Ensure all cam locks and screws are tightened.
4. **Install Shelves:** Insert the fixed and adjustable shelves into their respective positions.
5. **Attach Doors:** Secure the hinges to the doors and then attach the doors to the cabinet body. Adjust hinges for proper alignment. Install door handles.
6. **Install Back Panel:** Secure the back panel to the unit.
7. **Attach Adjustable Feet:** Screw the adjustable feet into the base of the unit.
8. **Install Anti-Toppling Device:** Securely attach the anti-toppling strap to the back of the enclosure and to a wall stud using appropriate hardware.
9. **Place Scratching Board:** Insert the detachable scratching board into its designated compartment.

*Figure 2: Product Dimensions and Capacities*

This diagram illustrates the overall dimensions of the enclosure and the weight limits for the tabletop, cabinet, and individual compartments.

## 5. Operating Instructions

### 5.1 Litter Box Placement

Open the double doors to access the main cabinet compartment. Place a standard-sized litter box (up to 20.5" L x 17" W x 14.5" H) inside. The internal entry allows your cat to access the litter box discreetly. The rear panel features ventilation holes to promote air circulation and reduce odor buildup.

### 5.2 Using the Scratching Board

The detachable scratching board is located in the open compartment. This provides a dedicated surface for your cat to sharpen its claws, helping to protect your furniture. It also helps to collect litter from your cat's paws as they exit the enclosure.

*Figure 3: Detachable Cat Scratcher*

The abrasion-resistant cat scratcher cardboard helps maintain your cat's claws and can be easily removed for cleaning.

### 5.3 Storage and Display

Utilize the spacious tabletop for decorations, lamps, or other items. The tabletop features guardrails to prevent items from falling. The two open compartments are suitable for storing magazines, pet supplies, or small decorative items.

*Figure 4: Roomy Storage Space*

The enclosure offers diverse storage options including a spacious tabletop, two open compartments, and a double-door cabinet.

*Figure 5: Multipurpose Use*

This furniture piece can serve multiple functions and integrate into various rooms of your home.

## 6. Maintenance and Care

- **Cleaning the Enclosure:** The veneered surface is smooth and waterproof, making it easy to clean. Wipe down surfaces with a soft, damp cloth. Avoid abrasive cleaners or harsh chemicals that could damage the finish.
- **Cleaning the Scratching Board:** The scratching board can be removed for easy cleaning. Shake off loose litter or debris. Replace the scratching board when it becomes heavily worn.
- **Hardware Check:** Periodically check all screws and fasteners to ensure they remain tight. Retighten as necessary.
- **Adjustable Feet:** Ensure the adjustable feet are properly set to keep the unit level and stable.

*Figure 6: Considerate Details*

Key features such as the waterproof surface and adjustable feet contribute to ease of maintenance and stability.

## 7. Troubleshooting

- **Unit is Wobbly:**
  *Solution:* Ensure the unit is on a flat surface. Adjust the leveling feet at the bottom until the enclosure is stable. Check all assembly screws and tighten any that are loose.
- **Doors Do Not Align Properly:**
  *Solution:* Adjust the screws on the door hinges to align the doors. Refer to the hinge adjustment instructions if provided with the hardware.
- **Odor Accumulation:**
  *Solution:* Ensure the litter box is cleaned regularly. The enclosure has ventilation holes; ensure they are not blocked. Consider using odor-absorbing litter or a litter box with a charcoal filter.
- **Cat Not Using Enclosure:**
  *Solution:* Introduce your cat to the enclosure gradually. Place familiar bedding or toys inside. Ensure the litter box is

clean and accessible. Some cats may need time to adjust to a new setup.
