Ankr's Smart WiFi Essential Oil Diffuser and Humidifier User Manual

Model: GXZ-X909 | Brand: Ankr's

INTRODUCTION

Thank you for choosing the Ankr's Smart WiFi Essential Oil Diffuser and Humidifier. This device combines the benefits of aromatherapy with air humidification, all controllable via smart home systems like Alexa, Google Home, and the Smart Life app. Its unique mountain-inspired design and multi-color LED lighting create a serene and pleasant atmosphere in any room. This manual provides detailed instructions for safe and effective use of your new diffuser.

Please read this manual thoroughly before operating the device and keep it for future reference.

PACKAGE CONTENTS

- Ankr's Smart WiFi Diffuser Unit
- Power Adapter
- User Manual (this document)

SETUP

1. **Unpack the Diffuser:** Carefully remove all components from the packaging. Ensure all listed package contents are present.
2. **Place the Diffuser:** Place the diffuser on a flat, stable surface away from direct sunlight, heat sources, and electronic devices.
3. **Connect Power:** Locate the power adapter (typically found inside the diffuser unit). Connect the adapter

to the diffuser's power input port and then plug it into a standard electrical outlet.

4. **Fill with Water:** Remove the top cover. Fill the water tank with clean tap water up to the MAX water level line. Do not overfill.
5. **Add Essential Oils (Optional):** Add 3-5 drops of your preferred essential oil directly into the water tank. Adjust the amount based on your preference and the size of the room.
6. **Replace Cover:** Securely place the top cover back onto the diffuser unit.

3 Modes of Mist

Large Mist / Small Mist / Interval spray

Choose from three mist output modes: Large Mist, Small Mist, or Interval Spray, to suit your preference.

Remote Control

Manage all diffuser functions conveniently from your smartphone using the remote control app.

MAINTENANCE

Regular cleaning helps maintain the diffuser's performance and extends its lifespan. Always unplug the diffuser before cleaning.

1. **Empty Water:** Pour out any remaining water from the tank, ensuring to pour from the side opposite the air outlet to avoid water entering internal components.
2. **Wipe Tank:** Use a soft cloth or sponge to wipe the inside of the water tank. For stubborn residue, use a

small amount of mild dish soap and rinse thoroughly.

3. **Clean Ultrasonic Plate:** Gently wipe the ultrasonic vibration plate (the small disc at the bottom of the tank) with a cotton swab dipped in white vinegar. Do not scratch or apply excessive pressure.
4. **Clean Exterior:** Wipe the exterior of the diffuser with a soft, damp cloth.
5. **Dry Thoroughly:** Allow all parts to air dry completely before reassembling or storing the diffuser.

Note: The Ankr's diffuser is made with BPA-free materials and operates at an ultra-quiet level (<29 dB), making it safe and suitable for use in bedrooms and nurseries.

The diffuser is designed for silent operation and is made from BPA-free materials, ensuring safety and peace of mind.
