reer 52460

reer NightGuide SmartLight Instruction Manual

Model: 52460

1. Introduction and Overview

The reer NightGuide SmartLight is a versatile and intelligent night light designed to provide a soothing and customizable lighting experience. It features an integrated motion sensor, warm white and color light modes, and can be controlled conveniently via a dedicated mobile application or voice assistant. The built-in rechargeable battery ensures wireless operation, and a configurable timer allows for personalized usage.

2. Safety Information

- Keep the device away from water and moisture.
- Do not attempt to open or repair the device yourself. Refer to qualified service personnel.
- Ensure the charging cable is not a tripping hazard and is kept out of reach of small children.
- This product is not a toy. Keep packaging materials away from children to prevent suffocation.
- Use only the provided or recommended charging cable.

3. Package Contents

Please check that all items are present and in good condition:

- reer NightGuide SmartLight unit
- USB Charging Cable
- Integrated Rechargeable Battery (pre-installed)
- Self-adhesive Magnetic Holder
- Hanging Loop

4. Product Features

- **Smart Night Light:** Provides a gentle, comforting light.
- **Motion Sensor:** Integrated Passive Infrared (PIR) sensor detects movement to activate the light automatically.
- **Light Modes:** Offers both warm white light and a customizable color mode with 16 million color tones.
- **Dimmable:** Adjustable brightness levels for optimal comfort.

- **App Control:** Full control over light settings, colors, brightness, and timer functions via a smartphone application.
- **Voice Assistant Compatibility:** Can be integrated and controlled with compatible voice assistants.
- **Integrated Battery:** Features a 1000 mAh rechargeable battery for wireless operation up to 8 hours.
- **Configurable Timer:** Set custom timers for automatic on/off functions through the app.
- **Flexible Mounting:** Can be placed lying flat, hung with the included loop, or wall-mounted using the self-adhesive magnetic holder.

5. Setup

1. **Initial Charging:** Before first use, fully charge the NightGuide SmartLight using the provided USB cable. Connect the micro-USB end to the light and the USB-A end to a compatible USB power adapter (not included) or computer port. The charging indicator will show the charging status.
2. **Download the App:** Download the official reer SmartHome app from your device's app store (available on Google Play Store and Apple App Store).
3. **Pairing with App:**
    - Ensure Bluetooth is enabled on your smartphone.
    - Open the reer SmartHome app and follow the on-screen instructions to add a new device.
    - The app will guide you through the pairing process. You may need to press a button on the NightGuide SmartLight to initiate pairing mode.
4. **Voice Assistant Integration (Optional):** If desired, follow the instructions within the reer SmartHome app to connect your NightGuide SmartLight to a compatible voice assistant (e.g., Amazon Alexa, Google Assistant).

6. Operating Instructions

Basic Operation (Manual)

- **Power On/Off:** Locate the power button on the device. Press and hold to turn the light on or off.
- **Mode Switching:** Short press the power button to cycle through different light modes (e.g., warm white, color cycle, off).

App Control

The reer SmartHome app provides comprehensive control over your NightGuide SmartLight:

- **Color Selection:** Choose from 16 million colors using the color wheel interface.
- **Brightness Adjustment:** Adjust the light intensity to your preference.
- **Timer Function:** Set custom schedules for the light to turn on or off automatically.
- **Scene Modes:** Select pre-set lighting scenes or create your own.

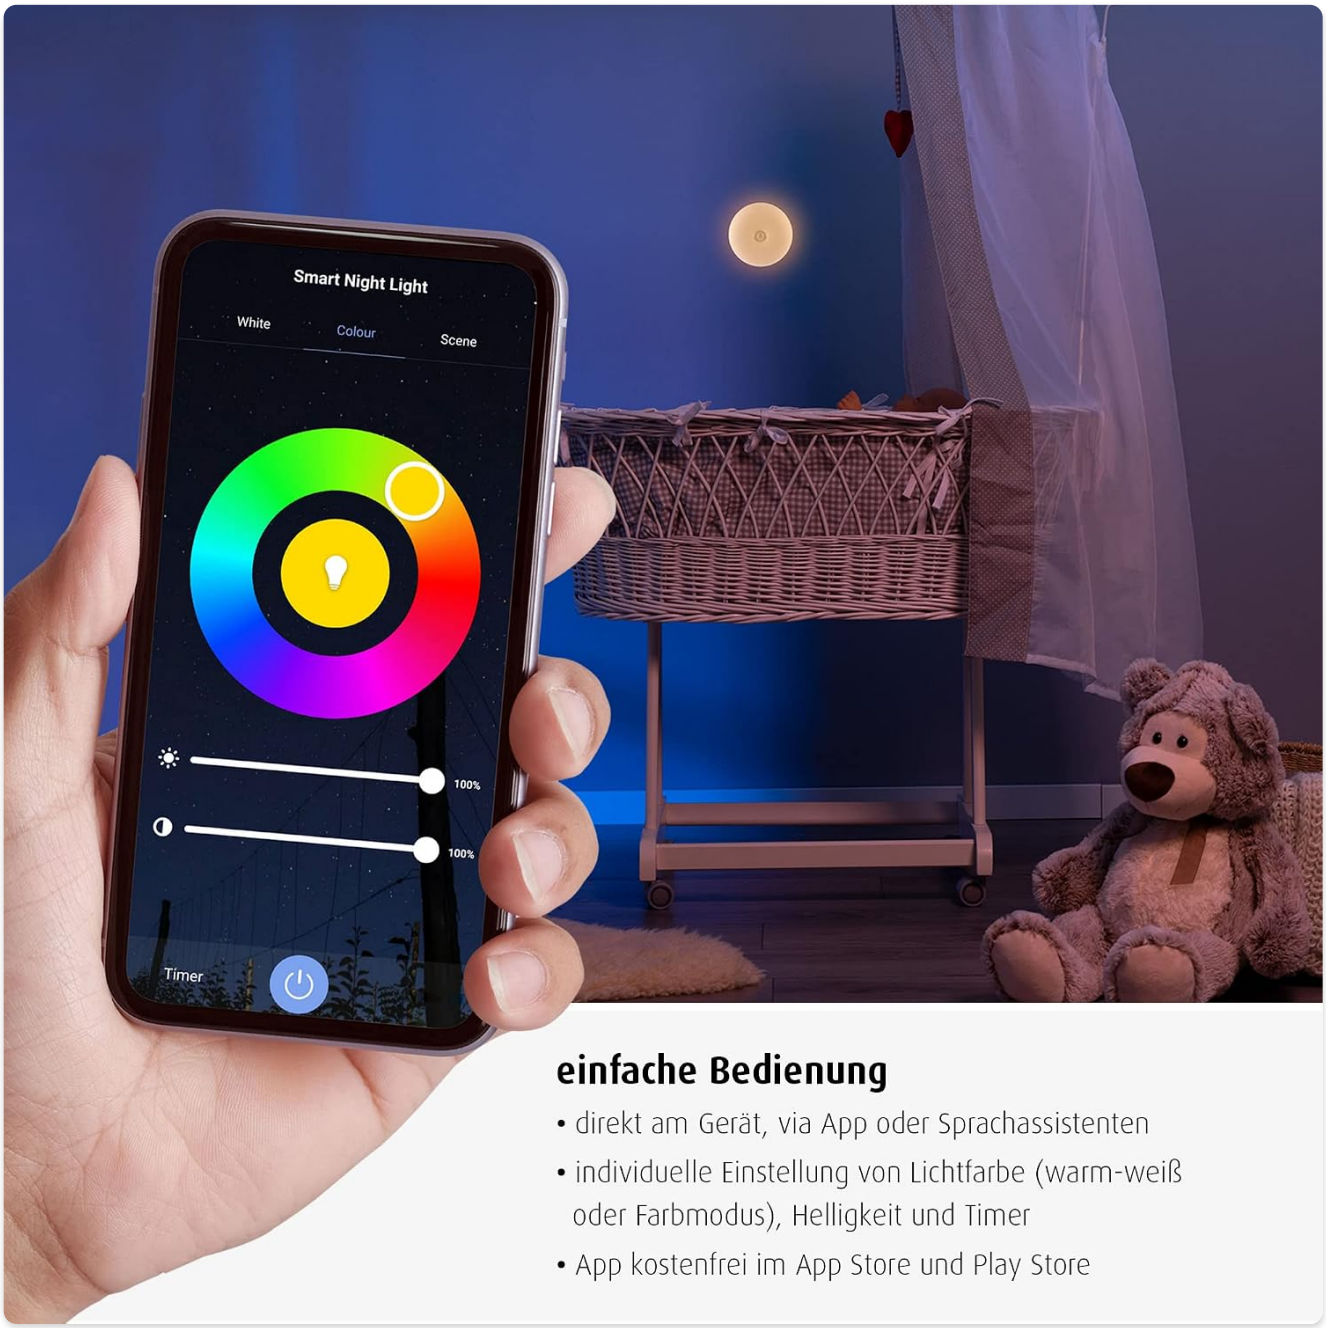

Image Description: A hand holds a smartphone displaying the reer SmartHome app interface. The app shows a color wheel for selecting light colors, along with sliders for brightness and saturation, and a timer function. In the background, the NightGuide SmartLight is visible, emitting a soft glow in a nursery setting.

Auto Mode (Motion Sensor)

The NightGuide SmartLight features an auto mode that utilizes its integrated motion sensor:

- When enabled, the light will automatically turn on when it detects movement in a dark environment.
- The PIR sensor has a detection range of up to 7 meters forward and 3 meters laterally, with a 120-degree angle.
- This mode is ideal for providing temporary illumination when entering a room at night.

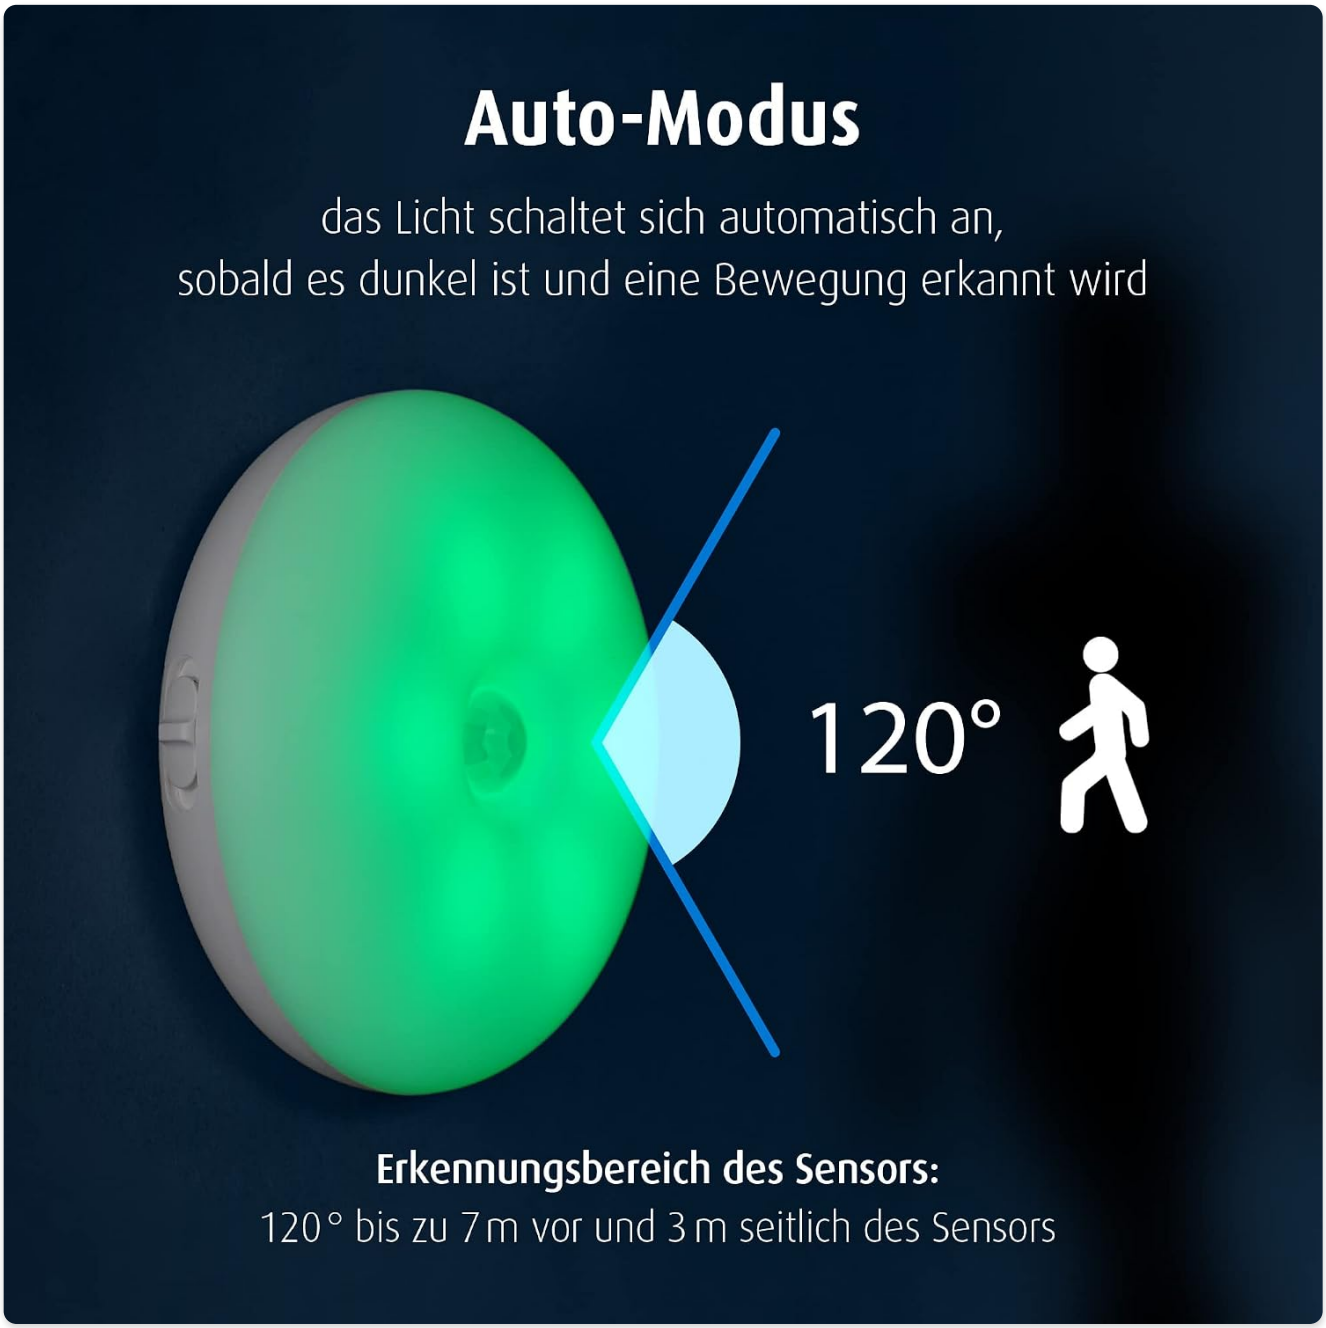

Image Description: A diagram illustrating the 'Auto-Modus' (Auto Mode) feature of the NightGuide SmartLight. The image shows the light emitting a green glow, with lines indicating a 120-degree detection angle and a figure representing movement. Text explains that the light turns on automatically when it's dark and motion is detected, with a detection range of up to 7m forward and 3m laterally.

Image Description: A young child is shown sleeping peacefully in a bed, with the reer NightGuide SmartLight placed on a bedside table. A graphic overlay displays a color wheel, indicating the light's ability to produce various colors, creating a soothing atmosphere.

7. Charging

The NightGuide SmartLight is equipped with an integrated 1000 mAh rechargeable battery, allowing for wireless operation for up to 8 hours on a full charge. Charging is fast and convenient via the included Micro-USB cable.

- Connect the Micro-USB end of the cable to the charging port on the light.
- Connect the standard USB-A end to a USB power source (e.g., wall adapter, computer, power bank).
- The charging indicator will illuminate during charging and change when fully charged.

Image Description: The reer NightGuide SmartLight is shown on a bedside table, connected to a white USB charging cable. A plush toy is visible in the background, indicating a child's room setting. The image highlights the convenience of USB charging.

8. Installation and Mounting

The NightGuide SmartLight offers flexible placement options:

- **Lying Flat:** Simply place the light on any flat surface, such as a bedside table or shelf.
- **Hanging:** Use the included loop to hang the light from a hook or knob.
- **Wall Mounting:** Attach the self-adhesive magnetic holder to a clean, dry wall surface. The light can then be easily attached and removed from the magnetic holder.

Image Description: A composite image demonstrating the flexible usage of the NightGuide SmartLight. It shows the light placed on a book, mounted on a wall, and hanging from a canopy in a nursery, illustrating its versatility in placement.

9. Maintenance

- **Cleaning:** Wipe the surface of the NightGuide SmartLight with a soft, dry, or slightly damp cloth. Do not use abrasive cleaners or solvents.
- **Storage:** When not in use for extended periods, store the device in a cool, dry place.
- **Battery Care:** To prolong battery life, avoid fully discharging the battery frequently. Charge it regularly, even if not in constant use.

10. Troubleshooting

- **Light does not turn on:**
  - Ensure the battery is charged. Connect to a power source and allow it to charge for at least 30 minutes.
  - Press and hold the power button to ensure it is not just in standby mode.
- **App connectivity issues:**
  - Ensure Bluetooth is enabled on your smartphone and the NightGuide SmartLight is within range.

- Close and reopen the reer SmartHome app.
- If the device disconnects frequently, try re-pairing the device with the app. This may involve removing the device from the app and adding it again.
- Restart your smartphone and the NightGuide SmartLight.

- **Motion sensor not working:**
  - Ensure the light is in 'Auto Mode' via the app or manual controls.
  - Check for obstructions in front of the sensor.
  - Verify that the ambient light is dark enough for the sensor to activate.
- **Light is dim or flickering:**
  - The battery may be low. Recharge the device.
  - Adjust the brightness settings in the app.

11. Specifications

Specification	Detail
Model Number	52460
Materials	Plastic
Dimensions (L x W x H)	10 x 12 x 3 cm
Weight	111 grams
Power Source	Battery powered
Battery Type	Integrated 1000 mAh rechargeable battery
Sensor Technology	PIR (Passive Infrared)
Special Features	Dimmable, Motion Detector
Switch Type	App control, Manual button
Color	White

12. Warranty and Support

For warranty information, technical support, or service inquiries, please refer to the contact details provided with your purchase or visit the official reer website. Keep your proof of purchase for warranty claims.
