4. MAINTENANCE AND CARE

General Cleaning:

Vacuum the sofa occasionally to remove dust and debris. Use a soft brush attachment to gently clean the velvet fabric. For spot cleaning, use a dry cloth with mild soap and water, applying pressure in a circular motion. Avoid harsh chemicals.

Pet-Friendly Features:

The velvet fabric is designed to be pet-friendly. Pet hair tends to sit on the surface, making it easy to remove with a lint roller or by hand. The sturdy velvet material is resistant to claw marks, maintaining its appearance even with active pets.
