2. **Attach Legs:** Twist the legs onto the bottom of each modular seat unit by hand until secure.
3. **Connect Backrests/Armrests:** Attach the backrest and armrest units to the seat frames using the provided connectors and screwdriver. These pieces can be positioned as desired to form your preferred sofa configuration.
4. **Configure Modules:** Arrange the individual seat modules in your desired layout (e.g., L-shape, U-shape, separate chairs). Use the provided metal connectors to link adjacent modules together, ensuring stability.

## OPERATING INSTRUCTIONS

The Belffin Modular Sectional Sofa offers flexible functionality to enhance your comfort and convenience.

- **Adjustable Backrest and Armrest:** The backrest and armrest supports can be adjusted within a 135° range. To adjust, gently push or pull the desired component to your preferred angle. This allows for ideal sitting or resting positions, whether watching TV, reading, or napping.
- **Modular Reconfiguration:** The individual seat modules are movable. To reconfigure, simply disconnect the metal connectors between units, rearrange the modules as desired, and then re-secure them using the connectors. This allows for endless layout possibilities, from a traditional sectional to a sleeper sofa or individual seating arrangements.
- **Storage Access:** Each seat cushion lifts to reveal a spacious storage compartment underneath. Lift the cushion from the front edge to access the storage. Ensure the cushion is securely closed after use.

### MAINTENANCE AND CARE

Proper care will ensure the longevity and appearance of your Belffin Modular Sectional Sofa.

- **General Cleaning:** Vacuum occasionally using a soft brush attachment to remove dust and particles.
- **Spot Cleaning:** For spills or stains, use a dry cloth with mild soap and water. Apply pressure in a circular motion. Avoid harsh chemicals, as they may damage the velvet fabric.
- **Pet-Friendly Care:** The velvet fabric is designed to be pet-friendly. Pet hair typically sits on the surface and can be easily removed with a lint roller or by picking off clumps. The sturdy fabric is resistant to claw marks.
- **Removable Covers:** The back pillow covers are removable for washing. Turn them inside out before machine washing to protect the fabric.

## TROUBLESHOOTING

If you encounter any issues with your Belffin Modular Sectional Sofa, please refer to the following common solutions:

- **Modules Shifting:** Ensure all metal connectors between modules are properly engaged and tightened. If modules still shift, reposition them and re-secure the connectors.
- **Cushion Sagging:** Rotate and fluff cushions regularly to maintain their shape and firmness.
- **Stains Not Removing:** For stubborn stains, repeat the spot cleaning process or consider professional upholstery cleaning. Avoid excessive scrubbing that could damage the fabric.
- **Adjustable Components Sticking:** Apply a small amount of silicone lubricant to the hinge mechanisms of the adjustable backrests/armrests if they become stiff.
