

Soundcore Life Note E

Soundcore Life Note E True Wireless Earbuds User Manual

Model: Life Note E | Brand: Soundcore by Anker

1. PRODUCT OVERVIEW

The Soundcore by Anker Life Note E true wireless earbuds are designed for an immersive audio experience with powerful bass and clear calls. They feature oversized 10mm drivers, customizable EQ modes, and AI-enhanced call technology, all within a compact and water-resistant design.

Key Features:

- **Thumping Beats:** Equipped with 10mm oversized drivers for 50% more bass and clear audio.
- **Customized Sound:** Switch between Signature, Bass Booster, and Podcast EQ modes.
- **Compact and Lightweight:** Ultra-light earbuds and a compact charging case (1.3oz / 37g) for portability.
- **Extended Playtime:** Up to 8 hours of listening on a single charge, with the charging case providing up to 4 full recharges for a total of 32 hours.
- **AI-Enhanced Calls:** Built-in microphones and a custom AI-algorithm ensure clear conversations.
- **IPX5 Water-Resistant:** Designed to withstand splashes and sweat, suitable for workouts and outdoor use.

2. WHAT'S IN THE BOX

IPX5

WATER-RESISTANT

Figure 3.4: Earbuds demonstrating IPX5 water resistance, suitable for splashes and sweat.

4. SETUP GUIDE

4.1 Charging the Earbuds and Case

Before first use, fully charge the earbuds and the charging case.

1. Place both earbuds into the charging case.
2. Connect the USB-C charging cable to the charging port on the back of the case and to a power source.
3. The LED indicators on the case will light up to show charging status. Once fully charged, the indicators will turn solid or off depending on the model.
4. A full charge provides up to 8 hours of playtime for the earbuds, and the case holds an additional 24 hours of charge (3 full recharges).

4.2 Pairing with Your Device

1. **First-Time Pairing:** Open the charging case. The earbuds will automatically enter Bluetooth pairing mode, and the LED indicator on one earbud will flash white.
2. On your device (smartphone, tablet, laptop), go to the Bluetooth settings.
3. Select "Soundcore Life Note E" from the list of available devices.
4. Once connected, the LED indicator on the earbud will turn solid white for 1 second and then turn off.
5. **Pairing with Another Device:** Place the earbuds in the charging case and leave the lid open. Press and hold the button on the charging case for 3 seconds until the earbud indicators flash white rapidly. Then repeat steps 2-4.

5. OPERATING INSTRUCTIONS

5.1 Controls

The Soundcore Life Note E earbuds feature touch controls. The specific actions may vary slightly based on the firmware version. Refer to the Soundcore app for customizable controls.

Action	Left Earbud	Right Earbud
Play/Pause	Double-tap	Double-tap
Next Track	(Not specified, typically triple-tap or hold)	Hold 2 seconds
Previous Track	Hold 2 seconds	(Not specified, typically triple-tap or hold)
Answer/End Call	Double-tap	Double-tap
Reject Call	Hold 2 seconds	Hold 2 seconds
Activate Voice Assistant	Triple-tap	Triple-tap

Note: For volume control, use your connected device.

5.2 EQ Modes

The Soundcore Life Note E offers three distinct EQ modes to optimize your listening experience. These can typically be switched via the Soundcore app or specific touch controls if available (check app for details).

- **Soundcore Signature:** Balanced sound profile suitable for all music genres.
- **Bass Booster:** Enhances low frequencies for a more powerful and thumping bass.
- **Podcast:** Optimizes audio for spoken content, making voices clearer and more prominent.

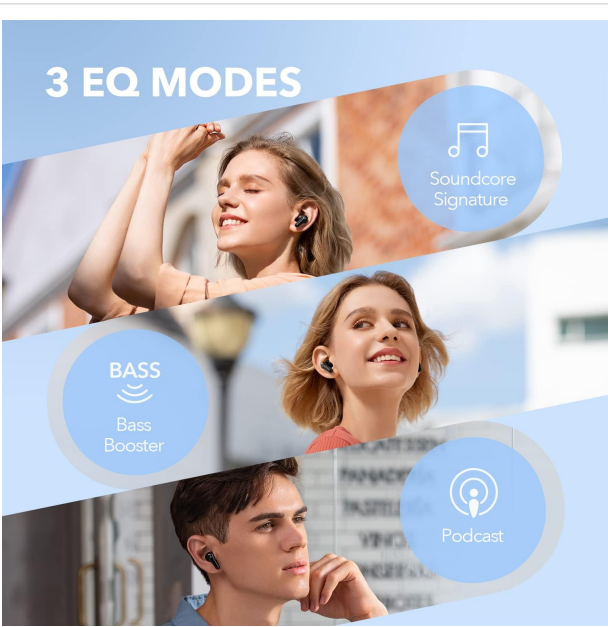

Figure 5.1: Visual representation of the three available EQ modes.

5.3 Making Calls

The earbuds feature AI-enhanced microphones for clear call quality.

- Ensure earbuds are connected to your phone.
- Use the touch controls (as listed in Section 5.1) to answer, end, or reject calls.

6. MAINTENANCE AND CARE

Proper maintenance ensures the longevity and optimal performance of your Soundcore Life Note E earbuds.

- **Cleaning:** Regularly clean the earbuds and charging pins with a soft, dry, lint-free cloth. Remove eartips and clean any earwax or debris from the mesh.
- **Storage:** When not in use, always store the earbuds in their charging case to protect them and keep them charged.
- **Water Resistance:** While IPX5 water-resistant, avoid submerging the earbuds in water. Dry them thoroughly if they get wet before placing them back in the charging case.
- **Temperature:** Avoid exposing the earbuds to extreme temperatures (hot or cold) as this can damage the battery and internal components.

7. TROUBLESHOOTING

If you encounter issues with your earbuds, try the following solutions:

Problem	Possible Solution
---------	-------------------

Problem	Possible Solution
Earbuds not charging	Ensure the charging cable is securely connected. Clean the charging pins on both the earbuds and the case. Try a different USB-C cable or power adapter.
Earbuds not pairing	Make sure Bluetooth is enabled on your device. Place earbuds back in the case, close the lid, then open it again to re-enter pairing mode. Forget "Soundcore Life Note E" from your device's Bluetooth list and try pairing again.
Only one earbud playing sound	Ensure both earbuds are charged. Place both earbuds back in the case, close the lid, wait a few seconds, then open it again. Try resetting the earbuds (refer to the full Soundcore manual for specific reset instructions).
Poor sound quality	Adjust the EQ mode in the Soundcore app. Ensure eartips provide a good seal in your ear. Clean any debris from the earbud mesh. Move closer to your connected device to avoid interference.
Microphone issues during calls	Ensure earbuds are properly positioned. Check for any obstructions on the microphone ports. Ensure your phone's audio output is set to the earbuds during calls.

8. SPECIFICATIONS

Feature	Detail
Model Name	Life Note E
Connectivity Technology	Wireless (True Wireless)
Driver Size	10mm Oversized Drivers
Playtime (Earbuds)	Up to 8 Hours
