ThingsBag Dog Collar AirTag Holder (2 Pack) Instruction Manual

Model: B0BPLTK7BC

Setup   **Operation**   **Maintenance**   **Troubleshooting**   **Specifications**   **Warranty & Support**

INTRODUCTION

This manual provides instructions for the ThingsBag Dog Collar AirTag Holder. This product is designed to securely hold an Apple AirTag, allowing you to track your pets or other belongings. Made from durable, elastic silicone, it offers protection and a comfortable fit for various collar types and sizes.

SETUP INSTRUCTIONS

Follow these steps to properly install your Apple AirTag into the ThingsBag holder and attach it to a collar:

1. **Insert AirTag:** Orient the AirTag with its battery cover facing downward. Align it with the step on the holder.

2. **Push into Holder:** Gently push the AirTag into the silicone holder until it is securely seated.

3. **Adjust Sleeve:** Adjust the silicone sleeve to fully encase the AirTag locator, ensuring a tight and secure fit.

4. **Attach to Collar:** Thread the ear-hook design of the holder through the buckle or strap of your pet's collar. The highly elastic silicone allows for easy attachment to various collar widths and shapes.

Highly elastic silicone

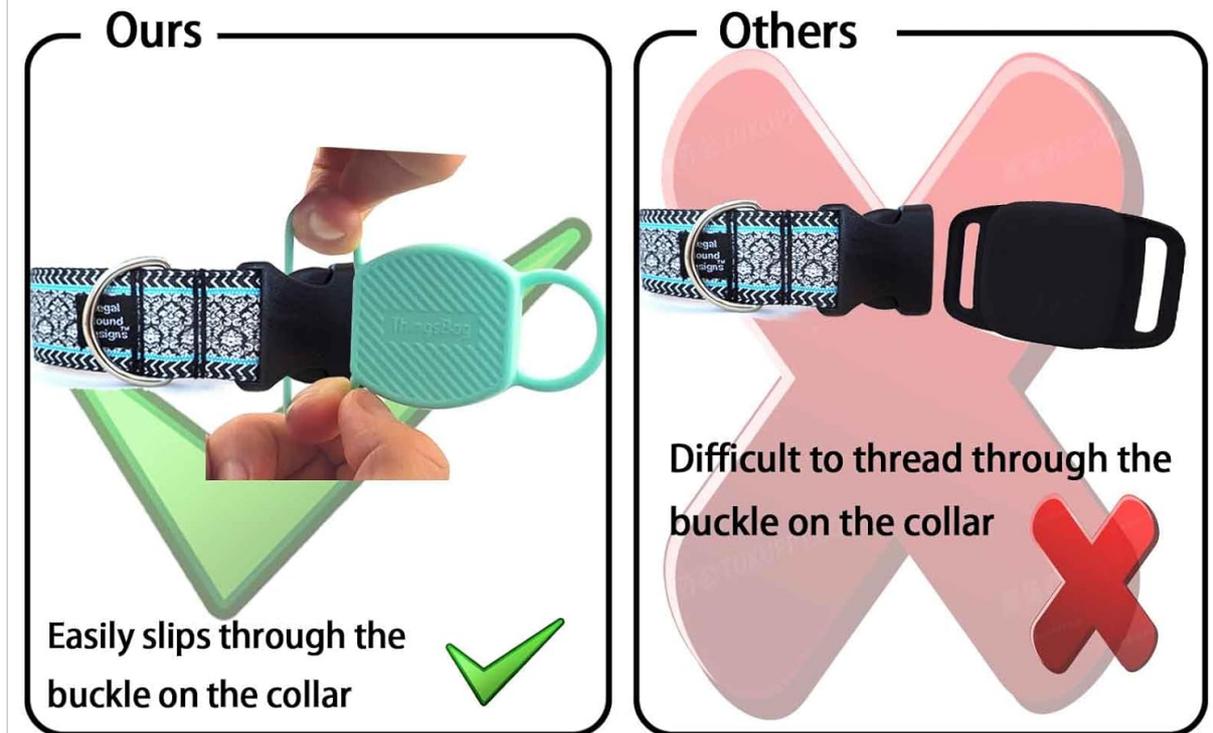

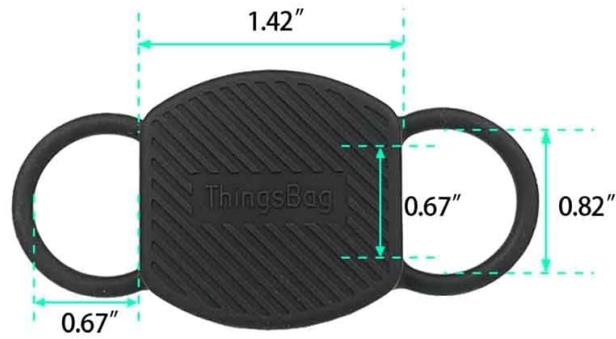

The holder will not be torn

Collar Compatibility and Design

The ThingsBag holder is designed with a semi-circular ear-loop and highly elastic silicone to accommodate a wide range of pet collar sizes and types. It is compatible with collar widths of 0.6", 0.78", and 1". The unique ear-hook design ensures the holder easily slips through collar buckles, unlike other designs that may be difficult to thread.

OPERATION

Once the AirTag is securely installed in the ThingsBag holder and attached to your pet's collar or other items, it functions as a protective casing. The holder ensures the AirTag remains in place during your pet's activities, reducing the risk of it falling out or being damaged. The lightweight and slim design minimizes discomfort for your pet, allowing them to move freely without interference.

Versatile Usage

Beyond pet collars, the ThingsBag holder can be used with various items such as backpacks, handbags, luggage, and children's belongings, providing a secure way to attach your AirTag for tracking purposes.

MAINTENANCE

The ThingsBag AirTag holder is made from waterproof and anti-dirty silicone, making it easy to clean. Simply rinse the holder with water to remove any dirt or debris. Ensure the AirTag is properly sealed within the holder before exposing it to water, although the AirTag itself is water-resistant.

TROUBLESHOOTING

- **AirTag Not Secure:** Ensure the AirTag is fully pushed into the holder and the silicone sleeve completely encases it. The holder is designed for a tight fit to prevent the AirTag from popping out.

- **Holder Not Fitting Collar:** The highly elastic silicone and ear-hook design are compatible with most collar types and widths. If you encounter difficulty, gently stretch the ear-hooks to fit around the collar buckle or strap. Avoid excessive force.

- **AirTag Tracking Issues:** This product is a holder for the AirTag. For issues with AirTag functionality (e.g., signal loss, battery life), refer to Apple's official AirTag support documentation.

SPECIFICATIONS

Brand:	ThingsBag
Model:	B0BPLTK7BC
Material:	Silicone (Soft)
Color:	Black

Package Dimensions:	4.17 x 2.32 x 0.47 inches
Item Weight:	0.352 ounces
Special Features:	Anti-Slip, Waterproof (AirTag itself is IP67 rated)
Compatible Devices:	Apple AirTag (GPS trackers)
