## Medicube MED-PAD

# Medicube Deep Vita C Facial Pads User Manual

Model: MED-PAD

Brand: Medicube

## PRODUCT OVERVIEW

The Medicube Deep Vita C Facial Pads are designed to address uneven skin tone, dark spots, and blemishes. Infused with 500,000PPM of vitamin water and three types of vitamin, these pads aim to provide radiance and a youthful appearance. They feature a dual-sided design for both exfoliation and polishing, contributing to clearer and more luminous skin.

## SETUP AND PREPARATION

Before first use, ensure the product container is sealed. Store the pads in a cool, dry place away from direct sunlight to maintain product integrity. No assembly is required for this product.

# NEW LOOK SAME FORMULA

A new package is coming soon...

## OPERATING INSTRUCTIONS (USAGE)

Follow these steps for optimal use of Medicube Deep Vita C Facial Pads:

- Cleansing:** After cleansing your face, open the container of Deep Vita C Pads.
- Exfoliation (Embossed Side):** Gently swipe the embossed side of a pad across your face, moving from the center outward. This side is designed for gentle exfoliation, helping to remove dead skin cells and unclog pores.
- Polishing (Silky Side):** Flip the pad and use the silky side to polish your skin and pat in the remaining essence. This side provides a final touch, leaving skin refreshed and revitalized.
- Targeted Care:** For specific problem areas, you may leave the pad on for 5-10 minutes before discarding.
- Absorption:** Lightly pat your skin to enhance the absorption of the product.

Consistent use is recommended for visible results, typically within 7 days for fading spots and blemishes.

## Smooth Side

Radiance and moisture care

On days when your skin is dull, wipe once more for a radiant and moisturizing finish.

## Small-circular Embossed Side

Pigmentation and spot care

The small circular pattern has better waste removal properties between crevices of the skin and provides gentler skin texture care.

## SAFETY INFORMATION

Please read and adhere to the following safety guidelines:

- **Patch Test:** Not all skin types are the same. When trying new products, it is strongly advised that a small patch test is conducted before regular usage to ensure skin compatibility. Apply a small amount of the product to a discreet area 24 hours in advance of normal application to check for adverse reactions.
- **Storage:** Keep out of reach of children.
- **External Use Only:** For external use only.
- **Eye Contact:** Keep out of eyes. In case of contact, rinse thoroughly with water.
- **Irritation:** Stop use if irritation develops. Consult a healthcare professional if irritation persists.

### MAINTENANCE AND STORAGE

To ensure the longevity and effectiveness of your Medicube Deep Vita C Facial Pads:

- **Close Lid Tightly:** Always close the lid tightly after each use to prevent the pads from drying out and to maintain product freshness.
- **Storage Conditions:** Store in a cool, dry place, away from direct sunlight and extreme temperatures.

### TROUBLESHOOTING

While Medicube Deep Vita C Pads are generally well-tolerated, consider the following if issues arise:

- **Skin Dryness:** If your skin feels dry after use, ensure you are following up with a good moisturizer. The pads provide exfoliation and treatment, but hydration is crucial.

- **Irritation/Redness:** If you experience persistent irritation, redness, or discomfort, discontinue use immediately. Refer to the Safety Information section and consult a dermatologist if symptoms persist.
- **Lack of Visible Results:** Ensure consistent daily use as directed. Individual results may vary, and some users may require more time to see significant changes. Ensure your overall skincare routine supports the product's efficacy.

4-Week-Use Satisfaction Rate **100%**

Pigmentation	100%	Feeling of use	100%
Exfoliation	100%	Hydration	100%
