MAINTENANCE: CARE AND CLEANING

To maintain the appearance and extend the life of your wooden tiered tray, follow these care instructions:

- **Cleaning:** Wipe the tray with a dry cloth to remove dust or spills. For stubborn marks, a slightly damp cloth can be used, followed immediately by a dry cloth.
- **Avoid Moisture:** Do not immerse the tray in water or place it in a dishwasher, as this can damage the wood and finish.
- **Storage:** When not in use, store the tray in a dry place away from direct sunlight or extreme temperature changes to prevent warping or cracking.

TROUBLESHOOTING

If you encounter any issues with your Urban Deco 3-Tier Wooden Decorative Tray, consider the following:

- **Instability:** Ensure all components, especially the wing nut at the base, are securely tightened. The bottom

tray is also supported by three small feet for added stability.

- **Wobbling:** Check that the tray is placed on a flat, even surface. Uneven surfaces can cause wobbling.
- **Difficulty Assembling/Disassembling:** Verify that the threaded rods and holes are aligned correctly. Do not force components; gently twist to connect.
