LOVMOR 15"W Base Cabinet Shaker White Instruction Manual

Model: S-B15-SW-US-DF

1. INTRODUCTION

This manual provides detailed instructions for the assembly, operation, and maintenance of your LOVMOR 15"W Base Cabinet Shaker White. Please read all instructions carefully before beginning assembly and retain this manual for future reference.

2. SAFETY INFORMATION

- Always assemble the cabinet on a clean, flat, and soft surface to prevent scratches.
- Ensure all parts are present before beginning assembly.
- Use appropriate tools as specified in the assembly instructions.
- Due to the weight of the cabinet, it is recommended that two people assemble and move the unit.
- Secure the cabinet to the wall using the provided anti-tip screws to prevent accidental falls, especially in households with children or pets.
- Do not overload drawers or shelves beyond their recommended weight capacity.

3. PACKAGE CONTENTS

Before assembly, verify that all components are included in your package. If any parts are missing or damaged, please contact customer support.

Large-Capacity Cabinets can Effectively Organize Your Items

Image 3.1: Overview of cabinet dimensions and internal components.

The package typically includes:

- Cabinet panels (side, back, bottom, top frame)
- Drawer components (front, back, sides, bottom)
- Door panel
- Adjustable shelf
- Hardware kit (screws, dowels, hinges, drawer glides, handles, anti-tip kit)

- Assembly instructions

4. ASSEMBLY INSTRUCTIONS

Assembly is estimated to take approximately 40 minutes. Follow the numbered steps in the provided instruction manual carefully. While parts may not always be individually labeled, refer to the diagrams to identify each component before assembly.

Step-by-Step Guide:

1. **Prepare the Workspace:** Clear a spacious area and lay out all components and hardware.
2. **Assemble the Cabinet Frame:** Connect the side panels to the bottom and back panels using the specified hardware. Ensure all connections are secure.
3. **Install Drawer Glides:** Attach the drawer glides to the cabinet side panels according to the diagrams.
4. **Assemble the Drawer:** Construct the drawer box by connecting the front, back, and side panels. Insert the drawer bottom and attach the remaining drawer glide components.
5. **Install Hinges:** Attach the soft-closing hinges to the cabinet door and then to the cabinet frame. Adjust as needed for proper door alignment.
6. **Insert Adjustable Shelf:** Place the shelf supports at the desired height and slide the adjustable shelf into position.
7. **Attach Handles:** Secure the handles to the drawer front and cabinet door.
8. **Secure to Wall:** Use the anti-tip kit to firmly attach the cabinet to a wall stud for stability.

5. OPERATION

Your LOVMOR base cabinet is designed for efficient storage with user-friendly features.

Drawer Functionality:

The cabinet features a large drawer equipped with undermount full extension soft-close drawer glides. This design allows for smooth, quiet operation and full access to the drawer's contents, preventing slamming and potential damage.

Adjustable Shelf:

The internal shelf can be adjusted to different heights to accommodate various item sizes. To adjust, remove the shelf, reposition the shelf supports to the desired holes, and reinsert the shelf.

6. CARE AND MAINTENANCE

To ensure the longevity and appearance of your LOVMOR cabinet, follow these care guidelines:

- **Cleaning:** The painted surface is waterproof and easy to clean. Use a soft, damp cloth with mild soap and water. Avoid abrasive cleaners or harsh chemicals that can damage the finish.
- **Spills:** Wipe up spills immediately to prevent moisture damage, especially on the edges and seams.
- **Protection:** Avoid placing hot items directly on the cabinet surface. Use protective pads under heavy or sharp objects.
- **Material Durability:** The cabinet is constructed from high-quality density fiberboard (HDF Plywood) with a UV painted finish, offering resistance to water, cracks, and warping.

The Material of HDF Plywood is Durable and Highly Resistant to Water, Crack and Warp

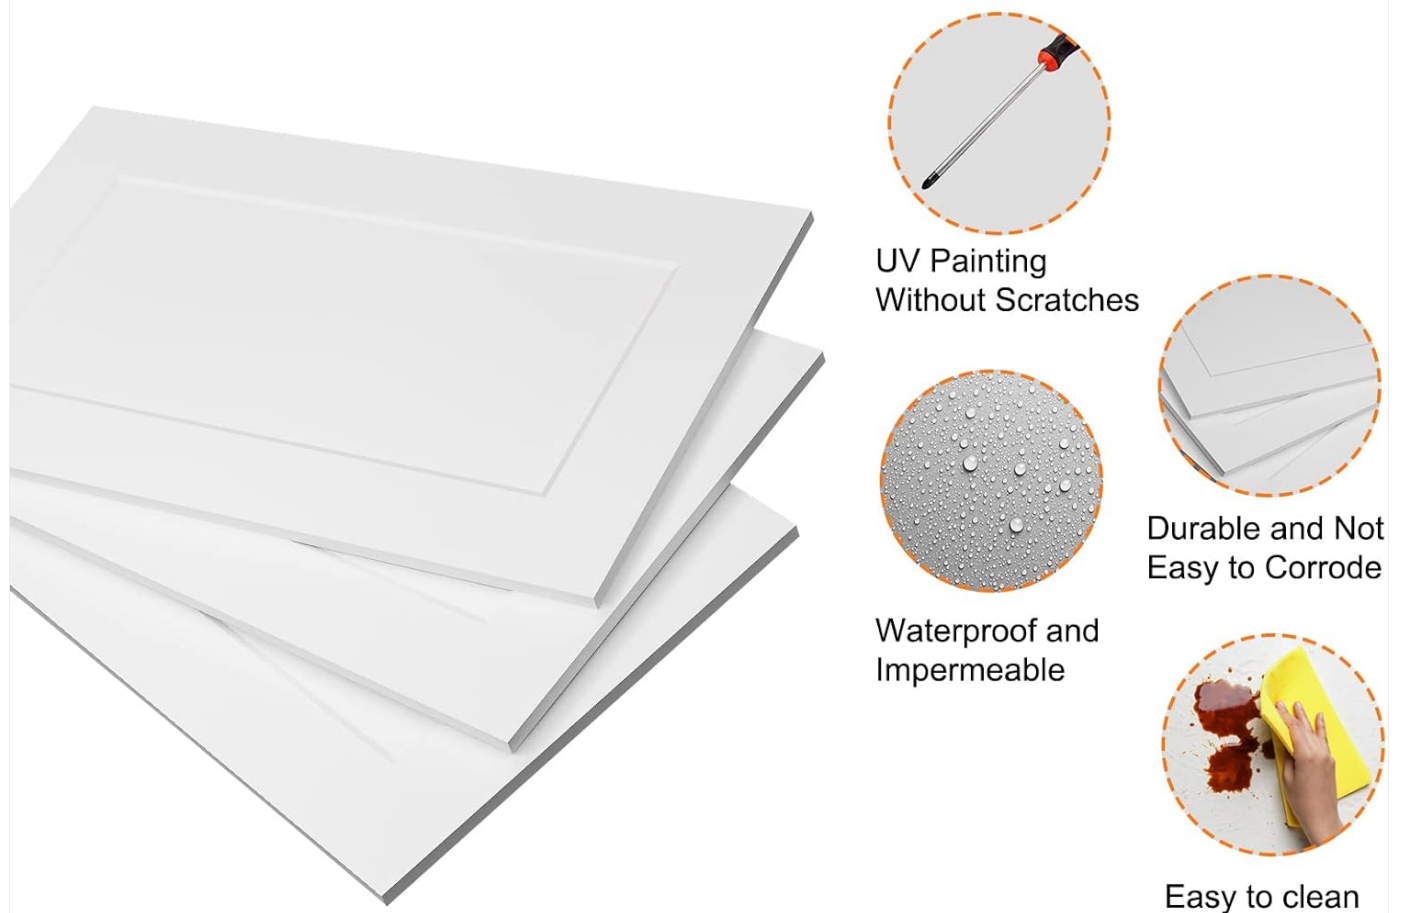

Image 6.1: Material properties and cleaning instructions.

7. TROUBLESHOOTING

If you encounter issues during assembly or use, refer to the following common solutions:

- **Missing or Unlabeled Parts:** Carefully compare all received components with the parts list and diagrams in the assembly manual. If parts are genuinely missing, contact customer support with your product model and purchase information.
- **Holes Not Aligning:** Double-check that you are using the correct panels and hardware for each step. Sometimes, panels may appear similar but have slight differences in hole placement. Ensure components are oriented correctly. Do not force parts together.
- **Drawer/Door Not Closing Smoothly:** Adjust the soft-closing hinges and drawer glides. Most hinges have adjustment screws to fine-tune door alignment. Ensure drawer glides are properly seated and free of obstructions.
- **Cabinet Instability:** Verify that all screws and fasteners are tightened. Ensure the cabinet is placed on a level surface. Always use the anti-tip kit to secure the cabinet to the wall.

8. SPECIFICATIONS

Brand	LOVMOR
Model Name	S-B15-SW-US-DF
Color	Shaker White
Product Dimensions	24"D x 15"W x 34.5"H
Item Weight	47 Pounds
