OPPO OBB215

OPPO Band 2 Smartwatch User Manual

Model: OBB215

1. INTRODUCTION

This manual provides essential information for setting up, operating, and maintaining your OPPO Band 2 Smartwatch. Please read this guide thoroughly to ensure proper use and to maximize the device's features.

2. WHAT'S IN THE BOX

- OPPO Band 2 Main Unit
 - Charging Cradle
 - Quick Start Guide
 - Safety Guide
-

3. SETUP

3.1 Charging the Device

Before first use, fully charge your OPPO Band 2. Connect the charging cradle to a USB power source and place the band onto the cradle, ensuring the charging pins align. A full charge takes approximately 1 hour and provides up to 14 days of battery life. A 5-minute charge can provide up to 1 day of use.

3.2 Pairing with a Smartphone

1. Download the **HeyTap Health** app from the Google Play Store or Apple App Store.

2. Open the app and follow the on-screen instructions to create an account or log in.
3. Ensure Bluetooth is enabled on your smartphone.
4. In the HeyTap Health app, select 'Add Device' and choose OPPO Band 2 from the list.
5. Confirm the pairing request on both your smartphone and the band.

3.3 Wearing the Device

Wear the OPPO Band 2 comfortably on your wrist, about one finger's width above your wrist bone. Ensure the sensor on the back is in contact with your skin for accurate health monitoring.

4. OPERATING INSTRUCTIONS

4.1 Display and Navigation

The OPPO Band 2 features a 1.57-inch AMOLED touchscreen display. Swipe up/down or left/right to navigate through menus and features. Tap to select an option.

Image: A visual comparison illustrating the 1.57-inch display size of the OPPO Band 2.

4.2 Sports Modes

The band supports over 100 sports modes, allowing you to track various activities from walking to specialized workouts. It automatically recognizes some activities and provides detailed data analysis

through the HeyTap Health app.

- **Running Mode:** Features advanced running support with comprehensive data management and analysis.
- **Pro Tennis Mode:** OPPO's unique mode for tennis players, offering detailed shot count and swing speed analysis.

4.3 Health Monitoring

The OPPO Band 2 provides comprehensive health monitoring features to help you understand your well-being.

- **Sleep Monitoring:** Tracks sleep stages, blood oxygen levels, and heart rate during sleep. Provides pre-sleep notifications and post-sleep analysis reports to help improve sleep quality.
- **Heart Rate Monitoring:** Continuously monitors your heart rate throughout the day.
- **Blood Oxygen (SpO2) Monitoring:** Measures your blood oxygen saturation levels.
- **Stress Monitoring:** Helps you track and understand your stress levels.
- **Sedentary Reminder:** Alerts you when you've been inactive for too long.
- **Hydration Reminder:** Reminds you to drink water regularly.

睡眠モニタリング

就寝前、睡眠中、起床後も睡眠の質を高めるサポート

※ 本製品は医療機器ではありません。

4.4 Smart Features

- **Notifications:** Receive call, message, and app notifications directly on your wrist.
- **Media Control:** Control music playback on your connected smartphone.
- **Find My Phone:** Locate your misplaced smartphone.
- **Alarm:** Set alarms directly from the band.
- **5ATM Water Resistance:** Suitable for swimming and showering, but not for diving or high-pressure water activities.

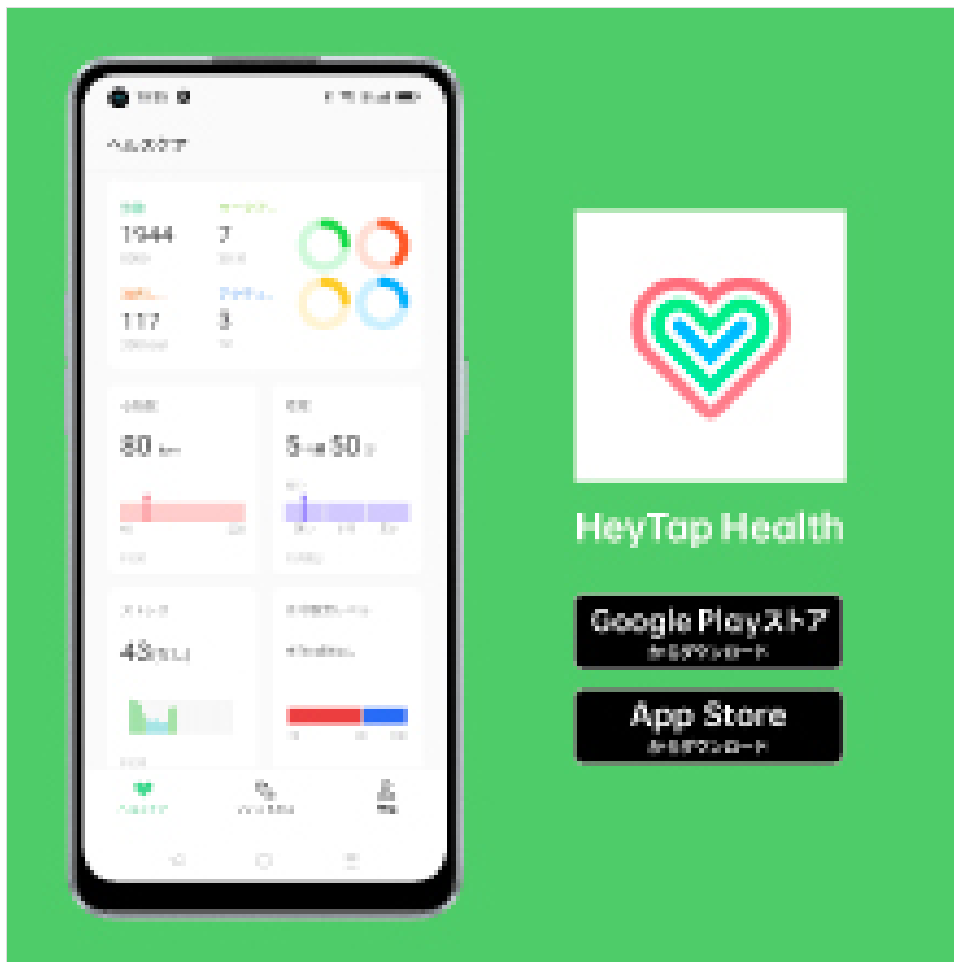

Image: Icons illustrating various smart features of the OPPO Band 2, including media control, alarm, find phone, call notifications, and 5ATM water resistance.

5. MAINTENANCE

To ensure the longevity and accuracy of your OPPO Band 2, follow these maintenance guidelines:

- **Cleaning:** Regularly clean the band and the device's sensors with a soft, damp cloth. Avoid using harsh chemicals or abrasive materials.
- **Drying:** After exposure to water, ensure the device is completely dry before charging or prolonged use.
- **Storage:** Store the band in a cool, dry place when not in use.
- **Avoid Extreme Temperatures:** Do not expose the device to extremely high or low temperatures.

6. TROUBLESHOOTING

If you encounter issues with your OPPO Band 2, try the following solutions:

- **Device not turning on:** Ensure the device is fully charged.
- **Cannot pair with smartphone:** Make sure Bluetooth is enabled on your phone, the HeyTap Health app is open, and the band is within range. Try restarting both the band and your phone.
- **Inaccurate health data:** Ensure the band is worn correctly and snugly on your wrist. Clean the sensors

regularly.

- **Short battery life:** Check if all features (e.g., continuous heart rate monitoring, always-on display) are enabled. Adjust settings in the HeyTap Health app to optimize battery consumption.
- **Notifications not appearing:** Verify notification permissions for the HeyTap Health app in your phone's settings. Ensure the band is connected via Bluetooth.

For further assistance, please refer to the official OPPO support resources.

7. SPECIFICATIONS
