## Görbach JYCP

# Görbach 70cm Stainless Steel Shower Rail Set (Model JYCP)

Instruction Manual

## PRODUCT OVERVIEW

The Görbach 70cm Stainless Steel Shower Rail Set (Model JYCP) is designed to enhance your showering experience with its durable construction and adjustable features. This chrome-finished shower rail includes a versatile shower head holder, offering both functionality and a sleek aesthetic for your bathroom.

## SETUP AND INSTALLATION

Follow these steps for proper installation of your Görbach shower rail set. Ensure all components are present before beginning.

### Components Included:

- 70cm Stainless Steel Shower Rail
- Adjustable ABS Shower Head Holder
- High-quality Plastic Wall Mounts
- Mounting Screws and Wall Plugs

## Installation Steps:

1. **Prepare the Wall:** Identify the desired mounting location. The wall brackets are movable and freely adjustable between 10 and 65 cm, allowing you to use existing drill holes if available.
2. **Mark Drill Points:** Position the wall mounts and mark the drill points. Ensure the rail will be level.
3. **Drill Holes:** Drill holes into the wall at the marked points. Insert the wall plugs.
4. **Attach Wall Mounts:** Secure each wall bracket to the wall with one screw.
5. **Insert Shower Rail:** Slide the 70cm stainless steel shower rail into the secured wall mounts.
6. **Secure the Rail:** Tighten the screws on the wall mounts to firmly hold the shower rail in place.
7. **Attach Shower Head Holder:** The adjustable shower head holder can be easily attached to the rail. Loosen the knob, position it on the rail, and then tighten it.

## OPERATING INSTRUCTIONS

The Görbach shower rail set is designed for simple and flexible operation.

### Adjusting the Shower Head Holder:

- **Height Adjustment:** To adjust the height of your shower head, simply loosen the knob on the shower head holder, slide the holder up or down the rail to your desired position, and then tighten the knob firmly.

- **Angle Adjustment:** The shower head holder can be rotated up to 180 degrees, allowing you to direct the water flow precisely where needed for a comfortable shower. Adjust the angle by gently rotating the holder.
- **Secure Grip:** The holder features an internal anti-slip rubber sleeve to prevent the shower base from sliding once tightened, ensuring a stable position for your shower head.

## MAINTENANCE

Regular cleaning and maintenance will ensure the longevity and appearance of your Görbach shower rail set.

- **Cleaning:** The chrome finish is designed to resist scratches and facilitate cleaning. Use a soft cloth and mild, non-abrasive cleaning agents. Avoid harsh chemicals, abrasive pads, or acidic cleaners, as these can damage the finish.
- **Drying:** After cleaning, wipe the surfaces dry with a soft cloth to prevent water spots and maintain the chrome's shine.
- **Inspection:** Periodically check all connections and mounting points to ensure they remain secure. Tighten any loose screws if necessary.

## TROUBLESHOOTING

If you encounter any issues with your shower rail set, refer to the following common solutions:

- **Shower Head Holder Slips:** Ensure the knob on the shower head holder is fully tightened. The internal rubber sleeve

provides anti-slip protection when properly secured.

- **Rail Feels Loose:** Check the wall mounts. Ensure the screws securing the wall mounts to the wall are tight. Also, verify that the rail is firmly seated within the mounts and their retaining screws are tightened.
- **Water Leaks (if applicable to connections):** While this product is a rail and holder, if you are connecting a shower hose, ensure all connections are properly sealed with plumber's tape and tightened.

## PRODUCT SPECIFICATIONS

---

<b>Brand</b>	Görbach
<b>Model Number</b>	JYCP
<b>Product Dimensions</b>	70 x 2.2 x 70 cm
<b>Item Weight</b>	570 grams
