

CaDA C55014W

Instruction Manual: Initial D Toyota AE86 Trueno Replica Car Building Set

Brand: CaDA | Model: C55014W

INTRODUCTION

This instruction manual provides comprehensive guidance for the assembly, operation, and maintenance of the CaDA Initial D Toyota AE86 Trueno Replica Car Building Set, model C55014W. This set allows enthusiasts to construct a detailed 1:24 scale model of the iconic AE86 Trueno from the Initial D series. Please read through all instructions carefully before beginning assembly to ensure a smooth and enjoyable building experience.

SAFETY INFORMATION

Warning:

- Not suitable for children under 3 years old due to small parts which may present a choking hazard.
- Adult supervision is recommended during assembly, especially for younger builders.

PACKAGE CONTENTS

Before starting assembly, please verify that all components are present in your package:

- 280 Building Block Pieces (various shapes and sizes)
- 1 Instruction Manual
- Sticker Sheet (for detailing)

If any parts are missing or damaged, please refer to the "Warranty and Support" section for assistance.

SETUP AND ASSEMBLY

Follow the step-by-step instructions provided in the included manual to assemble your Initial D Toyota AE86 Trueno model. Organize your building blocks by color and shape to facilitate the process. The assembly process involves connecting various block pieces to form the car's chassis, body, and detailed features.

Key Assembly Features:

- **Chassis Construction:** Begin by building the base frame of the vehicle, ensuring all connections are secure.
- **Bodywork:** Attach the body panels, paying attention to the distinctive black and white color scheme of the AE86.
- **Functional Elements:** Integrate the mechanisms for rotatable wheels, pop-up headlights, and openable hood and trunk. These features are designed to enhance the model's realism.
- **Interior Details:** Assemble the detailed interior components, including the steering wheel and seating.
- **Exterior Detailing:** Apply the provided stickers for authentic branding and license plate details.

OPERATING THE MODEL

Once assembled, your CaDA Initial D AE86 model is designed for display and light interaction. It is not intended for high-impact play or racing.

- **Wheels:** The wheels are rotatable, allowing the model to be moved manually on smooth surfaces.
- **Headlights:** The pop-up headlights can be manually raised and lowered, mimicking the real vehicle's feature.
- **Hood and Trunk:** The front hood and rear trunk can be opened to reveal the detailed engine compartment and the "tofu box" storage area, respectively.
- **Steering:** The steering wheel is designed to turn, providing an additional interactive element.

MAINTENANCE

To keep your CaDA Initial D AE86 model in optimal condition and preserve its appearance:

- **Cleaning:** Dust the model regularly with a soft, dry cloth or a soft brush. For more thorough cleaning, gently wipe with a slightly damp cloth and then dry immediately. Avoid harsh chemicals or abrasive cleaners.
- **Storage:** Store the model in a cool, dry place away from direct sunlight to prevent discoloration or warping of the plastic pieces.
- **Handling:** Handle the model carefully to avoid accidental disassembly or damage to delicate parts.

TROUBLESHOOTING

While the CaDA building sets are designed for quality, occasional issues may arise. Here are some common concerns and their resolutions:

- **Missing Pieces:** If you discover any missing pieces upon opening the package, please contact CaDA customer service immediately. Refer to the "Warranty and Support" section for contact details.
- **Difficulty with Instructions:** If you find certain steps in the instruction manual unclear, review the diagrams carefully. Sometimes, re-examining the orientation of pieces or the previous steps can clarify the process. Online resources or community forums may also offer visual guides.
- **Loose Connections:** Ensure that all building blocks are firmly pressed together. A loose connection can affect the stability and appearance of the model.

SPECIFICATIONS

Attribute	Detail
Product Dimensions (Package)	2.2 x 6.2 x 3.1 inches
Vehicle Dimensions (Assembled)	15.8 x 8.0 x 5.6 cm
