Roinvou 10.1" Android Double Din Car Stereo (Model for 2010-2014 Ford Fusion/Mondeo)

Roinvou 10.1" Android Double Din Car Stereo Instruction Manual

Model: 10.1" Android Double Din Car Stereo (for 2010-2014 Ford Fusion/Mondeo)

Brand: Roinvou

Product Overview

The Roinvou 10.1-inch Android Double Din Car Stereo is an advanced in-dash navigation system designed to enhance your driving experience. It features a responsive touch screen, integrated Android operating system, and supports both wireless and wired Apple CarPlay and Android Auto. Key functionalities include GPS navigation, Bluetooth for hands-free calling and audio streaming, FM/RDS radio, and compatibility with a backup camera. This unit comes with a dedicated radio housing kit for 2010-2014 Ford Fusion/Mondeo models, ensuring a seamless fit.

Setup and Installation

Pre-Installation Considerations

This car stereo is specifically designed for 2010-2014 Ford Fusion and Mondeo models. Ensure your vehicle falls within this compatibility range. Professional installation is recommended, but the package includes tools for self-disassembly and assembly.

Backup Camera Installation

Connect the AHD backup camera to the dedicated rear camera input cable. Ensure the camera's power wire is connected to the reversing lamp and the ground wire to a suitable ground point in the vehicle. This allows the stereo to automatically display the camera feed when the vehicle is in reverse gear.

Operating Instructions

Initial Power On and System Navigation

After installation, turn on your vehicle's ignition. The stereo will power on and display the main interface. Navigate through applications and settings using the touch screen.

Wireless CarPlay Connection

1. Open Bluetooth on the main page of the radio.
2. Click on Bluetooth Settings in the lower right corner to view the device name and password.
3. On your iPhone, turn on Bluetooth and search for the radio's device name. Enter the password to pair.

4. Once connected, ensure
