OPERATING INSTRUCTIONS

The Fuji Storage Bench serves as both a comfortable seating option and a practical storage unit. To access the internal storage compartment, gently lift the hinged lid. The lid is designed to stay open, allowing for easy placement or retrieval of items. To close, simply lower the lid until it rests securely.

The bench is designed to accommodate up to two individuals for seating, with a maximum weight recommendation of 250 pounds.

MAINTENANCE

To maintain the appearance and longevity of your Fuji Storage Bench, follow these care instructions:

- **Cleaning:** Wipe the boucle fabric with a dry cloth to remove dust and light debris. Avoid using liquid cleaners or abrasive materials, as these may damage the fabric.
- **Spills:** In case of spills, blot immediately with a clean, dry cloth. Do not rub.
- **Placement:** Position the bench away from direct sunlight and heat sources to prevent fading or material degradation.

TROUBLESHOOTING

If you encounter any issues with your Fuji Storage Bench, consider the following:

- **Lid not closing properly:** Ensure no items are obstructing the closing mechanism or the edges of the storage compartment.
- **Stability concerns:** Verify the bench is placed on a flat, even surface. If the floor is uneven, consider using furniture pads to level the bench.
- **Fabric wear or damage:** For significant damage, contact customer support. Minor snags in boucle fabric can sometimes be carefully trimmed, but avoid pulling threads.
