1. INTRODUCTION

Thank you for choosing the Cecotec Bolero Hexa C134500 Built-in Oven. This manual provides essential information for the safe and efficient operation, installation, and maintenance of your new appliance. Please read it thoroughly before use and keep it for future reference.

2. SAFETY INSTRUCTIONS

Always follow basic safety precautions when using electrical appliances to reduce the risk of fire, electric shock, and injury.

- Ensure the oven is properly installed by a qualified technician.
- Do not touch hot surfaces. Use oven mitts or pot holders.
- Supervise children when the oven is in use.
- Never use water to extinguish grease fires. Smother the fire or use a dry chemical or foam-type extinguisher.
- Disconnect the appliance from the power supply before cleaning or maintenance.
- Do not store flammable materials in or near the oven.
- The oven door features Triple Glass to minimize heat loss and prevent burns, but caution is still advised.

7. MAINTENANCE AND CLEANING

7.1 General Cleaning

Before cleaning, ensure the oven is cool and disconnected from the power supply. Use a damp cloth and mild detergent for external surfaces. For the interior, remove racks and trays and clean with appropriate oven cleaner.

7.2 Steam EasyClean Function

The Steam EasyClean function simplifies oven cleaning. Fill the Steam Base X2 with water. Activate the Steam EasyClean function. The steam will loosen baked-on food residues, making them easier to wipe away once the oven has cooled.
