

Cecotec CeramicCare 10in1 AirGlam Champagne (Model 00246)

Cecotec Bamba CeramicCare 10-in-1 AirGlam Champagne Air Brush Instruction Manual

Brand: Cecotec | Model: CeramicCare 10in1 AirGlam Champagne (Model 00246)

1. PRODUCT OVERVIEW

The Cecotec Bamba CeramicCare 10-in-1 AirGlam Champagne Air Brush is a versatile hair styling tool designed to dry, curl, style, and eliminate frizz. It features Coanda Technology for efficient styling, intelligent heat control to protect hair, and a powerful 1400W digital motor. This multi-function styler comes with a variety of ceramic and keratin-coated heads to achieve diverse hairstyles.

Figure 1: The Cecotec Bamba CeramicCare 10-in-1 AirGlam Air Brush main unit with its full set of 10 interchangeable attachments and a brown storage case.

Key Features:

- **10 Interchangeable Heads:** Includes dryer, 33mm, 40mm, and 70mm brushes, 2 combs, 2 curling cylinders (right and left), detangling brush, and volumizing comb for a wide variety of hairstyles.
- **Coanda Technology:** Utilizes airflow to attract and wrap hair for styling, curling, and frizz elimination.
- **Intelligent Heat Control:** Prevents overheating to protect hair from damage.
- **Multiple Settings:** 3 airflow speeds and 3 temperature settings for customized styling.
- **Cold Air Function:** Helps to set and seal hairstyles for long-lasting results.
- **Powerful Digital Motor:** 1400W power with 110,000 rpm for efficient performance.
- **Ceramic and Keratin Coating:** Heads are coated for smooth styling and hair protection.
- **Ergonomic Design:** Comfortable to hold and use.
- **Filter Cleaning Function:** Automated cleaning to maintain performance.

- **Storage Case:** A leather storage case is included for organized storage of all components.

2. SAFETY INSTRUCTIONS

Please read all safety instructions carefully before using the appliance. Failure to follow these instructions may result in electric shock, fire, or injury.

- Always ensure your hands are dry before plugging in or unplugging the appliance.
- Do not use this appliance near water, in a bathroom, or over a basin filled with water.
- Keep the appliance away from heat sources and direct sunlight.
- Do not block the air intake or outlet during operation.
- Unplug the appliance immediately after use and before cleaning.
- Do not use the appliance if the cord or plug is damaged. Contact customer support for repair.
- This appliance is not intended for use by persons (including children) with reduced physical, sensory, or mental capabilities, or lack of experience and knowledge, unless they have been given supervision or instruction concerning use of the appliance by a person responsible for their safety.
- Children should be supervised to ensure that they do not play with the appliance.
- Allow attachments to cool down before handling or storing.

3. COMPONENTS AND ATTACHMENTS

The Cecotec Bamba CeramicCare 10-in-1 AirGlam Air Brush comes with the following components:

- Main Air Brush Unit
- Dryer Head
- 33mm Brush
- 40mm Brush
- 70mm Brush
- 2 Combs (likely a detangling comb and a styling comb)
- 2 Curling Cylinders (one for right curls, one for left curls)
- Detangling Brush
- Volumizing Comb
- Storage Case

4. SETUP

1. **Unpack:** Carefully remove all components from the packaging.
2. **Inspect:** Check the appliance and all attachments for any signs of damage. Do not use if damaged.
3. **Attach Head:** Select the desired styling head. Align the head with the main unit and twist or push until it clicks securely into place. Ensure it is firmly attached before use.
4. **Connect to Power:** Plug the power cord into a suitable electrical outlet.

5. OPERATING INSTRUCTIONS

Follow these steps for effective and safe operation of your air brush styler:

1. **Power On:** Press the power button to turn on the air brush.
2. **Select Temperature:** Use the temperature control buttons to select the desired heat setting (3 available). Start with a lower temperature for delicate hair.

3. **Adjust Airflow Speed:** Select the appropriate airflow speed (3 available) according to your styling needs.
4. **Styling with Attachments:**
 - **Drying:** Use the dryer head to quickly remove excess moisture from your hair.
 - **Volumizing:** Attach the volumizing comb or a brush head (e.g., 70mm) and lift hair at the roots while drying.
 - **Straightening:** Use a comb attachment or a brush head to smooth and straighten sections of hair.
 - **Curling:** Use the curling cylinders. The Coanda effect will automatically wrap sections of hair around the barrel. Hold for a few seconds, then release. Use the left cylinder for curls on the left side of your head and the right cylinder for curls on the right side.
5. **Set Style (Cold Air Function):** Once styling is complete, activate the cold air function by pressing the dedicated button. This helps to fix and seal the hairstyle, providing a longer-lasting hold.
6. **Power Off:** Press the power button again to turn off the appliance.
7. **Unplug:** Disconnect the power cord from the electrical outlet.

6. MAINTENANCE

Filter Cleaning:

To ensure optimal performance and longevity of your air brush, regularly clean the filter:

1. After turning off the styler, press and hold the temperature button for a few seconds.
2. The cleaning option will activate, and air will be blown through the filter to expel any retained dirt or dust.
3. For deeper cleaning, ensure the appliance is unplugged and cool. Gently wipe the filter area with a soft, dry cloth.

General Cleaning and Storage:

- Always unplug the appliance and allow it to cool completely before cleaning.
- Wipe the main unit and attachments with a soft, damp cloth. Do not use abrasive cleaners or solvents.
- Ensure all parts are completely dry before storing.
- Store the air brush and its attachments in the provided leather storage case in a cool, dry place, away from

direct sunlight.

7. TROUBLESHOOTING

If you encounter any issues with your Cecotec Bamba CeramicCare AirGlam Air Brush, please refer to the following common solutions:

- **Appliance not turning on:** Ensure the power cord is securely plugged into a working electrical outlet. Check if the power button has been pressed firmly.
- **Weak airflow or overheating:** The filter may be blocked. Perform the filter cleaning function as described in the Maintenance section. Ensure air intake and outlet are not obstructed.
- **Attachments not staying on:** Ensure the attachment is correctly aligned and twisted/pushed until it clicks securely into place.
- **Hair not curling effectively:** Ensure hair is damp (not soaking wet) for best results with curling cylinders. Use smaller sections of hair. Verify the correct curling cylinder (left/right) is used for the desired side.
- **Unusual noise or smell:** Immediately turn off and unplug the appliance. Do not use it again and contact customer support.

If the problem persists after attempting these solutions, please contact Cecotec customer support.

8. SPECIFICATIONS

Feature	Specification
Brand	Cecotec
Model Name	CeramicCare 10in1 AirGlam Champagne
Item Model Number	00246
Power Source	Corded Electric
Wattage	1400 watts
