## Norelco S7886/84

# Philips Norelco Shaver 7600 (Model S7886/84) Instruction Manual

Rechargeable Wet & Dry Electric Shaver with SenseIQ Technology

## 1. PRODUCT OVERVIEW

The Philips Norelco Shaver 7600 is designed to provide a close and comfortable shave with advanced skin protection. It features SenseIQ technology, SteelPrecision blades, and a Nano SkinGlide coating for an efficient and gentle experience. This manual provides essential information for the safe and effective use and maintenance of your shaver.

## 2. SAFETY INFORMATION

Please read all safety instructions before using the appliance to prevent injury or damage. Keep this manual for future reference.

- Keep the shaver and its accessories out of reach of children.
- Use the shaver only as intended for shaving facial hair.
- Do not use the shaver or the charging cord if either is damaged. Inspect regularly for wear or damage.
- Avoid exposing the shaver or charging cord to water when charging. Ensure the shaver is dry before connecting to the charging cable.
- The shaver is waterproof and suitable for wet use, including under the shower, but must not be charged in wet conditions.

## 3. WHAT'S INCLUDED

---

Your Philips Norelco Shaver 7600 package includes the following components:

- Electric Shaver (Model S7886/84)
- Travel Case
- Quick Clean Pod
- Philips Norelco Quick Clean Pod Cartridge (160mL / 5.41 fl oz)
- Cleaning Brush
- USB-A Charging Cable (wall power adapter not included)

## **4. SETUP AND CHARGING**

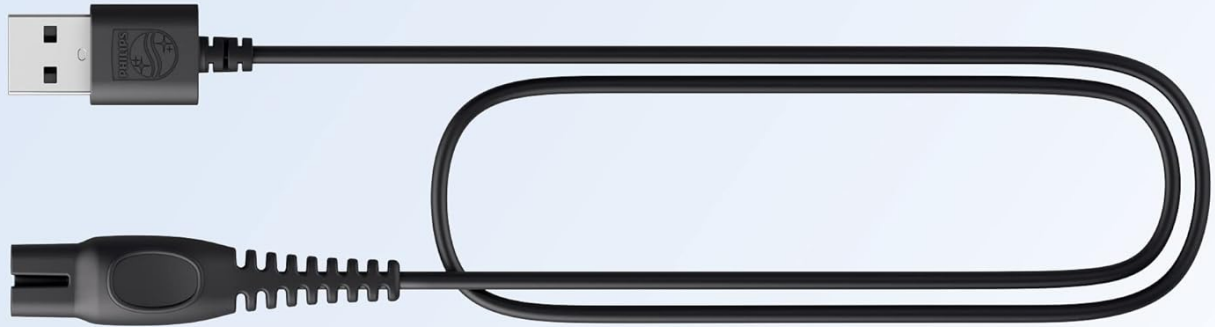

---

### **4.1 Initial Charge**

Before the first use, ensure your shaver is fully charged to optimize battery performance.

1. Connect the provided USB-A charging cable to the shaver and a compatible USB power source (e.g., a wall adapter, computer USB port).
2. Allow the shaver to charge for approximately 1 hour for a full charge.
3. For a quick shave, a 5-minute charge provides enough power for one full shave.

# USB-A charging cable

This product comes with a USB-A charging cable (wall adapter not included).

## 5. OPERATING INSTRUCTIONS

### 5.1 Basic Shaving

1. Press the power button to turn on the shaver.
2. Gently move the shaver in circular motions over your skin. The 360° flexible heads will adapt to your facial contours for optimal contact.
3. The integrated SenseIQ technology and motion-sensing feature will guide you to an improved shaving technique, indicating correct pressure and motion for fewer passes and better skin protection.
4. After shaving, press the power button again to turn off the shaver.

### 5.2 Wet & Dry Shaving

The Philips Norelco Shaver 7600 is designed for both dry and wet shaving, offering flexibility for your grooming routine.

- **Dry Shave:** For a quick and convenient shave, use the shaver on dry skin.
- **Wet Shave:** For a refreshing and comfortable shave, you can use the shaver with shaving gel or foam. It is also safe to use the shaver under the shower.

Shave wet or  
dry with  
foam or gel

100% Shower  
proof

Image 4: The shaver can be used for a refreshing wet shave with foam or gel.

### 5.3 Using the Pop-up Trimmer

The integrated pop-up precision trimmer is ideal for detailing and maintaining specific areas.

- To activate the trimmer, slide the switch located on the back of the shaver upwards.
- Use the trimmer to shape your mustache, trim sideburns, or define beard lines.
- After use, slide the switch downwards to retract the trimmer.

Ideal for  
maintaining  
a mustache  
or trimming  
sideburns

#### 5.4 Key Technologies

- **Nano SkinGlide Coating:** Features up to 250,000 micro-tech beads per square centimeter, enhancing glide on the skin by up to 30% to minimize irritation.

250,000  
micro-beads  
per cm for  
less friction  
and better  
skin  
protection

- **SteelPrecision Blades:** Deliver up to 90,000 cutting actions per minute. The 45 self-sharpening blades are designed for a close shave, cutting more hair per stroke.

Powerful,  
yet gentle  
performance  
with fewer  
passes.

**SteelPrecision  
Blades**

## 6. MAINTENANCE

### 6.1 Cleaning the Shaver

Regular cleaning ensures optimal performance and hygiene.

- **Quick Rinse:** After each use, you can rinse the shaver head under running water. Ensure the shaver is turned off before rinsing.
- **Quick Clean Pod:** For a more thorough cleaning, place the shaver in the Quick Clean Pod. The pod uses a specialized cartridge to clean, lubricate, and refresh your shaver. Follow the instructions provided with the Quick Clean Pod for detailed usage.

Image 11: Shaver in the Quick Clean Pod for automatic cleaning.

## 6.2 Storage

Store your shaver properly to protect it from damage.

- After cleaning and drying, store the shaver in the provided travel case.
- Keep the shaver in a cool, dry place, away from direct sunlight and extreme temperatures.

## 7. TROUBLESHOOTING

If you encounter issues with your Philips Norelco Shaver 7600, refer to the following common solutions:

- **Shaver does not turn on:** Ensure the shaver is fully charged. Connect it to the charging cable and allow sufficient time for charging.
- **Reduced shaving performance:** Clean the shaver heads thoroughly. If performance does not improve, the shaving heads may need replacement. Refer to the Philips Norelco website for replacement parts.
- **Skin irritation:** Ensure you are using the correct shaving technique (gentle circular motions, not excessive pressure). Consider using a wet shave with gel or foam for increased comfort.
- **Charging indicator not working:** Verify that the charging cable is securely connected to both the shaver and the power source. Try a different USB power source if available.

For persistent issues not covered here, please contact Philips Norelco customer support.

## 8. SPECIFICATIONS

Feature	Detail
---------	--------

Model Name	Philips Norelco Shaver 7600
Item Model Number	S7886/84
