Cecotec Bamba PrecisionCare 5-in-1 Rotary and Multifunction Shaver User Manual

Model: 04332

INTRODUCTION

The Cecotec Bamba PrecisionCare 5-in-1 Rotary and Multifunction Shaver is designed for efficient hair removal from both the face and body. This versatile device features multiple interchangeable heads and accessories to cater to various grooming needs. Its IPX5 water resistance allows for easy cleaning and use in wet conditions. Equipped with a 500 mAh lithium battery, it offers up to 90 minutes of cordless operation after a 120-minute charge, with convenient LED indicators for battery status.

SAFETY WARNINGS

- Always keep the shaver away from water while it is charging.
- Do not use the shaver near water if it is connected to the power adapter.
- Clean the shaver after each use and allow it to dry completely before storing it.
- Exercise caution when handling the blades to prevent cuts or injuries.
- Always adhere to the instructions provided in this user manual for safe and optimal operation of the device.

PACKAGE CONTENTS

Verify that all components are present in the package:

- 1 x Multifunction Shaver unit
- 4 x Interchangeable Heads (Rotary Shaving Head, Body Shaving Head, Nose and Ear Trimmer, Beard Trimmer)
- 1 x Adjustable Comb (1-10 mm)

- 1 x Power Adapter
- 1 x Oil Bottle
- 1 x Cleaning Brush
- 1 x Charging Base
- 1 x Instruction Manual

PRODUCT OVERVIEW AND FEATURES

The Bamba PrecisionCare shaver offers a comprehensive grooming solution with its 5-in-1 design. Key features include:

- **Versatile 5-in-1 Functionality:** Designed for full-body hair removal, including facial and body hair, with various heads and accessories.
- **IPX5 Water Resistance:** Ensures easy cleaning and maintenance under running water.
- **Long-lasting Lithium Battery:** A 500 mAh lithium battery provides 90 minutes of cordless use after a 120-minute charge. Features LED indicators for charge and usage status.
- **Specialized Shaving Heads:** Includes a rotary shaving head with three floating heads for a close shave, and a body shaving head with a silicone band for sensitive skin protection.
- **Durable Stainless Steel Blades:** High-resistance, long-lasting sharp blades prevent pulling and ensure a comfortable experience.

SETUP

Charging the Device

1. Before first use, fully charge the shaver.
2. Connect the power adapter to the charging base and plug it into a power outlet.
3. Place the shaver onto the charging base. The LED indicator will illuminate to show that the device is charging.
4. A full charge takes approximately 120 minutes and provides up to 90 minutes of cordless operation.
5. Once fully charged, disconnect the adapter from the power outlet and remove the shaver from the base.

Attaching and Detaching Heads

- To attach a head, align the head with the shaver body and press firmly until it clicks into place.
- To detach a head, gently pull it away from the shaver body. Refer to the specific head for any release buttons or mechanisms.

OPERATING INSTRUCTIONS

General Use

- Ensure the shaver is charged before use.
- Press the power button to turn the shaver on or off.
- The shaver can be used for both wet and dry shaving due to its IPX5 rating. For wet shaving, apply shaving foam or gel.

Using the Rotary Shaving Head

- Attach the rotary shaving head to the shaver body.
- Move the shaver in small, circular motions over the skin.
- Stretch the skin with your free hand to ensure a close shave, especially in difficult areas.

Using the Body Shaving Head

- Attach the body shaving head.
- Move the shaver against the direction of hair growth for best results.
- The silicone band helps protect sensitive skin during use.

Using the Nose and Ear Trimmer

- Attach the nose and ear trimmer head.
- Gently insert the trimmer tip into the nostril or ear canal.
- Move it slowly to trim unwanted hair. Do not insert too deeply.

Using the Beard Trimmer with Adjustable Comb

- Attach the beard trimmer head.
- Slide the adjustable comb onto the beard trimmer head.
- Select the desired length (1-10 mm) by adjusting the comb.
- Move the trimmer against the direction of hair growth for an even trim.

MAINTENANCE

Cleaning

- After each use, turn off the shaver and detach the head.
- Rinse the head and the shaver body under running water. The IPX5 rating allows for easy cleaning.
- Use the provided cleaning brush to remove any trapped hairs from the blades and internal components.
- Allow all parts to air dry completely before reassembling or storing the shaver.

Blade Care

- Periodically apply a small drop of the included oil to the blades to maintain their sharpness and ensure smooth operation.
- Do not use abrasive cleaners or harsh chemicals on the shaver or its blades.

TROUBLESHOOTING

- **Device does not turn on:** Ensure the shaver is fully charged. Check if the power button is pressed correctly.

- **Poor shaving performance:** Clean the blades thoroughly. Ensure the correct head is attached for the desired grooming task. Blades may need oiling.
- **Charging issues:** Verify that the power adapter is securely connected to both the charging base and the power outlet. Ensure the shaver is correctly placed on the charging base.
- **Excessive noise or vibration:** Check if the head is properly attached and secured. Clean any hair or debris that might be obstructing the moving parts.

SPECIFICATIONS

Model Number	04332
Brand	Cecotec
Product Dimensions	4.56 x 5.5 x 16 cm
Weight	170 g
Power Source	Battery
Battery Type	Lithium, 500 mAh
Battery Life	Up to 90 minutes
Charging Time	Approx. 120 minutes
Water Resistance	IPX5 (Waterproof)
